Perhaps It's Love Dennis L. Siluk, 2004-12 Perhaps it s Love the original element which gives this book its name concerns four young adults that play a vital role to follow their hearts sometimes without adequate preparation or the appropriate equipment as a test of the will This of course nearly crushes each person s spirit In one way or another each youth is linked to each other ages between 18 and 21 The novel is primarily concerned with choices in love in some cases a manifesto about its dangers At the end it it must be said nothing was tolerable but the best No one was without sin Four youths 1967-68 while being in the process of growth get stirred up quite a lot some even lost in the commotion of events while feelings become nourished and intensified all aching for love in their own way A lesson might well be learned if they can only harness their crying hearts but first unhappiness has to be conquered part of the theme and plot The story has a shy charm to it a quick gaiety and objective tenderness It is dramatic it has an exploring inner mind Many parts of this book are based on actual events transformed into historical fiction
