Schroeder, 2011 In this volume Fathers Bevans and Schroeder address a primary challenge faced by Christians missionaries today How can they bring the Christian tradition to interact respectfully and effectively with members of other cultures and traditions from around the globe and still be prophetic Publisher website **The Oxford Handbook of Mission Studies** Kirsteen Kim, Knud Jørgensen, Alison Fitchett-Climenhaga, 2022 Includes over 10 cutting edge articles on Christian mission by scholars from all continents covering the agendas agents methods social effects and self understanding of Christian mission Offers an interdisciplinary approach including theology history and social sciences Includes sections on the theory theology practice and history of mission and mission in relationship to cultures religious and societies Book jacket **The Oxford Handbook of Vatican II** Catherine E. Clifford, Massimo Faggioli, 2023-01-19 The Oxford Handbook of Vatican II is a rich source of information and reflections on many aspects of the Second Vatican Council 1962 1965 one of the most significant religious events of the twentieth century The chapters introduce readers to the historical context and outstanding features of the conciliar event and its principal teachings on Scripture and Tradition the church liturgy religious liberty ecumenism interreligious dialogue church world relations and mission Consideration is given to some neglected aspects of the council including the forgotten papal speeches that lay out its fundamental orientation and ought to guide its interpretation the presence and contributions of women and the non reception of the council among Catholic traditionalists Ecumenical scholars reflect on the significance of Vatican II for the life of other Christian churches and the search for Christian unity others examine Catholic dialogue with other religious traditions Surveying the diverse receptions of the council in the perspective of a world church chapters focusing on Asia Africa Latin America North America Oceania and Europe reflect on the interpretation and influence of the council and its teaching on the life of the church in diverse cultural contexts This Handbook will serve as a valuable guide to one of the most important events and bodies of Catholic teaching since the Protestant Reformation and the Council of Trent in the sixteenth century to the interpretation of the council s teaching and to its continuing role in guiding the life of the church in the twenty first century *Holistic Mission* Hannes Wiher, 2022-05-16 For the last 50 years one of the most important discussions in global evangelicalism has concerned the idea of holistic mission which proposes the integration of verbal evangelism and social engagement within Christian mission This book examines how key terms such as evangelism and mission have been understood in contemporary evangelical declarations from 1966 to 2011 in the Bible and in the missiological debate It adopts an in depth approach to the historical biblical and theological analysis The main thesis is that the different conceptions of evangelism and mission in general and that of holistic mission in particular have their root in the worldview of the various theologians and Christian leaders preparing these statements The book evaluates the missiological

conceptions of evangelism and mission proposed in the various declarations in the light of the Bible so as to derive a biblical understanding of evangelism and mission **Evangelization and Religious Freedom** Stephen B. Bevans, Jeffrey Gros, 2009

An informational and entertaining text this work offers readers a deeper sense of why the saints and the honoring of them has been influential in the lives of Catholics and others who strive to follow Jesus Christ and experience his love Catholic

Mission on the Road to Emmaus Cathy Ross, Steve Bevans, 2015-01-31 Cathy Ross and Steve Bevans are two of the biggest names in the study of mission and missiology worldwide Cathy is director of OxCEPT at Ripon College Cuddesdon and Steve Bevans is teaching missiology at the Catholic Theological Union in Chicago The contributors in the book consider mission through the lens of prophetic dialogue The book consciously tries to bring a fresh approach introducing some newer themes identity creation migration and bringing a different perspective on some older themes by grouping them in this way It is theological rather than issues based and involves both older and newer contributors The book is aimed at scholars and students of missiology in the UK the US and worldwide It is also a contribution to the study of world Christianity and contextual theology Contributors include Jonny Baker Kirsteen Kim Gavin d Costa Emma Wild Wood Robert Schreiter and S Mark Heim **Will Many Be Saved?** Ralph P. Martin, 2012-08-20 The question of whether and how people who have not

had the chance to hear the gospel can be saved goes back to the beginnings of Christian reflection It has also become a much debated topic in current theology In Will Many Be Saved Ralph Martin focuses primarily on the history of debate and the development of responses to this question within the Roman Catholic Church but much of Martin s discussion is also relevant to the wider debate happening in many churches around the world In particular Martin analyzes the Dogmatic Constitution on the Church the document from the Second Vatican Council that directly relates to this question Contrary to popular opinion Martin argues that according to this text the conditions under which people who have not heard the gospel can be saved are very often in fact not fulfilled with strong implications for evangelization *Mission after Christendom* Ogbu U. Kalu, Peter Vethanayagamony, Edmund Kee-Fook Chia, 2010-03-12 In 1910 Protestant missionaries from around the world

