Saint Augustine (of Hippo)

Love In A Proper City:

Selected Philosophical Writings Saint Thomas (Aquinas), 1998 St Thomas Aquinas 1225 1274 saw religion as part of the natural human propensity to worship His ability to recognize the naturalness of this phenomenon and simultaneously to go beyond it to explore spiritual revelation makes his work fresh and highly readable today While drawing on a strong distinction between theology and philosophy Aquinas interleaved them intricately in his writings which range from an examination of the structures of thought to the concept of God as the end of all things This accessible new translation chooses substantial passages not only from the indispensable *Summa Theologicae* but from many other works fully illustrating the breadth and progression of Aquinas's philosophy

The City of God St. Augustine of Hippo, 2012 This volume is accurately annotated including an extensive biography of the author and his life working interactive footnotes *De Civitate Dei* full title *De Civitate Dei contra Paganos* translated in English as *The City of God* is a book of Christian philosophy written in Latin by Augustine of Hippo in the early 5th century AD It is one of Augustine's major works standing alongside his *The Confessions* *On Christian Doctrine* and *On the Trinity* Augustine is considered the most influential Father of the Church in Western Christianity and *The City of God* profoundly shaped Western civilization Augustine wrote the treatise to explain Christianity's relationship with competing religions and philosophies as well as its relationship with the Roman government with which it was increasingly intertwined It was written soon after Rome was sacked by the Visigoths in 410 This event left Romans in a deep state of shock and many saw it as punishment for abandoning traditional Roman religion for Catholic Christianity It was in this atmosphere that Augustine set out to console Christians writing that even if the earthly rule of the Empire was imperiled it was the City of God that would ultimately triumph Augustine's eyes were fixed on Heaven a theme of many Christian works of Late Antiquity from wikipedia.com
