New York Times Book Review Editors Choice The remarkable story of the intrepid French archaeologist who led the international effort to save ancient Egyptian temples from the floodwaters of the Aswan Dam by the New York Times bestselling author of Madame Fourcade s Secret War A female version of the Indiana Jones story Christiane Desroches Noblecourt was a daredevil whose real life antics put Hollywood fiction to shame The Guardian In the 1960s the world s attention was focused on a nail biting race against time the international campaign to save a dozen ancient Egyptian temples from drowning in the floodwaters of the gigantic new Aswan High Dam But the coverage of this unprecedented rescue effort completely overlooked the daring French archaeologist who made it all happen Without the intervention of Christiane Desroches Noblecourt the temples including the Temple of Dendur now at New York s Metropolitan Museum of Art would currently be at the bottom of a vast reservoir It was an unimaginably complex project that required the fragile sandstone temples to be dismantled and rebuilt on higher ground Willful and determined Desroches Noblecourt refused to be cowed by anyone or anything As a member of the French Resistance in World War II she survived imprisonment by the Nazis in her fight to save the temples she defied two of the most daunting leaders of the postwar world Egypt s President Abdel Nasser and France s President Charles de Gaulle As she told one reporter You don t get anywhere without a fight you know Desroches Noblecourt also received help from a surprising source Jacqueline Kennedy America s new First Lady persuaded her husband to help fund the rescue effort After a century and a half of Western plunder of Egypt s ancient monuments Desroches Noblecourt helped instead to preserve a crucial part of that cultural heritage
