## **Mainline Manifesto The Inevitable New Church:**

Mainline Manifesto Charles Denison, 2005 This book is indeed a manifesto with a passionate style that is never preachy or condemning but full of hope and excitement about the future of mainline congregations Its underlying premise is that God will always have a people that Christians will always come together to worship and to do God's work in the world Denison argues that the future of the church lies not in just replacing the WWII generation with GenXers or younger people within its present structure Mainline congregations must envision their part in a new church one that calls forth new mission leaders to model the incarnational style of Jesus God is not unpopular among younger generations with 90 percent of Americans professing a belief in God In this rousing call to hope Denison lays out a plan for connecting that 90 percent with God through Jesus as he sets forth a positive agenda for communicating the relevance of the mainline tradition's message

*Missional. Monastic. Mainline.* Elaine A. Heath, Larry Duggins, 2014-01-30 Here is the long awaited volume that provides both the theoretical foundations and practical guidance for developing new monastic and missional communities in contexts that are theologically progressive racially and economically diverse and multicultural This book contains the wisdom and perspectives of people who live and serve in missional new monastic communities in United Methodist and other mainline traditions and it describes new forms of theological education that are emerging to resource a new generation of Christian leaders Heath and Duggins challenge Methodists Lutherans Episcopalians Presbyterians and other Christians to reach into their own robust mainline heritage for resources to develop small intentional communities that practice a rigorous life of prayer hospitality and justice

**A Church Wide Enough for Everyone** Steven H. Propp, 2018-02-03 Robert Schaeffer and Douglas West are best friends living in Oklahoma in 1963 when they discover that they both sense a calling to become ministers in a mainline Christian denomination But from seminary and their early years in ministry to their golden years looking back on what it takes to lead a congregation a stimulating sometimes puzzling yet often inspirational world of theological controversies and congregational concerns would unfold for these two men of God A Church Wide Enough for Everyone follows these two men on their journey to demonstrate the continuing relevance of the Christian faith in a postmodern world After moving to Berkeley California to attend college and seminary they have little time to ponder the vast social changes taking place before they immediately enter into intensive critical study of the Bible and Christian theology And as Robert is then thrust into the ordained ministry with his wife Faye both men must in their own ways face the political cultural and ideological pressures of each passing decade responding to challenges from both within the church and from outsiders Are mainline churches and Christian theology dead Or might they be revitalized in the current century A Church Wide Enough for Everyone and the inspired journeys of two ministers offers a window into how this revitalization and new understanding is possible

Pitfalls of King Saul is a practical leadership guide that avoids abstract ideas and unproven steps. Instead, biblical studies professor and pastor Dr Ralph Hawkins along with leadership expert and education professor Dr Richard Parrott tell the stories of King Saul's leadership missteps and connect those stories with the challenges facing leaders. In today's climate of rapid change, intense competition, and moral relativism, find valuable advice that will give your leadership a firm foundation in sound biblical principles. Features include: References to ten sound biblical principles of leadership. Examples illustrate how to apply these lessons to your life. Action points give you concrete steps to improve your leadership skills. Checklists help church, business, and community leaders excel.

**The Artist's Way of Preaching** Charles Denison, **Manifesto for Learning** Donn F. Morgan, 2012. This book stresses the importance of active advocacy for education in the church, suggesting the balance between worship, social service, and education is out of whack. Morgan promotes a new understanding of education at all levels of church life that takes the discussion beyond questions of survival, finances, and status quo to discover new roles in developing mission through the church and out in the world.

**Jesus the Word According to John the Sectarian** Robert Horton Gundry, 2002. Built on a unique combination of biblical exegesis, sociological analysis, and contemporary applications, this book traces the influence of Word Christology throughout the Gospel of John, unpacking its implications for North American evangelicalism. Sure to create discussion are Gundry's adoption of a sectarian interpretation of John and his evaluation of contemporary North American evangelicalism.

*Reading the Bible in an Age of Crisis* Bruce Worthington, 2015-08-03. We live in an age in which economic, ecological, and political crises are not the exception but the rule. The Cold War polarities that shaped an earlier political exegesis have been replaced; increasingly, crisis is the engine of a global turbo capitalism. Here, biblical scholars and activists describe and exemplify the shape of a biblical interpretation that takes contemporary crisis seriously. Succinct opening essays summarize the salient aspects of our critical situation; in later parts, contributions address themes of economic, political, and environmental crisis in dialogue with biblical texts.

