The Sky Poured Down Candy Riya Gupta, 2025-09-18 Bringing together archival research and literary analysis this microhistorical study explores the decline of the Mughal empire through the life of a petty Mughal official Abdul Jalil Bilgrami as he navigated uncertainty amid the shifting currents of imperial power Illuminating the everyday realities of a fading dynasty on the Indian subcontinent the book offers a deeply personal lens into Bilgrami's socio cultural world It also engages with broader questions of historical methodology demonstrating how literary evidence such as personal letters and poems can breathe life into structural histories By centring a lesser known historical figure it challenges conventional elite centric narratives and underscores the value of microhistory in understanding larger historical processes This volume will appeal to scholars students and general readers of Mughal history South Asian studies microhistory and global literary studies It is an ideal resource for educators seeking to enrich their courses as part of these specializations and diversify their recommended reading
