Counsel and Strategy in Middle English Romance Geraldine Barnes, 1993 Barnes contends that rule by counsel is central to the ethos of Middle English romance By examining the development of Middle English romance against its background of 13th and 14th century royal baronial conflict this book assumes a new historical perspective Friction between Plantagenet kings and dissident barons contributed to the development of the problem of counsel both as an actuality and as a topos in the literature of the period Rule by counsel an ideal which informs medieval English government at every level is the author argues central to the ethos of Middle English romance The procedural formula of counsel and strategy is tested against a number of romances Ywain and Gawain Havelok Gamelyn Athelston a selection of nine romances from the Auchinleck manuscript and Sir Gawain and the Green Knight By selecting these narratives Geraldine Barnes is able to approach the question of counsel from a number of different angles This is a book which will stimulate considerable interest among scholars of medieval literature GERALDINE BARNES is Senior Lecturer in English Language and Early English Literature at the University of Sydney

Stylistic and Narrative Structures in the Middle English Romances Susan Wittig, 2014-08-27 This volume provides a generic description based on a formal analysis of narrative structures of the Middle English noncyclic verse romances As a group these poems have long resisted generic definition and are traditionally considered to be a conglomerate of unrelated tales held together in a historical matrix of similar themes and characters As single narratives they are thought of as random collections of events loosely structured in chronological succession Susan Wittig however offers evidence that the romances are carefully ordered although not always consciously so according to a series of formulaic patterns and that their structures serve as vehicles for certain essential cultural patterns and are important to the preservation of some community held beliefs The analysis begins on a stylistic level and the same theoretical principles applied to the linguistic formulas of the poems also serve as a model

for the study of narrative structures The author finds that there are laws that govern the creation selection and arrangement of narrative materials in the romance genre and that act to restrict innovation and control the narrative form The reasons for this strict control are to be found in the functional relationship of the genre to the culture that produced it The deep structure of the romance is viewed as a problem solving pattern that enables the community to mediate important contradictions within its social economic and mythic structures Wittig speculates that these contradictions may lie in the social structures of kinship and marriage and that they have been restructured in the narratives in a practical myth the concept of power gained through the marriage alliance and the reconciliation of the contradictory notions of marriage for power s sake and marriage for love s sake This advanced thorough and completely original study will be valuable to medieval specialists classicists linguists folklorists and Biblical scholars working in oral formulaic narrative structure

Chaucer's Approach to Gender in the Canterbury Tales Anne Laskaya,1995 This volume presents a feminist approach to the Canterbury Tales investigating the ways in which the tensions and contradictions found within the broad contours of medieval gender discourse write themselves into Chaucer s text Four discourses of medieval masculinity are examined which simultaneously reinforce and resist one another heroic or chivalric Christian courtly love and emerging humanist models Each chapter attempts to negotiate both contemporary assumptions of gender construction and essentialist readings of gender common to the middle ages throughout the author argues that the Canterbury Tales offer a sophisticated discussion of masculinity and that it strongly indicts some of the prevalent medieval notions of ideal masculinity while still remaining firmly homosocial and homophobic The book concludes that on the question of gender issues the Tales are best studied as male authored texts containing representations and negotiations revealing much about late medieval masculinities Dr ANNE LASKAYA teaches in the English Department at the University of Oregon

Love and anti-Judaism in medieval English romance Hope Doherty-Harrison,2025-09-02 Love and anti Judaism is a new examination of medieval romance for the questions it poses of the most significant events in Christian history Providing new readings of Sir Gawain and the Green Knight Sir Orfeo Sir Gowther and Sir Amadace the book argues that romance explores depictions of love and the sacrifices it may necessitate in the Hebrew Bible especially where they do not easily fit into interpretations asserting that this history must prefigure Christ and the crucifixion An examination of anti Judaism as a discourse of violence and desire that could be turned inwardly to expose the irresolution in Christianity this book will provoke new investigations into the religious crises of

medieval romance *Performance and the Middle English Romance* Linda Marie Zaerr, 2012 An examination of if and how medieval romance was performed uniquely uniting the perspective of a scholar and practitioner Although English medieval minstrels performed gestes a genre closely related to romance often playing the harp or the fiddle the question of if and how Middle English romance was performed has been hotly debated Here the performance tradition is explored by combining textual historical and musicological scholarship with practical experience from a noted musician Using previously unrecognised evidence the author reconstructs a realistic model of minstrel performance showing how a simple melody can interact with the text and vice versa She argues that elements in Middle English romance which may seem simplistic or repetitive may in fact be incomplete as missing an integral musical dimension metrical irregularities for example may be relics of sophisticated rhythmic variation that make sense only with music Overall the study offers both a more accurate comprehension of minstrel performance and a deeper appreciation of the romances themselves Linda Marie Zaerr is Professor of Medieval Studies at Boise State University
