Evaporating Genres Gary K. Wolfe, 2012-01-01 A series of provocative essays on how the fantastic genres evolve and grow In this wide ranging series of essays an award winning science fiction critic explores how the related genres of science fiction fantasy and horror evolve merge and finally evaporate into new and more dynamic forms Beginning with a discussion of how literary readers unlearned how to read the fantastic during the heyday of realistic fiction Gary K Wolfe goes on to show how the fantastic reasserted itself in popular genre literature and how these genres themselves grew increasingly unstable in terms of both narrative form and the worlds they portray More detailed discussions of how specific contemporary writers have promoted this evolution are followed by a final essay examining how the competing discourses have led toward an emerging synthesis of critical approaches and vocabularies The essays cover a vast range of authors and texts and include substantial discussions of very current fiction published within the last few years

Look at the Evidence John Clute, 2016-11-24 For more than 50 years John Clute has been reviewing science fiction and fantasy *Look at the Evidence* is a collection of reviews from a wide variety of sources including *Interzone* the *New York Review of Science Fiction* and *Science Fiction Weekly* about the most significant literatures of the twenty first century science fiction fantasy and horror the literatures Clute argues should be recognized as the central modes of fantastika in our times It covers the period between 1987 and 1992

Pardon This Intrusion John Clute, 2016-11-24 *Pardon This Intrusion* gathers together 47 pieces by John Clute some written as long ago as 1985 though most are recent The addresses and essays in Part One *Fantastika in the World Storm* all written in the twenty first century reflect upon the dynamic relationship between fantastika an umbrella term Clute uses to describe science fiction horror and fantasy and the world we live in now Of these pieces Next a contemporary response to 9 11 has not been revised everything else in Part One has been reworked sometimes extensively Parts Two Three and Four include essays and author studies and introductions to particular works as they are mostly recent Clute has felt free to rework them where necessary The few early pieces including *Lunch with AJ* and the *WOMBATS* a response to the Scientology scandal at the Brighton WorldCon in 1987 are unchanged
