critique of the foundational concepts of orientalist discourse itself By providing detailed textual analyses of canonical works of Austrian Modernism including Hofmannsthal's Tale of the 672nd Night Musil's Young Tressless and Kafka's In the Penal Colony the book not only offers new postcolonial readings of these Austrian works but also shows how they question the conventional postcolonial and post Saidian view of orientalism as a purely hegemonic discourse Robert Lemon is Associate Professor of German at the University of Oklahoma
