Making Marriage Modern Christina Simmons, 2009-04-10 The nineteenth century middle class ideal of the married woman was of a chaste and diligent wife focused on being a loving mother with few needs or rights of her own The modern woman by contrast was partner to a new model of marriage one in which she and her husband formed a relationship based on greater sexual and psychological equality In Making Marriage Modern Christina Simmons narrates the development of this new companionate marriage ideal which took hold in the early twentieth century and prevailed in American society by the 1940s The first challenges to public reticence to discuss sexual relations between husbands and wives came from social hygiene reformers who advocated for a scientific but conservative sex education to combat prostitution and venereal disease A more radical group of feminists anarchists and bohemians opposed the Victorian model of marriage and even the institution of marriage Birth control advocates such as Emma Goldman and Margaret Sanger openly championed women's rights to acquire and use effective contraception The companionate marriage emerged from these efforts This marital ideal was characterized by greater emotional and sexuality intimacy for both men and women use of birth control to create smaller families and destigmatization of divorce in cases of failed unions Simmons examines what she calls the flapper marriage in which free spirited young wives enjoyed the early years of marriage postponing children and domesticity She looks at the feminist marriage in which women imagined greater equality between the sexes in domestic and paid work and sex And she explores the African American partnership marriage which often included wives employment and drew more heavily on the involvement of the community and extended family Finally she traces how these modern ideals of marriage were promoted in sexual advice literature and marriage manuals of the period Though male dominance persisted in companionate marriages Christina Simmons shows how they called for greater independence and satisfaction for women and a new female heterosexuality By raising women's expectations of marriage the companionate ideal also contained within it the seeds of second wave feminists demands for transforming the institution into one of true equality between the sexes

Marriage Discourses Jowan A.

Mohammed, Frank Jacob, 2021-11-22 Marriage was historically not only a romantic ideal but a tool of exploitation of women in many regards Women were often considered commodities and marriage was far away from the romantic stereotypes people relate to it today While marriages served as diplomatic tools or means of political legitimization in the past the discourses about marital relationships changed and women expressed their demands more openly Discourses about marriage in history and literature naturally became more and more heated especially during the long 19th century when marriages were contested by social reformers or political radicals male and female alike The present volume provides a discussion of the role of marriage and the discourses about in different chronological and geographical contexts and shows which arguments played an important role for the demand for more equality in marital relationships It focuses on marriage discourses may they have been legal or rather socio political ones In addition the disputes about marriage in literary works of the 19th and 20th centuries are presented to complement the historical debates Anarchism & Sexuality Jamie Heckert, Richard Cleminson, 2011-10-20 Anarchism between sexual desires categorised as heterosexual or homosexual between seemingly mutually exclusive activism and scholarship between forms of expression such as poetry and prose and between disciplinary categories of knowledge Anarchism to make a queer and feminist intervention within the most recent wave of anarchist scholarship and to make a queerly anarchist contribution to social justice literature policy and practice By mingling prose and poetry theory and autobiography it constitutes a gathering place to explore the interplay between sexual and social transformation This book will be of use to those interested in anarchist movements cultural studies critical legal theory gender studies and queer and sexuality studies *Making Communism Hermeneutical* Silvia Mazzini, Owen Glyn-Williams, 2017-09-04 This book aims to provide fresh perspectives on Vattimo and Zabala's groundbreaking foundational text *Hermeneutic Communism* from 2011 The contributors to this collection of essays explore various facets of Vattimo and Zabala's anarchic hermeneutics and weak communism in order to investigate the concepts resulting from them such as framed democracies armed capitalism and conservative impositions Vattimo and Zabala's text is one of the most innovative contributions to the current debate on Communism in which authors such as Badiou Negri and Rancière have been the protagonists so far The unique and original contribution of Vattimo and Zabala's position consists in letting politics evolve from one of the anarchic origins of hermeneutics the end of truth This triggers the essential question of how far politics is possible without truth One of the essential methodologically innovative characteristics of this collection is its dialogical hermeneutical form which is achieved by inserting Vattimo and Zabala's personal reactions to each essay in the book By responding to each chapter in turn Vattimo and Zabala establish a hermeneutic dialogue with the contributors Thus hermeneutics will not only be a central topic but also an epistemological concrete application of Vattimo and Zabala's theories An indispensable critical tool for students researchers professors activists and general readers interested in the philosophical and political debate on Communism which encompasses a wide variety of disciplines such as philosophy

political science sociology postcolonial studies critical theory and Latin American studies Offering an innovative first analysis of the new concepts of Hermeneutic Communism this book represents a vital contribution to the understanding of the intriguing interrelation between philosophical hermeneutics and political communism A very much needed and refreshing perspective for all those interested in rethinking radical politics beyond both political Eurocentrism and philosophical imperialism Chiara Bottici New School of Social Research and author of Imaginal Politics The book offers much food for thought both for those who have given up hope and for those who have been fighting for a better world for some time The contributions to Making Communism Hermeneutical may be seen as step in the direction of a much needed change in thinking David Block ICREA Research Professor in Sociolinguistics Universitat de Lleida

The End of Illusions Joseph Loconte, 2004-10-01 The rise of Islamic radicalism has led to heated discussions about how best to address the threat of religious terror Disputes covering the right and wrong of war with Iraq and the even bigger war on terrorism continue to rage across America But this is not the first argument of this nature America was faced with a similar moral dilemma on the eve of World War II Fascism was conquering Europe and religious leaders across the nation vehemently debated how to confront Nazi Germany In *The End of Illusions Religious Leaders Confront Hitler's Gathering Storm* Joseph Loconte brings together pieces from the most significant religious thinkers of the pre war period In these essays the writers eloquently and passionately present their arguments for going to war or maintaining the peace In doing so they explore issues vibrantly relevant today including the Christian cause for war the problem of evil and America's role in the world These urgently written pieces connect the past with the present and resonate with renewed clarity and poignancy

Emma Goldman Frank Jacob, 2024-08-06 Emma Goldman's life and work offer countless perspectives for study and analysis As an anarchist activist she always attacked any form of inequality and was a lifelong agent for freedom Goldman who lived a transnational life in her writings and actions offers a kaleidoscopic image of the injustices of her time while they emphasize her hopes and dreams for a better future at the same time The present book which is a collection of essays about this transnational life of an important anarchist consequently offers a glimpse into Goldman's personal and political kaleidoscope It shows how she thought about revolutions in general and the Russian Revolution in particular while it also highlights that even an anarchist had to work according to capitalist rules to survive In addition Goldman's activities to criticize gender norms and her perception as a female radical are elements that are discussed as well The collection thereby offers a critical insight into the many facets of Emma Goldman's life and impact in the late 19th and early 20th centuries
