**Magnet Therapy** Antonia Beattie, 2011-03 Thousands claim that magnet therapy has helped them heal aches that have troubled them for years. Often these conditions have not responded to conventional or alternative medicine. This book shows you how to conduct your own experiments with magnets to find out how they affect you, what type of magnets you should use for various ailments, and what placement will have the best results. Magnets can be placed directly over an affected area or incorporate the traditional Chinese principles of medicine; they can also be placed on one of the many meridians or energy channels that flow through the body to bring healing to muscles and joints. This gentle healing process can help you learn about your body to enhance your general well-being. *Illus Magnet Therapy* Antonia Beattie, 2004 **Magnet Therapy** Ghanshyam Singh Birla, 1999-09 The authors detail methods for treating symptoms ranging from asthma to toothaches and weigh the benefits of magnetic necklaces, magnetic belts, and magnetized water, as well as traditional bipolar magnets. 40 illustrations **Fundamentals of Nursing - E-Book** Patricia A.
