**Longing for My Child** Christine O'Keeffe Lafser,2010-06      **Brothers and Sisters** Henry Abramovitch,2014-11-18

Growing up we typically spend more time with our brothers and sisters than we do with our parents In an age of divorce mobility and alienation the sibling bond is often the only one that really lasts Given that brothers and sisters are such a fundamental aspect of human existence it is remarkable that they have received so little in depth attention in the field of psychology Henry Abramovitch s *Brothers and Sisters* explores the tension between the myth and reality of brothers and sisters in a variety of cultures and through the poignant brother sister stories in the Bible Abramovitch looks at the developmental sequence in the sibling relationship as brothers or sisters struggle to find their place with each other concluding with a very personal account of his own relationship with his brother and sister      What Forever Means After the Death of a Child Kay Talbot,2013-05-13 List of Tables List of Figures Series Editor s Foreword Preface Prologue Acknowledgements What It Means to Be a Parent After a Child Had Died The Mothers Now Childless Study Research Design and Findings When a Child Dies Does Grieving Ever End One Death A Thousand Strands of Pain Finding the Meaning of Suffering Bereaved Parents Search for Understanding The Paradox of Healing Confronting a Spiritual Crisis Where is God When Bad Things Happen Confronting an Existential Crisis Can Life Have Purpose Again Deciding to Survive Reaching Bottom Climbing Up Remembering With Love Bereaved Parents as Biographer Reaching Out to Help Others Wounded Healers Reinventing the Self Parents Ask Who Are We Now The Legacy of Loss References Resources Appendices Index

**Recovering from the Loss of a Sibling** Katherine Fair Donnelly,2000-07-24 A book of hope and healing Recovering From the Loss of a Sibling is the first book for those who have experienced the death of a brother or sister It addresses the many questions fears and feelings of surviving siblings of all ages such as Will this soon happen to me It should have been me Why wasn t it God must have punished me for the time when I was so mean to my brother My sister was my parents favorite and I don t seem to count to them At work they have no idea what I m going through They think I m just a sibling All the focus is on my parents not my grief When a brother or sister dies surviving siblings may receive little support or even recognition of their pain Parents are so grief stricken at the loss of a child that they often find themselves unable to cope with the needs of their surviving children With family and friends concentrating on the parents tragedy the suffering of siblings often goes unnoticed These intimate true stories provide valuable insight demonstrating that the reader is not alone and that others have gone through this devastating experience and have survived In these pages sisters and brothers share their innermost feelings wanting others to gain comfort from their experiences The book also serves as a compassionate aid to friends co workers teachers family members and the helping professions      Hospice Care for Children Ann Armstrong-Dailey,Sarah F. We hope that the lives of all children will be filled with possibility, with open horizons and rainbows into the future. Children with serious illnesses, their families and those who care for them confront the realization that not everything is possible. That despite dramatic scientific and medical advances, the lifespan of some children will be shortened. This threat of premature loss heightens the sense of time for children and families alike and challenges clinicians to create new pathways of hope for them. **How to Talk to Kids About Anything** Robyn Silverman PhD, 2023-10-10. THE NATIONAL BESTSELLER. A step by step guide to answering your kids' toughest questions. When people die, where do they go? Why is her skin darker than mine? But how does the baby get in there? Don't panic. While we know that the first step to connecting deeply with our kids is being able to communicate, empathize and answer their biggest queries, what do you do when that tricky to answer question comes out of the blue? Sometimes we just don't know what to say, so we simply change the subject or give a quick throwaway answer and hope it doesn't come up again. Dr. Robyn Silverman, host of the How to Talk to Kids About Anything Parenting Podcast, gets it. A child development specialist and mom, she'll stick with you every step of the way. In this book, Dr. Robyn takes you through the whole spectrum of kids' curious questions, giving you the strategies and scripts to prepare you for life's most challenging conversations. That way, your kids get age appropriate information straight from you, their trusted source, rather than from peers, the media or the internet. You'll learn how to develop calm, well thought out answers to tricky questions on subjects including Death, Sex, Friendship, Divorce, Money, and more. Drawing on the expertise of dozens of well known experts, Dr. Robyn's decades of working with children and teens and her personal experience as a mom, *How to Talk to Kids About Anything* is a vital resource for parents who value having honest, meaningful conversations with their kids. When you just can't find the right words, this book will be your guide to talking to your kids about anything as they grow from toddlers to teens and beyond.
