The Secret Gateway Edward Abdill,2012-12-19 While several books have been written on modern Theosophy the ancient wisdom tradition that can be found in every great culture from earliest times to the present none currently exist today in the form of Edward Abdill s new title Presenting his own interpretation of the basic Theosophical concepts established in the late nineteenth century by the brilliant mystic H P Blavatsky Abdill gives us perhaps the first simplified straightforward written version of the esoteric system that for centuries has often been misunderstood Through this concise easy to read introduction to Theosophy people of all faiths and religions can finally start to bridge the gap that is the realm between science and spirituality This book is the perfect guiding tool for all those on the quest to self discovery and self transformation filling the long awaited need of insight into the theories and practices that are the backbone of ancient wisdom that most foundational literature on modern Theosophy leaves to be desired *Theosophy across Boundaries* Hans Martin Krämer,Julian Strube,2020-11-01 Theosophy across Boundaries brings a global history approach to the study of esotericism highlighting the important role of Theosophy in the general histories of religion science philosophy art and politics The first half of the book consists of seven perspectives on the activities of the Theosophical Society in very different regional contexts ranging from India Vietnam China and Japan to Victorian Britain and Israel shedding new light on the entanglement of Western and Oriental ideas around 1900 The second half explores specific cultural influences that Theosophy exerted in the spheres of literature art and politics using case studies from Sri Lanka Burma India Japan Ireland Germany and Russia The examples clearly show that Theosophy was part of a truly global movement thus providing an outstanding example of the complex entanglements of the global religious history of the nineteenth and early twentieth centuries **Reflections on an Ageless Wisdom** Joy Mills,2014-07-01 Modern Theosophy expresses the ancient wisdom tradition found in all religions When H P Blavatsky founder of the Theosophical Society in 1875 told English journalist A P Sinnett she had gained her paranormal knowledge from more evolved beings called the Mahatmas Sinnett asked to communicate with them himself The result was a remarkable correspondence carried on from 1880 to 1885 with Mahatmas Khoot Hoomi and Morya Recorded in The Mahatma Letters to A P Sinnett the answers of these Teachers form an essential part of Theosophical literature At the time the Letters stormed the bastions of racial and religious prejudice and they continue to fascinate those seeking to probe the mysteries of the universe and the nature of consciousness Here is the most comprehensive magisterial discussion of The Mahatma Letters since they were first published in 1924 Eminent Theosophist Joy Mills bases her commentary on Vincente Hao Chin s 1999 edition of the Letters helpfully arranged chronologically to enable following the exposition as it originally unfolded Mills quotes Sinnett in emphasizing that the Mahatmas purpose was not to put the world into possession of occult knowledge but to train those who proved qualified so that they might ascend the path of spiritual progress Her focus then is on not only knowledge of the magnificent Occult Science but more

significantly the ethical and moral values we must embrace to be of service to the world She offers her reflections on over 140 letters in the hope that they may prove useful to fellow students on the journey toward the spiritual heights May these letters call you as they have continued to call me to keep on exploring for truly there is no other way to go **Western Sufism** Mark Sedgwick,2016-10-18 Western Sufism is sometimes dismissed as a relatively recent new age phenomenon but in this book Mark Sedgwick argues that it has deep roots both in the Muslim world and in the West In fact although the first significant Western Sufi organization was not established until 1915 the first Western discussion of Sufism was printed in 1480 and Western interest in Sufi thought goes back to the thirteenth century Sedgwick starts with the earliest origins of Western Sufism in late antique Neoplatonism and early Arab philosophy and traces later origins in repeated intercultural transfers from the Muslim world to the West in the thought of the European Renaissance and Enlightenment and in the intellectual and religious ferment of the nineteenth century He then follows the development of organized Sufism in the West from 1915 until 1968 the year in which the first Western Sufi order based on purely Islamic models was founded Western Sufism shows the influence of these origins of thought both familiar and less familiar Neoplatonic emanationism perennialism pantheism universalism and esotericism Western Sufism is the product not of the new age but of Islam the ancient world and centuries of Western religious and intellectual history Using sources from antiquity to the internet Sedgwick demonstrates that the phenomenon of Western Sufism draws on centuries of intercultural transfers and is part of a long established relationship between Western thought and Islam **Life of Mahatma Gandhi through Philately** Lavanya R, Digital First Edition of Life of Mahatma Gandhi through Philately Gandhi Stamp Catalogue This Digital First Edition of Gandhi Stamp Catalogue was created with intensive effort over many years and is meant to serve both as a world wide stamp catalogue and as a memoir to learn more about the life of Mahatma Gandhi the Visionary from Porbandar so we can apply his teachings in our daily lives The brief summary of contents are as follows Beautifully illustrated with images of all 1168 stamps on Mahatma Gandhi from all over the world Covers all 146 issuers belonging to 139 territories representing present day 133 countries It gives both country wise and year wise summary of Gandhi stamp listings Classification of genuine and illegal stamps Contains images of stamps souvenir sheets FDCs postcards etc Meant for use as a comprehensive collector's guide for Gandhi stamps Links to websites of postal authorities agents where you can buy genuine stamps at face value All key events in the Life of Mahatma Gandhi summarized along with a brief memoir on Visionary from Porbandar How to use Catabooks Gandhi Stamp Catalogue The Catalogue lists stamps by country of issue with a brief country profile along with a brief history of stamps and a note on postal authority The next level of structure is by date month or year if date is not available of issue The following information is made available for each stamp 1 CGC Number This Catabooks Gandhi stamp Catalogue CGC has a unique CGC number to easily identify legal stamps issued on Mahatma Gandhi using 2 letters country code as per ISO 3166 2 3 digits stand alone year wise serial number for Gandhi stamps and the four digits for the year after

