Dogs Mike Loades, 2020-12-02 A walk through history with man's best friend with stops in Alaska, the Middle East and beyond includes over 250 photos of canines at work. Handle various dogs engaged in their traditional tasks. Mike Loades takes us on his adventures in the Jordanian desert where he shares the saddle of his camel with a Saluki and in the green hills of Wales where he works cattle with a Corgi. He mushes Huskies in Alaska, drives carriages with Dalmatians and flies falcons with Spaniels. Each encounter not only highlights the bond between humans and dogs, it also frames that connection in its historical context. Different types of dogs appear the way they do because at some stage in their development they were bred selectively for a specialist job. The author takes key types on a walk through history. Along the way he explores the methods and practices of their original occupations. He delves into when, where and why they were first bred as the types we recognize today. This fascinating and engaging book includes over 250 stunning color photographs of dogs in action, resulting in an illuminating journey through many cultures and time periods and a personal heartfelt tribute to the enduring partnership between humans and dogs.
