## **Magic Of Living:**

*Living Your Magic* Robert Anthony, 2019-09-03 *Living Your Magic* lays out how life when people really look at it is like a magic trick. A magic trick works because of illusion and misdirection. And with all sorts of tricks of the mind, human thinking and perception works just like a magic trick. When people don't understand how the trick is done, they get fooled every time. In *Living Your Magic*, Dr Robert Anthony teaches readers how to look at their life before the trick or the illusions happen and how to never be fooled again. Rather than following the same flawed premise behind almost every self-help therapeutic or personal development methodology that projects people having a separate self that needs fixing, *Living Your Magic* sees that self as an illusion. The problem is that most people don't recognize it as an illusion and believe they must change or improve their self before they can be happy and live a magical life. Dr Anthony reveals that everyone has an Inner Creative Genius that allows them to live a magical life if people would only learn to trust it and get out of their own way. In that way, life becomes easier by giving people less to think about, less to remember, and less to do so they can truly enjoy their mind and enjoy their life.

*A Magic Life* Karim Buksh, 2006-02 *A Magic Life* starts in England, then on to Germany, and finishes in China up to the World Trade entry of China. The author learns to speak, read, and write Russian and Chinese. Then he is offered a teaching job in China's top university, Beijing Renmin University. This is stopped due to being over 60. Then the author is offered a job in a Medical College in Wuhan, China, which he does for 2 years. Then the Chinese Government asks him and his wife to be teachers at an experimental language school in Shenzhen, next to Hong Kong. They are there 6 years, and during that period, the author teaches at the Hua Wei Technical Institute, the Fujian bank, and finally Shenzhen University. The cultural impact of the East meeting the west is embedded in the story.

*Paul Daniels - My Magic Life: The Autobiography* Paul Daniels, 2016-03-31 PAUL DANIELS 1938-2016. In his day, Paul Daniels was the most famous magician in the world. His feats of illusion earned him the highest honours the magic world could award, and his astonishing talent earned him a worldwide recognition and admiration that will long outlive him. Behind the guise of the master magician, the consummate showman, lay a man of great intellect, wit, and humour. But his dazzling career sometimes belied a private life that had more than its share of ups and downs from his grim experiences in the army through to the pain and heartbreak of a broken marriage. In this his only autobiography, he spoke for the first time about his incredible life and career. Although he was a master illusionist, there are no illusions here among the revelations of the happiness and sadness that filled his life. Among much else, the book speaks honestly about his relationship with his oldest son and of the new life Paul made with Debbie McGee, his glamorous on-stage assistant. And then, of course, there was the magic. Whether he was making elephants disappear or performing card tricks with timeless professionalism, his repertoire was extraordinary. Perhaps surprisingly, his book reveals the secrets behind some of his most famous and entertaining performances, although he kept plenty up his sleeve secrets that we shall now perhaps never know. Paul Daniels' *My Magic Life* is a book to entertain readers certainly. More than that, however, it will both move and

intrigue them as it reveals the secret life of a much loved entertainer who was in every sense a magician to the end *After the Magic.
