

SWEET ROMANCE

A romantic illustration of a man and a woman in a close embrace, about to kiss. The woman has long, wavy brown hair and is looking towards the viewer with a slight smile. The man has dark, wavy hair and is leaning in towards her. They are both wearing elegant clothing. The background is a soft, warm glow with bokeh light effects, suggesting an evening setting. The overall color palette is dominated by warm tones like pink, orange, and gold.

He's so handsome...

Kiss him

Insult him

Love And Games:

Game Love Jessica Enevold, Esther MacCallum-Stewart, 2015-01-09 What does love have to do with gaming As games have grown in complexity they have increasingly included narratives that seek to engage players with love in a variety of ways While media attention often focuses on violent emotions and behavior in gaming love has always been central to the experience We love to play games we have titles that we love and sometimes we love too much or love terrible games for their shortcomings Love in gaming is rather like love in life often complicated and frustrating but also exciting and gratifying This collection of fresh essays explores the meaning and role of love in gaming describing a number of ways from coding to cosplay in which love can be expressed in for and around games Investigating how gaming involves love is also key to understanding the growing importance of games and gamers as cultural markers **Love and Electronic Affection**

Lindsay Grace, 2020-04-30 *Love and Electronic Affection A Design Primer* brings together thought leadership in romance and affection games to explain the past present and possible future of affection play in games The authors apply a combination of game analysis and design experience in affection play for both digital and analog games The research and recommendations are intersectional in nature considering how love and affection in games is a product of both player and designer age race class gender and more The book combines game studies with game design to offer a foundation for incorporating affection into playable experiences The text is organized into two sections The first section covers the patterns and practice of love and affection in games explaining the patterns and practice The second section offers case studies from which designers can learn through example *Love and Electronic Affection A Design Primer* is a resource for exploring how digital relationships are offered and how to convey emotion and depth in a variety of virtual worlds This book provides A catalog of existing digital and analog games for which love and affection are a primary or secondary focus A catalog of the uses of affection in games to add depth and investment in both human computer and player to player engagement Perspective on affection game analyses and design using case studies that consider the relationship of culture and affection as portrayed in games from large scale studios to single author independent games Analysis and design recommendations for incorporating affection in games beyond romance toward parental love affection between friends and other relationships Analysis of the moral and philosophical considerations for historical and planned development of love and affection in human computer interaction An intersectionality informed set of scholarly perspectives from the Americas Eurasia and Oceania Editor Bio Lindsay D Grace is Knight Chair of Interactive Media and an Associate Professor at the University of Miami School of Communication He is Vice President for the Higher Education Video Game Alliance and the 2019 recipient of the Games for Change Vanguard award Lindsay is author of *Doing Things with Games Social Impact through Design* and more than fifty peer reviewed papers on games and related research He has given talks at the Game Developers Conference SXSW Games for Change Festival the Online News Association the Society for News Design and many other industry events He was the founding director of the

American University Game Lab and Studio and the designer developer behind several award winning games including two affection games He served as Vice President and on the board of directors for the Global Game Jam™ non profit between 2014 and 2019 From 2009 to 2013 he was the Armstrong Professor at Miami University s School of Art Lindsay also served on the board for the Digital Games Research Association DiGRA between 2013 and 2015 **Love Game** Elizabeth

Wilson,2016-05-06 A journey through the history culture and mystique of tennis from an original and provocative mind The Wall Street Journal If you ve watched Rafael Nadal spin a forehand at 4000 rpm Maria Sharapova arabesque out of a serve Serena Williams utterly destroy a short ball or Roger Federer touch a volley into an impossibly angled winner you know how exciting tennis can be This book reveals the long history and unique culture behind the sport With a penchant for tennis s inherent drama historian Elizabeth Wilson finds its core a psychological face off between flamboyant personalities navigating the ebbs and flows of fortune in the confines of a 78 x 36 foot box whether of clay grass or DecoTurf Walking the finely kempt lawns of Victorian England she shows how tennis s early role as a social pastime that included both men and women and thus lots of sexual tension set it apart from most other sports and their dominant masculine appeal Even today when power and endurance are more important than ever tennis still demands that the body behave gracefully and with finesse In this way Wilson shows tennis has retained the vibrant spectacle of human drama and beauty that have always made it special not just to sports fans but to popular culture Telling the stories of all the greats from the Renshaw brothers to Novak Djokovic and of all the advances from wooden racquets to network television schedules Wilson offers a tennis book like no other keeping the court square in our sights as history is illuminated around it A sporting history unlike any I ve read one that in its sophistication and thoughtfulness shows up the hollowness of most other accounts Observer **Love Games: Decoding**