*The Perennial Struggle* Michael Lemay, 2016-12-05. The Perennial Struggle integrates the richness of insight the various social science perspectives offer to the study of ethnic and racial relations into a consistent viewpoint. The Perennial Struggle is about race, ethnic, and minority group relations and how they interact in group politics in the United States. Understanding these relationships is critical to understanding American society in general and American politics in particular. The United States is a nation of nations; it receives more immigrants to its shores by far than does any other nation of the world. The authors wrote this book to integrate the various perspectives of the social science disciplines into courses such as Race and Racism, Roots of American Racism, and Minority Group Politics in the United States. If American society is to avoid the woes of a Darfur, Bosnia, Kosovo, Northern Ireland, or Rwanda, or even to prevent the development of separatist movements as in French-speaking Canada, we need to better understand the perennial struggle of ethnic relations and its impact on politics and policy. We need to understand the history, contribution, and special problems of particular and often exemplary minority

groups in American society In short we need to understand the how and the why of their perennial struggle      **Sword of the Spirit, Shield of Faith** Andrew Preston,2012-02-28 A richly detailed profoundly engrossing story of how religion has influenced American foreign relations told through the stories of the men and women from presidents to preachers who have plotted the country s course in the world Ever since John Winthrop argued that the Puritans new home would be a city upon a hill Americans role in the world has been shaped by their belief that God has something special in mind for them But this is a story that historians have mostly ignored Now in the first authoritative work on the subject Andrew Preston explores the major strains of religious fervor liberal and conservative pacifist and militant internationalist and isolationist that framed American thinking on international issues from the earliest colonial wars to the twenty first century He arrives at some startling conclusions among them Abraham Lincoln s use of religion in the Civil War became the model for subsequent wars of humanitarian intervention nineteenth century Protestant missionaries made up the first NGO to advance a global human rights agenda religious liberty was the centerpiece of Franklin Roosevelt s strategy to bring the United States into World War II From George Washington to George W Bush from the Puritans to the present from the colonial wars to the Cold War religion has been one of America s most powerful sources of ideas about the wider world When just days after 9 11 George W Bush described America as a prayerful nation a nation that prays to an almighty God for protection and for peace or when Barack Obama spoke of balancing the just war and the imperatives of a just peace in his Nobel Peace Prize acceptance speech they were echoing four hundred years of religious rhetoric Preston traces this echo back to its source *Sword of the Spirit Shield of Faith* is an unprecedented achievement no one has yet attempted such a bold synthesis of American history It is also a remarkable work of balance and fair mindedness about one of the most fraught subjects in America      *The Culturally Savvy Christian* Dick Staub,2008-09-09 In *The Culturally Savvy Christian* his incisive critique of contemporary culture and religion Dick Staub concludes that though it is influential American popular culture is generally superficial diversionary mindless and celebrity driven spiritually delusional moralistic therapeutic and deistic and soulless sustained not by art craft and ideas but by the mad pursuit of profit propped up by marketing and technology Similarly American Christianity has devolved into its own mindless diversionary and celebrity driven superficiality Because humans are created in God s image with spiritual intellectual creative moral and relational capacities we long for more yet the true seeker faces the lose lose alternatives of a soul numbing culture and a vacuous Christianity lite The renaissance we need in both faith and culture will originate in a deep spiritual renewal that restores God s image in us and creates a new breed of culturally savvy thoughtful creatives who rekindle the spiritual intellectual and creative legacy of Christians as enrichers of culture

**ThirdWay** ,1986-02 Monthly current affairs magazine from a Christian perspective with a focus on politics society economics and culture      [Gospel Herald](#) ,1914      [The Spectator](#) ,1904      **The Southerner** Thomas Jr. Dixon,2019-12-17 In *The Southerner* Thomas Jr Dixon crafts a poignant narrative that delves into the complexities of Southern identity during

the post Civil War era The novel employs a rich descriptive literary style that captures the essence of rural life in the South blending social commentary with vivid characterizations Dixon s exploration of the lingering effects of war race relations and cultural shifts demonstrates a profound engagement with the historical context showcasing a nuanced understanding of the region s struggles and triumphs as it navigates through the Reconstruction period Dixon hailing from North Carolina was deeply influenced by his upbringing in the South and witnessed firsthand the societal transformations of his time As a public figure and an outspoken advocate of Southern heritage his experiences provided a fertile ground for the themes found in *The Southerner* Dixon s work often reflects his southern nationalism grappling with the tensions between nostalgia and progress in a rapidly changing world Readers seeking a compelling exploration of Southern life will find *The Southerner* to be an essential addition to their literary repertoire It not only offers an engaging narrative but also serves as a critical lens through which to understand the cultural and historical intricacies of the South making it a must read for anyone interested in American literature and history

*The Artist's Way of Preaching* Charles Denison, 2006-01-02 In our fast paced multimedia age Charles Denison argues preachers need to turn to the use of images to capture and keep the listeners attention Denison shows how the preacher s imagination intuition and feelings can provide powerful resources for creating sermons that not only are fresh and interesting but also trigger evocative images in the minds of the congregation
