Love Sex Feminism:

Love, Sex, & Feminism John Wilson, 1980 **Love, Sex, and Feminism** John Wilson, 1994 This work tackles the basic problems that lie at the root of sexual relationships and issues raised by feminism love sex aggression justice between the sexes and sexual differences It aims to clarify the concepts involved from a neutral philosophical standpoint Love Lives Carol Dyhouse, 2021-02-11 The story of how women's lives loves and dreams have been re shaped since 1950 the year of Walt Disney's Cinderella and a time when teenage girls dreamed of marriage Mr Right and happy endings Cinderella stories captured the imagination of girls in the 1950s when dreams of meeting the right man could seem like a happy ending a solution to life's problems But over the next fifty years women's lives were transformed not by the magic wand of a fairy godmother nor by marrying princes but by education work birth control and feminism However while widening opportunities for women were seen as progress feminists were regularly caricatured as man haters cast in the role of ugly sisters witches or wicked fairies in the fairy tale This book is about the reshaping of women's lives loves and dreams since 1950 the year in which Walt Disney's film Cinderella gave expression to popular ideas of romance and at a time when marriage was a major determinant of female life chances and teenage girls dreamed of Mr Right and happy endings It ends with the runaway success of Disney's Frozen in 2013 a film with relevance to very different times Along the way it illuminates how women's expectations and emotional landscapes have shifted asking bold questions about how women's lives have been transformed since 1950 How have women's changing life experiences been mirrored in new expectations about marriage intimacy and family life How have new forms of independence through education and work and greater control over childbearing altered women's life ambitions And were feminists right to believe that sexual equality would improve relationships between men and women Love Anna G. Jónasdóttir, Ann Ferguson, 2013-11-12 This unique timely book of original essays sets the stage for a new materialist feminist debate on the analysis ethics and politics of love The contributors raise questions about social power and domination situating their research in a materialist feminist perspective that investigates love historically in order to understand changing ideologies representations and practices The essays range from studies of particular representations and examples of love feminist translation mass media images and internet love blogs to feminist theories of love and marriage to ethical and political theories describing critiquing or advocating the use of love in groups as a radical force They break new ground in bringing together questions of gendered interests in love temporal dimensions of loving practices and the politics of love in radical transformations of society **Feminism's Empire** Carolyn J. Eichner, 2022-06-15 Feminism's Empire investigates the complex relationships between imperialisms and feminisms in the late nineteenth century and demonstrates the challenge of conceptualizing pro imperialist and anti imperialist as binary positions By intellectually and spatially tracing the era's first French feminists engagement with empire Carolyn J Eichner explores how feminists opposed yet employed approaches to empire in writing speaking and publishing In differing ways they ultimately tied forms of

imperialism to gender liberation Among the era s first anti imperialists French feminists were enmeshed in the hierarchies and epistemologies of empire They likened their gender based marginalization to imperialist oppressions Imperialism and colonialism s gendered and sexualized racial hierarchies established categories of inclusion and exclusion that rested in both universalism and ideas of nature that presented colonized people with theoretical yet impossible paths to integration Feminists faced similar barriers to full incorporation due to the gendered contradictions inherent in universalism The system presumed citizenship to be male and thus positioned women as outsiders Feminism s Empire connects this critical struggle to hierarchical power shifts in racial and national status that created uneasy linkages between French feminists and imperial authorities