gathered to explore the role of Christian missions in the twentieth century In this collection leading missiologists use the one hundred year anniversary of the Edinburgh conference as an occasion to reflect on the practice of Christian mission in today s context a context marked by globalization migration ecological crisis and religiously motivated violence The contributors explore the meaning of Christian mission the contemporary context for mission work and new forms in which the church has engaged and should engage in its missionary task From these essays a vision of twenty first century mission begins to emerge one that is aware of issues of race gender border spaces migration and ecology This renewed vision gives strength to the future of shared Christian ministry across nations and traditions *Pro Ecclesia* Vol 22-N4 Pro Ecclesia, 2013-11-13 Pro Ecclesia is a quarterly journal of theology published by the Center for Catholic and Evangelical Theology **Call to Mission**

and Perceptions of Proselytism John Baxter-Brown, 2022-04-13 Proselytism remains one of the most divisive issues in

global Christianity jeopardizing many ecumenical initiatives and projects Almost all traditions accuse others of proselytism but none readily confess to it as one tradition's mission and evangelism is another's proselytism This work brings together for the first time significant formal statements from Christian bodies and churches alongside articles from leading commentators in this hotly contested issue It gives clergy academics and students a vital resource in understanding the perspectives of different traditions and therefore the opportunity to study and understand viewpoints and opinions from competing perspectives The volume originates in a process of work commissioned by the World Pentecostal Fellowship the World Council of Churches the World Evangelical Alliance and the Roman Catholic Church under the auspices of the Global Christian Forum We discovered that there are no easy answers that resolve the tensions and debates about proselytism but through listening and understanding different voices new opportunities for establishing constructive relationships can and do emerge

Constants in Context Stephen B. Bevans, Roger P. Schroeder, Roger Schroeder, 2004-01-01 Mission is handicapped without a sound biblical theology of mission and an understanding of the history of mission leading up to our current context Constants in Context offers both of these elements It is mission theology in historical perspective and or a history of mission that is grounded theologically The authors describe it as a systematic theology with mission at its core and a church history shaped by the constant but always

contextual Christian traditions Furthermore it is a constructive contribution to how mission theology needs to be practical and lived out through today's church and in our world Written collaboratively by Roman Catholic writers Stephen Bevans and Roger Schroeder both Missionaries of the Divine Word SVDs It is a particularly insightful in regard to the history and the various streams of Catholic mission but it also addresses and learns from the other traditions of the church In fact one of the book's strengths is its attention to neglected aspects and hidden stories of church and mission history As a result it is gratifying to be inspired by non European mission women in mission and various forgotten or often ignored branches of the church The book is in three sections first there is a framework for cultural contexts and theological constants second an in depth exploration of historical stages and different models for mission and third a presentation of theological frameworks for mission The third section concludes with a case for mission as prophetic dialogue being the most appropriate model for 21st century mission Amazon.com

American Crusade David J. Endres, 2010-08-04 Perhaps no era in Christian history since the time of the apostles presented a greater challenge to the spread of faith than the twentieth century The First World War in particular resulted in nearly disastrous losses for the world mission movement Christian countries were engaged in fratricidal conflict missionaries were forced to return to their homelands and traditional sources of mission funding dried up In response to the missions crisis American Catholic youth devoted themselves to a program of prayer study and sacrifice the Catholic Students Mission Crusade Beginning with less than fifty members the movement grew to over one million youth and worked to foster support for missionaries in the field promote missionary vocations and educate youth about the needs of the church throughout the world In the course of their crusade the movement's youth were exposed the complexities and challenges of diverse religious political and cultural worlds including illiteracy in rural America communism in China and Eastern Europe and famine and disease in sub Saharan Africa In light of this experience as well as the Second Vatican Council's reformulation of the Catholic Church's approach to missions by the late 1960s the movement began to question its goal of converting the world leading to the Crusade's crisis of

True Confucians, bold Christians Antton Eiguren Iraola, 2007-01-01 The three methods of doing mission namely conquista accommodation kenosis need to be seen not so much as historical events that took place in a particular time and space but rather as deeply engraved mind structures and personal attitudes as we confront many of the modern time issues such as mass poverty and its relationship to the churches interreligious and ecumenical dialogue relationship with Islam Catholic education in public institutions moral and ethical problems regarding the treatment of embryos for eugenic purposes issues concerning the end of life social debate on alternative lifestyles and the role of women in ecclesial institutions to mention but a few
