

A romantic couple is shown in a close embrace, smiling warmly at each other. The man, on the left, has dark hair and a light beard, wearing a dark t-shirt. The woman, on the right, has long, wavy brown hair and is wearing a red top. The background is softly blurred, suggesting an indoor setting with natural light. A semi-transparent dark grey rectangle is overlaid on the image, containing the text.

Love That Lasts How To Find And Be A Permanent Partner:

Finding Love that Lasts Vera Sonja Maass, 2012-03-08 Why do people find themselves repeatedly single when they are desperately searching for the perfect soul mate with whom to share their future lives In their determination to find the perfect partner individuals perception is less than accurate when blinded by emotions expectations or wishful thinking Consequently having made decisions based on incomplete information all too often people find themselves once again at the breakup of what had seemed to be a promising relationship The time has come for dispelling the notion that love is blind and for exploring paths that have a more promising outlook for happy endings paths that include the wisdom of knowing oneself and the willingness to face prospective partners with open eyes and an inquiring mind before considering any commitment Finding Love that Lasts is not a book about saving or improving relationships rather it is a book about the often unfortunate combinations of partners deciding to commit to each other for significant parts of their lives and the ways in which people can break the patterns that cause them to seek out similar partners and relationships that are often doomed to fail Here Maass explains why people repeat the patterns that cause them to end up in failed relationships Case histories from patients volunteers from the general community and participants in personal growth groups help offer insight into the negative patterns people commonly repeat in their search for lasting love and companionship Readers will come away from this book with a better understanding of those patterns how to recognize and break them and how to move forward to healthier and more rewarding relationships

Originally published in 1985 this at the time controversial book explores the fundamental changes in personal relationships that had taken place over the previous decade focusing on women who had deliberately chosen to have children outside a permanent relationship After travelling widely throughout Britain the United States and Holland meeting those personally involved Jean Renvoize discusses why a growing number of women were deciding to become single mothers She discovers the implications of this for the future of the family and for old style love and commitment between the sexes She analyses the position both of the children of these single families and of their mothers She looks at men s feelings about being used a stud and uncovers the desire of some men to have a family without being financially and emotionally involved with a long term partner Importantly Jean Renvoize places the new style of personal relationship in the context of the advance of the women s movement It is clear that ordinary and non political women s and men s lives have been more fundamentally changed by feminism than they may realise But few of the mothers interviewed by the author are actively feminist lesbians apart they all have in common past relationships with men and would happily settle with the right man could their high expectations be met Without exception all those who made the deliberate choice to go solo have loving joyful and rewarding experiences of motherhood Having a child alone has been fraught with problems for all but those who have met the challenge have found such great fulfilment that one is faced with an inevitable question are a woman and her child better off without a man When so many marriages end in divorce is a stable unit of two better than a broken unit of three But also might those without the motivation of successful solo mothers rush thoughtlessly into motherhood and find themselves exhausted broke and very unhappy Presenting in their own words the experiences of those directly involved this was above all a practical book It provided welcome and necessary insights into the changing pattern of relationships at the time for the married and unmarried for parents and non parents Today it can be read and enjoyed in its historical context