The New Women and the Old Men Ruth Brandon,1991-01 Essays and Writings on Love and Women's Issues: The Collection, Vol. I (2012-2019) B. A. Hunter,2025-10-06 This work contains the earliest blog articles from the author written between the years of 2012 2019 Ranging from mere poetic reflections of the author s traditionalist perspectives on love romance and culture to political commentary and legal and historical scholarly essays on the issues of sex and gender roles the author takes a no holds barred attitude persistently ripping into everyone both feminists antifeminists and every ideology in between and taking a decidedly nasty and brutal bite out of the so called manosphere and the blatant hypocrisies inherent in modern day conservatism Never truly on the Right and never truly on the Left and probably pleasing absolutely nobody the reader can easily note the change as the years go by with the articles undergoing a plain transformation from being shorter and relying more heavily on inter peer and social connections to blossoming into mere solitary legal historical scholarly works that span the length of dozens of pages as both the maturity and education of the author deepens A subtle change in perspective and attitude of the author can also be noted where feminism though never proclaimed nor upheld as a social good is blamed less and less over time for all of modern society s ills From Feminism to Liberation Altbach, At the end of the 1960s the women s liberation movement proc laimed the emergence of a new American feminism which would make the leap from feminism to liberation In the second decade of the feminist revival in America the women s movement feels a collective responsibility to make an interim report to record the history of the movement for those who come after its ecstatic beginnings Moreover a decade seems a natural interval to evaluate the errors and the lasting triumphs of this developing movement The End of Love Tamara Tenenbaum,2024-02-08 *Lip Service* Kate Fillion,1996 In *Lip Service* journalist Kate Fillion challenges our cherished convictions about women s natural instincts and shows how our most ingrained beliefs about gender differences actually blind us to the complexities and contradictions in women s and men s behavior More important she demonstrates in powerful terms how confining and self destructive this skewed perspective is for women in all aspects of their lives including office politics their intimate relationships with men their friendships with women and their own self images *Feminism and Postfeminism* Kanwar Dinesh Singh,2004 *BITCHfest* Lisa Miya-Jervis,Andi Zeisler,2006-08-08 Offers an assortment of the most provocative essays reporting rants and raves from

Bitch magazine's first ten years along with new pieces written especially for this collection Women in the Eyes of Philosophy throughout History Mina Wassif, 2025-02-16 Philosophers have always wrestled with the enigma of woman She has been the object of admiration and contempt of longing and fear She is the giver of life yet the bringer of ruin She is the lover the muse the mystery the temptation the companion the distraction the force of nature that bends even the greatest of men No subject has fuelled more poetry inspired more madness or stirred more debate in the hearts of thinkers than the question of woman This book does not concern itself with politics or rights It does not ask whether women should rule whether they should be liberated or how they have fared in society That is the work of historians and political theorists Instead this is a book about how philosophers men and women of thought have viewed the essence of the feminine mind the nature of love and the battle between reason and passion that women have historically symbolized *Sexual Investigations* Alan Soble, 1997-09 Pornography abortion rape sexual discrimination one merely has to open the newspaper or turn on the television to be confronted with sexual issues In *Sexual Investigations* Alan Soble contributes to the discussion by examining the moral political and analytical dimensions of sexuality that form the foundation for these discussions In *Sexual Investigations* Soble takes a rigorous yet user friendly look at a number of topics in the area of human sexuality the nature of sexual activity the ethics of sexual conduct pornography masturbation sexual health perversion date rape prostitution contraception reproduction and both the beauty and the ugliness of the sexual body What Soble asks defines healthy sexuality How firm is the distinction between rape and consensual sex How and when are sexually explicit films and photographs degrading to women This sweeping examination of the philosophical ethical and political issues surrounding human sexuality is as learned and thoughtful as it is entertaining **The League of Exotic Dancers** Kaitlyn Regehr, 2017 The League of Exotic Dancers LED are a group of mid twentieth century burlesque dancers who continue to perform today off the well known strip in Old Vegas Through documentary photography and in depth interviews Regehr and Temperley examine these dancers who like Old Vegas itself keep performing 60 years past their supposed prime *Anarchafeminism* Chiara Bottici, 2021-11-18 How can we be sure the oppressed do not become oppressors in their turn How can we create a feminism that doesn't turn into yet another tool for oppression It has become commonplace to argue that in order to fight the subjugation of women we have to unpack the ways different forms of oppression intersect with one another class race gender sexuality disability and ecology to name only a few By arguing that there is no single factor or arche explaining the oppression of women Chiara Bottici proposes a radical anarchafeminist philosophy inspired by two major claims that there is something specific to the oppression of women and that in order to fight that we need to untangle all other forms of oppression and the anthropocentrism they inhabit Anarchism needs feminism to address the continued subordination of all femina but feminism needs anarchism if it does not want to become the privilege of a few Anarchafeminism calls for a decolonial and deimperial position and for a renewed awareness of the somatic communism connecting all different life forms

on the planet In this new revolutionary vision feminism does not mean the liberation of the lucky few but liberation for all living creatures from both capitalist exploitation and an androcentric politics of domination Either all or none of us will be free

