Brucker,2000-11-20 In Beyond Mammoth Cave A Tale of Obsession in the World s Longest Cave James D Borden and Roger W Brucker provide gripping first person accounts of the discoveries including Roppel Cave that made Kentucky s Mammoth Cave three times longer than any other cave in the world Borden a relative newcomer and Brucker a veteran explorer bring a personal and sometimes conflicting view of their roles as adversaries in a race that lasted from 1972 through 1983 to find big cave They describe hazardous adventures precarious climbs and close calls from falling rocks The perils are many and the trek arduous as they squirm through muddy tubes wade in neck deep cold water and crawl over sharp rocks and gritty sand

Theirs is a tale of agonizing endurance spiced by spectacular discoveries But the cave was not the sole obstacle The explorations were complicated by political intrigue and the rivalry between the Kentucky based Cave Research Foundation and the Central Kentucky Karst Coalition each seeking to make discoveries and hide secrets Extreme stress of course evoked extreme behavior ranging from selfishness to sacrifice from outrageous humor to the deadly serious response Beyond Mammoth Cave includes maps by Patricia Kambesis that show the progression of cave discoveries in relation to the topography Original line drawings by well known illustrator Linda Heslop capture the dark mystery of the exploration The book features five black and white photographs as a color gallery of photographs A sequel to *The Longest Cave* by Brucker and Richard A Watson this book is a comprehensive update of the speleological investigations in the Mammoth Cave region Brucker s involvement provides continuity to the investigation

The Musick of the

Mocking Birds, the Roar of the Cannon William Winters, 1998-01-01 William Winters was unlike most of the young soldiers who answered the Union's appeal for men in 1861 and 1862. He was different from many of his comrades in age and point of view and his war service was also out of the ordinary. The last great surge of popular voluntary enlistment swept up Winters, a thirty-two-year-old saddle and harness maker and father of three from Indiana. Like so many others in the Civil War, Winters was a prolific correspondent and through his letters we have a record of some lesser-known campaigns. Winters served in the siege of Vicksburg and in the Red River Campaign frequently as a nurse, a role that emphasized for him the darker side of the war. These letters and journal entries show a sensitive man who reflects upon both the loveliness of the southern locales in which he found himself and the hideousness of war.

Isolation Shepherd Iain Thomson, 2011-05-01 In August 1956 a young shepherd, his wife, two-year-old daughter and ten-day-old son sat huddled in a small boat on Loch Monar in Ross-shire as a storm raged around them. They were bound for a tiny remote cottage at the western end of the loch which was to be their home for the next four years. *Isolation Shepherd* is the moving story of those years. Set against the awesome splendour of some of Scotland's most spectacular scenery, Iain R. Thomson's classic book provides a sensitive, richly detailed account of the shepherd's life through the seasons and recreates the events that shaped the family's life in Glen Strathfarrar before the area was flooded as part of a huge hydro-electric project.

Trinity Michael Dugan, 2011-12-20 When pets start disappearing on the west side of the sleepy remote Montana town of Trinity, folks figure there's a young or injured mountain lion looking for easy pickings. Or perhaps a coyote running around. When a young man is found ripped to pieces by what had to be something as big as a Grizzly bear inside a building, folks get worried. When a Grizzly is found ripped to pieces, folks get scared.
