Magills Guide To Military History Vol 5 Trojan War To Zuo Zongtang:

Magill's Guide to Military History: Tro-Z, 2001 Salem Press's five volume Magill's Guide to Military History presents a survey of the wars battles peoples groups and civilizations that played an important role in worldwide military history from ancient times to the twenty first century In addition to comprehensive coverage of Western military history the encyclopedia examines the major military events personages and civilizations of the entire world from the beginning of military history Includes Time Line of Wars and Battles Wars and Battles by Geographical Area Military Leaders by Geographic Area and List of Entries by Category The Trojan War Barry Strauss, 2007-08-21 Based on the latest archeological research and written by a leading expert on ancient military history the true story of the most famous battle in history is every bit as compelling as Homer's epic account and confirms many of its details *The Trojan War as Military History* Manousos E. Kambouris, 2023-03-23 In *The Trojan War as Military History* the author's starting point is the fact that the Iliad notwithstanding the fantastical mythological elements the involvement of gods and demigods is the earliest detailed description of warfare we have Stripping away the myths Manousos Kambouris analyses the epic and combines it with other textual and archaeological evidence to produce a coherent narrative of the conflict and of Bronze Age warfare in the Aegean The author presents the most detailed analysis possible of Mycenaean Greek armies their composition and organization the warriors weapons armor and tactics and those of their enemies He finds sophisticated combined arms forces blending massed infantry with missile troops and chariots employing open battle deception and special operations in what amounted to total war The author's detailed examination of the mechanics of Bronze Age combat is enriched by his use of insights from experimental archaeology using replica equipment No less illuminating or significant than the minutiae of heroic duels is the setting of the strategic context of the conflict and the geopolitical relationship of the Mycenaean Greeks with their rivals across the Aegean Seeking to integrate the supernatural divine element of the Iliad within the power structure and struggle of the day the author lashes the Trojan War to the chariot of rationality and drags it from the mists of mythology and into the realm of History