Beautiful TV Greg M. Smith, 2009-03-06 During its five year run from 1997 to 2002 the popular TV show Ally McBeal engaged viewers in debates over what it means to be a woman or a man in the modern workplace how romance factors into the therapeutic understanding of relationships what value eccentricity has and how much oddity society should tolerate and what utility fantasy has in the pragmatic world In addition to these social concerns however Ally McBeal stood out for being well constructed narratively complex and stylistically rich in short beautiful TV Starting from the premise that much of television today is drop dead gorgeous and that TV should be studied for its formal qualities as well as its social impact Greg M Smith analyzes Ally McBeal in terms of its aesthetic principles and narrative construction He explores how Ally s innovative use of music special effects fantasy sequences voiceovers and flashbacks structures a distinctive fictional universe while it also opens up new possibilities for televisual expression Smith also discusses the complex narrative strategies that Ally s creator David E Kelley used to develop a long running storyline and shows how these serial narrative practices can help us understand a wide range of prime time TV serials By taking seriously the art and argument of Ally McBeal Beautiful TV conclusively demonstrates that aesthetic and narrative analysis is an indispensable key for unlocking the richness of contemporary television

New Millennial Sexstyles Carol Siegel, 2000 New Millennial Sexstyles questions the twin feminist orthodoxies that the 1960s sexual revolution failed women and that the sexual attitudes most prominent in current youth cultures are deplorably regressive Comparing the American sexscape she inhabits to the vision of contemporary culture produced by feminist theorists Carol Siegel considers whether the sexual revolution may have succeeded but in ways not recognized by current academic studies of gender and sexuality In discouraging undomesticated heterosexuality academic feminism ignores the connection between mainstream opposition to all unrestrained sexual expression and the growth of new forms of homophobia in our times At the same time the youth subcultures challenges to these views of sexuality and gender have been dismissed as insignificant or misunderstood as sexist In this book they receive more respectful attention Siegel draws on her own experience as a college student to create a personal history of academic feminism s early sympathy with bourgeois values She looks at the development of American sex advice literature and at the reception of such transgressive popular films as Basic Instinct Thelma and Louise and Natural Born Killers to demonstrate that the most profoundly capitalist feminist theories have always been the most culturally authoritative A more encouraging vision emerges in the book s second half where a record of conversations about sex and gender with young people and of their responses to products designed for their consumption takes the reader through some of today s most radical youth cultures and suggests new directions for gender studies

The Oxford Encyclopedia of Women in World History Bonnie G. Smith, 2008 The Encyclopedia of Women in World History captures the experiences of women throughout world

history in a comprehensive 4 volume work Although there has been extensive research on women in history by region no text or reference work has comprehensively covered the role women have played throughout world history The past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the Western world but across the globe Historians have investigated womens daily lives in virtually every region and have researched the leadership roles women have filled across time and region They have found and demonstrated that there is virtually no historical social or demographic change in which women have not been involved and by which their lives have not been affected The Oxford Encyclopedia of Women in World History benefits greatly from these efforts and experiences and illuminates how women worldwide have influenced and been influenced by these historical social and demographic changes The Encyclopedia contains over 1 250 signed articles arranged in an A Z format for ease of use The entries cover six main areas biographies geography and history comparative culture and society including adoption abortion performing arts organizations and movements such as the Egyptian Uprising and the Paris Commune womens and gender studies and topics in world history that include slave trade globalization and disease With its rich and insightful entries by leading scholars and experts this reference work is sure to be a valued go to resource for scholars college and high school students and general readers alike
