The Magician Within Robert Moore, Douglas Gillette, 1994-06-01 **The Magician Within** Robert L. Moore, Douglas Gillette, 1993 An extension of Robert Moore and Douglas Gillette's theory about the underlying structures and dynamics of the male psyche The Magician Within explores the psyche's spiritual side and its qualities of insight wisdom and healing The authors present the psychological dynamics of the Magician program which enables men to move from boyhood into manhood in a positive self-affirmative way then enables them to help others and they illustrate its universal presence in virtually all human societies Next they explore the Shadow or destructive side of this male potential and ask men to look at themselves and their own lives to see how they may be caught in the destructive dynamics of either the Detached Manipulator or the Innocent One Then readers are invited to use their capacities for thoughtful self-reflection to access the Shaman in themselves for fuller and more generative lives BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **The Lover Within** Robert L. Facing the Dragon Robert L. Moore, 2003 Structured around a series of lectures presented at the Jung Institute of Chicago in a program entitled Jungian Psychology and Human Spirituality Liberation from Tribalism in Religious Life this book length essay attacks the related problems of human evil spiritual narcissism secularism and ritual and grandiosity Robert Moore dares to insist that we stop ignoring these issues and provides clear sighted guidance for where to start and what to expect Along the way he pulls together many important threads from recent findings in theology spirituality and psychology and brings us to a point where we can conceive of embarking on a corrective course Traditional doctrinal and historical interpretation both rely heavily on rational analysis But from the disciples at Emmaus to the beginnings of the present century it has been the impact of scripture upon the human heart that has changed human lives In recent decades this impact has been strengthened by advances in linguistic and literary theory by such disparate influences as feminism structuralism Jungianism deconstructionism the analysis of archaic imagery and myth the recovery of Gnostic texts and finally an openness to pluralism whether ethnic geographic religious or interpretive All of these factors are treated here with a brevity and comprehensiveness which convincingly show that the reader of scripture has a creative and not merely passive role If you would understand the deepest roots of terrorism greed and religious fanaticism read Facing the Dragon But be forewarned you may find some offshoots in your own garden June Singer Jungian analyst author of Boundaries of the Soul Robert Moore Phd was an internationally recognized psychotherapist and consultant in private practice in Chicago He was considered one of the leading therapists specializing in psychotherapy with men because of his discovery of the Archetypal Dynamics of the Masculine Self King Warrior Magician Lover He served as Distinguished Service Professor of Psychology Psychoanalysis and Spirituality at the Graduate Center of the Chicago Theological Seminary and has served as a Training Analyst at the C G Jung