Gandhi Robert Payne, 2014-06-06 This is the heroic story of the man whose non violent movement transformed his native India both spiritually and politically as it impelled the nation along the road to independence With consummate skill in a narration that never flags in vividness and drama Robert Payne re creates Mahatma Gandhi both as a spiritual and historical force and as a living personality When in January 1948 Gandhi was assassinated in Delhi by a fanatic his death sent shock waves around the world For two generations he had been the conscience of his country and the world Planting the idea of non violence firmly in men s minds he had not only conquered India but also changed the landscape of the human heart In the tradition of his best selling biographies of Lenin and Schweitzer Robert Payne s life brings Gandhi alive as a rounded personality Beginning with the moving story of a shy awkward boy from a provincial Indian city who married at Thirteen then was separated from his bride for years while he read law in London the book describes Gandhi s life as a successful barrister in South Africa who turned his back on wealth to defend Indian settlers against discrimination and persecution Robert Payne superbly describes Gandhi s daring marches to aid the oppressed his fasts and imprisonments his historic achievements at international congresses and conferences in India and England where clad only in shawl and loincloth he met with prime ministers and viceroys and won their respect as he fought for the dignity and freedom of his people I would place Robert Payne s book on the level of a great novel by Tolstoy swiftly moving panoramic writ on the canvas of destiny and of close historical characterization writes Dr Amiya Chakravarty former private secretary of Rabindranath Tagore who knew Gandhi personally and worked with him It is one of the great biographies No finer account of Gandhi s life and death has been written

The Mahatma Letters Alfred Trevor Barker, 1972 The internationally famous letters arranged by category on occultism religion and philosophy **Divine Feminine** Joy Dixon, 2003-05-01 Honorable Mention for the Wallace K Ferguson Prize from the Canadian Historical Association Chosen by Choice Magazine as an Outstanding Academic Title of 2003 In 1891 newspapers all over the world carried reports of the death of H P Blavatsky the mysterious Russian woman who was the spiritual founder of the Theosophical Society With the help of the equally mysterious Mahatmas who were her teachers Blavatsky claimed to have brought the ancient wisdom of the East to the rescue of a materialistic West In England Blavatsky s earliest followers were mostly men but a generation later the Theosophical Society was dominated by women and

theosophy had become a crucial part of feminist political culture *Divine Feminine* is the first full length study of the relationship between alternative or esoteric spirituality and the feminist movement in England Historian Joy Dixon examines the Theosophical Society's claims that women and the East were the repositories of spiritual forces which English men had forfeited in their scramble for material and imperial power Theosophists produced arguments that became key tools in many feminist campaigns Many women of the Theosophical Society became suffragists to promote the spiritualizing of politics attempting to create a political role for women as a way to sacralize the public sphere Dixon also shows that theosophy provides much of the framework and the vocabulary for today's New Age movement Many of the assumptions about class race and gender which marked the emergence of esoteric religions at the end of the nineteenth century continue to shape alternative spiritualities today Letters from the Masters of the Wisdom ,1919 *Readers' Guide to the Mahatma Letters to A.
