Gehring, 2002 It is an informative resource for film students and scholars and a thoroughly engaging read for film buffs. BOOK JACKET

Trust in the World Josef Früchtl, 2017-09-20 This book examines the theory originally raised in Gilles Deleuze's philosophy of film that cinema has the power to restore our trust in the world. Früchtl demonstrates that cinema does this in three main ways: by restoring our belief in the absurd in the body and in a sceptical abstention from judging and acting. Cinema shares this ability with other arts, but what sets it apart in particular is that it evokes Modernity and its principle of subjectivity. This book further develops the idea of trust and cinema by synthesizing the philosophies of complementary thinkers such as Kant, Nancy, Agamben, Benjamin, and Rancière. It concludes with an examination of Cavell's solution to the problem of scepticism and a synthesis of Kantian aesthetic theory with Cavellian pragmatism. Originally published in German under the title *Vertrauen in die Welt*, this English language translation features a new introduction that situates Früchtl's work within contemporary analytical philosophy of film. It will be of interest to scholars working in Continental aesthetics, philosophy of film, and film theory. Happy Endings in Hollywood Cinema

James MacDowell, 2013-07-22 Hollywood happy ending has long been considered among the most famous and standardised features in the whole of narrative filmmaking. Yet while ceaselessly invoked, this notorious device has received barely any detailed attention from the field of film studies. This book is thus the first in-depth examination of one of the most overused and under-analysed concepts in discussions of popular cinema. What exactly is the happy ending? Is it simply a cliché as commonly supposed? Why has it earned such an unenviable reputation? What does it or can it mean? Concentrating especially on conclusions featuring an ultimate romantic union, the final couple, this wide-ranging investigation probes traditional associations between the happy ending and homogeneity, closure, unrealism, and ideological conservatism, testing widespread assumptions against the evidence offered by a range of classical and contemporary films. **25 Movies to Mend a Broken Heart**

Roger Ebert, 2012-05-08 Ahh, love. It can be a many splendored thing, but it can also lead to the pain of a broken heart. For those experiencing such a sad eventuality, turn to this e-book: only a selection of Ebert's Essentials and consider these reviews of movies to help get you through the heartbreak. While not a cure for a broken heart, what could be watching these films can bring hope and appreciation for the possibility of love again or just help you laugh at the total absurdity of it all. Enjoy such classic romantic comedies as *Moonstruck* and *Annie Hall* to the decidedly offbeat *Lars and the Real Girl* that will help bring a smile back. Appreciate quiet looks into love with films like *The Scent of Green Papaya* and *Once*. I Like Being

Comic Grace James Combs, 2013-07-26 Comic Grace is Combs's third book on the movies for Cambridge Scholars Publishing These books hardly form a trilogy but they do express a pragmatic interest of the author namely the aspects of movies that we have not adequately studied More specifically the first Movie Time examines the inadequately understood temporal appearance of movies in movies set in the past the present and the future attempting to make sense of such questions as to why certain past periods still fascinate how an emergent present is accompanied by cinematic treatment and what kind of futures we like to speculate about by watching alternative futures on film This temporal interest was complemented in the second book Wit's End by examination of qualitative interest discussing how and why certain movies come to be regarded and remembered by

the movie culture as great and memorable Even though there is obviously no unanimous agreement on which movies are canonical there is enough consensus among those who study and value films for us to constitute inquiry into why some films are thought great This third book in this sustained inquiry poses the question of not only why we think some movie comedies are great but also what is unique and enduring in the legacy of comedy on film The book looks at comedy with humane interest entertaining the proposition that comedy may well be motion picture s greatest achievement If so then it behooves inquirers to understand what movie audiences enjoy and cherish about movie comedy and what it is about the film medium that so adequately communicates the comedic across such vast audiences and why they never tire of certain kinds of comedy These interests will inspire students of the remarkable medium of film to inquire further into not only these questions but also others that they find interesting and illuminating about the film experience
