Association Gordon K and Sybil Lewis Award Honorable Mention The initial push for a federation among British Caribbean colonies might have originated among colonial officials and white elites but the banner for federation was quickly picked up by Afro Caribbean activists who saw in the possibility of a united West Indian nation a means of securing political power and more In Building a Nation Eric Duke moves beyond the narrow view of federation as only relevant to Caribbean and British imperial histories By examining support for federation among many Afro Caribbean and other black activists in and out of the West Indies Duke convincingly expands and connects the movement s history squarely into the wider history of political and social activism in the early to mid twentieth century black diaspora Exploring the relationships between the pursuit of Caribbean federation and black diaspora politics Duke convincingly posits that federation was more than a regional endeavor

Black,2020-10-14 The Hoosac railroad tunnel in the mountains of northwestern Massachusetts was a nineteenth century engineering and construction marvel on par with the Brooklyn Bridge Transcontinental Railroad and Erie Canal The longest tunnel in the Western Hemisphere at the time 4 75 miles it took nearly twenty five years 1851 1875 almost two hundred casualties and tens of millions of dollars to build Yet it failed to deliver on its grandiose promise of economic renewal for the commonwealth and thus is little known today Andrew R Black s Buried Dreams refreshes public memory of the project explaining how a plan of such magnitude and cost came to be in the first place what forces sustained its completion and the factors that inhibited its success Black digs into the special case of Massachusetts a state disadvantaged by nature and forced repeatedly to reinvent itself to succeed economically The Hoosac Tunnel was just one of the state s efforts in this cycle of decline and rejuvenation though certainly the strangest Black also explores the intense rivalry among Eastern Seaboard states for the spoils of western expansion in the post Erie Canal period His study interweaves the lure of the West the competition between Massachusetts and archrival New York the railroad boom and collapse and the shifting ground of state and national politics The psychic makeup of Americans before and after the Civil War heavily influenced public perceptions of the tunnel by the time it was finished Black contends the indomitable triumphalism that had given birth to the Hoosac had faded to skepticism and cynicism Anticipated economic benefits never arrived and Massachusetts eventually sold the tunnel for only a fraction of its cost to a private railroad company Buried Dreams tells a story of America s reckoning with the perils of impractical idealism the limits of technology to bend nature to its will and grand endeavors untempered by humility **Life and Explorations of David Livingstone** Anonymous,2025-07-24 Reprint of the original first published in 1874 The Antigonos publishing house specialises in the publication of reprints of historical books We make
