Gloves Ida Tomshinsky, 2011-12-13 No outfit is complete without accessories Trinity of hats scarves and gloves is a common ensemble that is used as modern fashion accessory by both men and women It was a necessity to protect hands from gusty winds and keep them warm during cold weather winters The historic evolution and democratization development of gloves had an exotic trip with detours aplenty throughout the centuries Gloves in fashion were an exclusive enterprise a pursuit of the wealthy Therefore the use of materials the length and fabrication evolved from made at home into real industry Eventually an array of hand wear of different styles and colors became available for masses In the intervening time Europe countries were the ones that planted the seeds that would define fashion culture chic and elegance for decades to come Today whatever its seasonal vagaries gloves and mittens as fashion accessories have been a reflection of society as an industry often stirring provocative debate Is it art or craft Who would wear elbow long opera gloves Is couture dead Is department store obsolete The answers are in the gloves themselves in their history and present

The Hunt for Happiness Steve Shirley, 2019-03-25 The Hunt for Happiness explores what it means to be happy drawing the reader into a way of thinking that respects every individual and cherishes every life Using personal stories fictional conversations and diverse characters humanity s fascination with rulemaking and shunning others is exposed as a common foe of our relationships with each other our ability to help each other be happy and content and perhaps our relationships with the divine Throughout conversations seeking truth build bridges from ancient texts including Jewish Christian and Islamic scripture to modernity with an eye

towards the promise of the Kingdom of God and the notion that all humans are beloved of the Almighty just as we are Breaking down the walls that divide us through thinking things out is the main theme of The Hunt for Happiness A bright future awaits humanity unless we reject the opportunity to learn about and from each other and permit further encroachment of dystopian realities in our world Such dystopian realities have always been with us the question is whether or not we will break the cycle *The Execution* Sharon Cramer,2012-02-14 THE EXECUTION What if you had only one night to live and you met someone worth dying for Tomorrow he would be dead Fourteenth Century France D ata a young priest is a dark angel amid the death and despair of the medieval prison As he enters the cell of the condemned man the mercenary the evil one D ata is immediately transfixed by the killer s eyes He is shocked to discover that the face of the murderer is his own a mirror image of himself The twins unknown to each other until now reveal the life events that brought them to this fetid dungeon creating an unbreakable bond sealed with their darkest secrets But with only hours until the execution D ata begins to question which man should truly be condemned Should it be Ravan the ruthless killer a boy from an orphanage who suffered the unimaginable Or should it be himself the man of God whose own tormented desires ended in the inescapable darkness of his own soul As the sun rises D ata knows what he must do Only one man would die but two men would be free
