reference guide not only for specialists but general readers as well      **British Political Leaders** Keith Laybourn, 2001-08-16 This A Z biographical dictionary profiles Britain's prime ministers foreign secretaries home secretaries and Chancellors of the Exchequer from 1730 through the present all in clear concise language These leaders guided the nation through the loss of empire through two devastating world wars and into a new role as members of the European Union In clear accessible language this new dictionary shows how in the 18th century and to a lesser extent in the 19th century many of Britain's top leaders were linked more closely by family and factional interests than by party It also illustrates and helps to explain the rise of the Labour Party and the emergence of New Labour      **Forging the Franchise** Dawn Langan Teele, 2018-09-18 The important political motivations behind why women finally won the right to vote In the 1880s women were barred from voting in all national level elections but by 1920 they were going to the polls in nearly thirty countries What caused this massive change Why did male politicians agree to extend voting rights to women Contrary to conventional wisdom it was not because of progressive ideas about women or suffragists pluck In most countries elected politicians fiercely resisted enfranchising women preferring to extend such rights only when it seemed electorally prudent and in fact necessary to do so Through a careful examination of the tumultuous path to women's political inclusion in the United States France and the United Kingdom Forging the Franchise demonstrates that the formation of a broad movement across social divides and strategic alliances with political parties in competitive electoral conditions provided the leverage that ultimately transformed women into voters As Dawn Teele shows in competitive environments politicians had incentives to seek out new sources of electoral influence A broad based suffrage movement could reinforce those incentives by providing information about women's preferences and an infrastructure with which to mobilize future female voters At the same time that politicians wanted to enfranchise women who were likely to support their party suffragists also wanted to enfranchise women whose political preferences were similar to theirs In contexts where political rifts were too deep suffragists who were in favor of the vote in principle mobilized against their own political emancipation Exploring tensions between elected leaders and suffragists and the uncertainty surrounding women as an electoral group Forging the Franchise sheds new light on the strategic reasons behind women's enfranchisement      **Longman Companion to Slavery, Emancipation and Civil Rights** Harry Harmer, 2014-06-11 This Companion provides the essential background to the defining fate of the African diaspora in the Americas and the Caribbean from the 15th to the 20th centuries Central to the book are detailed chronologies on the development and decline of the slave trade slavery in colonial North and South America the Caribbean and the United States movements for emancipation and the progress of black civil rights Separate sections look at the long running resistance against slavery and the black civil rights movements in the Americas and the Caribbean with a comparative chronology of apartheid in South Africa Supported by biographies of over 100 key individuals and a full glossary providing definitions of crucial terms expressions ideas and events this is required reading for anyone
