

The Noble, the Serf and the Revizor

The Polish Nobility Between Tsarist Imperialism and the Ukrainian Masses (1831-1836)

Daniel Beauvois

Noble Le Serf Et Le Revizor

Timothy Snyder

Noble Le Serf Et Le Revizor:

The Noble, the Serf and the Revizor Daniel Beauvois, 2023-02-28 First published in 1991 The Noble the Serf and the Revizor is a historical and sociological study of the Polish nobility of the Western Ukraine between the two great uprisings that shook Poland in the 19th century is based almost entirely on original unpublished documents Daniel Beauvois throws an entirely new light on the Polish nobility of the Ukraine on its development and particular mentality Furthermore his research reveals mechanisms of domination and assimilation which the Czarist bureaucracy can be said to have pioneered long before the Soviet empire During this period the Russian revizor a key figure in the social drama described in these pages ruthlessly lowered the status of the majority of the Polish nobles in the Ukraine Thereafter their fate was defined by two basic realities poverty and the decline of their national identity and social status Only a small minority of rich landowners survived The price they paid was total political subservience a subservience which gave rise to an increasingly conservative mentality and the loss of all real contact with the Polish national movement This book will be of interest to students of history political science sociology and international relations *Le Noble, Le Serf Et Le Revizor* D. Beauvois, 1985-01-01 *Le noble, le serf, et le révizor* Daniel Beauvois, 1985 Ideologies of Eastness in Central and Eastern Europe Tomasz Zarycki, 2014-03-21 This book explores how the countries of Eastern Europe which were formerly part of the Soviet bloc have since the end of communist rule developed a new ideology of their place in the world Drawing on post colonial theory and on identity discourses in the writings of local intelligentsia figures the book shows how people in these countries no longer think of themselves as part of the east and how they have invented new stereotypes of the countries to the east of them such as Ukraine and Belarus to which they see themselves as superior The book demonstrates how there are a whole range of ideologies of eastness how these have changed over time and how such ideologies impact in a practical way relations with countries further east **The Cambridge History of Russia: Volume 2, Imperial Russia, 1689-1917** Maureen Perrie, D. C. B. Lieven, Ronald Grigor Suny, 2006-08-17 A definitive new history of Russia from early Rus to the collapse of the Soviet Union **The Szymanowski Companion** Stephen Downes, 2016-03-09 The Polish composer Karol Szymanowski is one of the most fascinating musical figures of the early twentieth century His works included four symphonies two violin concertos the operas Hagith and King Roger the ballet pantomime Harnasie the oratorio Stabat Mater as well as numerous piano violin vocal and choral compositions The profile and popularity of Szymanowski's music outside Poland has never been higher and continues to grow The Szymanowski Companion constitutes the most significant and comprehensive reference source to the composer in English Edited by two of the leading scholars in the field Paul Cadrin and Stephen Downes the collection consists of over 50 contributions from an international array of contributors including recognized Polish experts The Companion thus provides a systematic authoritative and up to date compilation of information concerning the composer's life thought and works *Russia, Ukraine, and the Breakup of the Soviet Union* Roman Szporluk, 2020-02-24 This book

chronicles the final two decades in the history of the Soviet Union and presents a story that is often lost in the standard interpretations of the collapse of communism in Eastern Europe and the USSR. Although there were numerous reasons for the collapse of communism, it did not happen as it may have seemed to some overnight. Indeed, says Roman Szporluk, the root causes go back even earlier than 1917. To understand why the USSR broke up the way it did, it is necessary to understand the relationship between the two most important nations of the USSR, Russia and Ukraine, during the Soviet period and before, as well as the parallel but interrelated processes of nation formation in both states. Szporluk details a number of often overlooked factors leading to the USSR's fall, how the processes of Russian identity formation were not completed by the time of the communist takeover in 1917, the unification of Ukraine in 1939-1945, and the Soviet period failing to find a resolution of the question of Russian-Ukrainian relations. The present-day conflict in the Caucasus, he asserts, is a sign that the problems of Russian identity remain.

The Polish-Lithuanian Commonwealth, 1733-1795 Richard Butterwick, 2021-01-05. A major new assessment of the vanished kingdom of the Polish-Lithuanian Commonwealth, one which recognizes its achievements before its destruction. Richard Butterwick tells the compelling story of the last decades of one of Europe's largest and least understood polities, the Polish-Lithuanian Commonwealth. Drawing on the latest research, Butterwick vividly portrays the turbulence the Commonwealth experienced. Far from seeing it as a failed state, he shows the ways in which it overcame the stranglehold of Russia and briefly regained its sovereignty, the crowning success of which took place on 3 May 1791, the passing of the first Constitution of modern Europe.

A New Europe for the Old? Stephen R. Graubard, 2018-05-04. Since 1989, it has been possible to review what has been published both at home and abroad on the communist states of Central and Eastern Europe, and no less importantly, on the Soviet Union itself, from a new perspective. Few have chosen to engage in this Herculean task, whether out of a residual civility in not wishing to mock certain aging scholars whose research would appear curiously dated, or out of a sense of fatigue with the whole subject of casting aspersions on mistaken views. *A New Europe for the Old* asks whether the master narratives that circulated so widely in the West in the half-century since 1945 remain valid. Stephen Graubard's volume raises pertinent questions regarding the current state of the European world as it has evolved since 1989. He includes contributions from important scholars around the world: *A New Europe for the Old* by Martin Malia; *The Serbs: The Sweet and Rotten Smell of History* by Tim Judah; *Illyrianism and the Croatian Quest for Statehood* by Marcus Tanner; *To Be or Not To Be: Balkan Romania's Quest for Self-Definition* by Tom Gallagher; *Ukraine: From an Imperial Periphery to Sovereign State* by Roman Szporluk; *Ethnic Nationalism in the Russian Federation* by Anatoly M. Khazanov; *Im Osten viel Neues: Plenty of News from the Eastern Lander* by Barbara Ischinger; *Discourse and Disintegration in Europe: The Cases of France, Germany, and Great Britain* by Vivien A. Schmidt; *The European Debate on Citizenship* by Dominique Schnapper; *Has the Nation Died? The Debate Over Italy's Identity and Future* by Darion Biocca; and *Postwar Europe* by Arne Roth. *A New Europe for the Old* provides greater sympathy for the complexity of societies and argues for

greater balance of those that are small and that do not cast a long shadow in the world today In the 21st as in the 20th century they may be engines of change both as a result of the disorder that they produce as well as the ways in which their values however seemingly antiquated survive and prosper and not only in their native lands This volume should intrigue historians and European studies scholars alike **Encyclopedia of Historians and Historical Writing** Kelly

Boyd,2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like Jürgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies

Sketches from a Secret War Timothy Snyder,2007-10-10 The forgotten protagonist of this true account aspired to be a cubist painter in his native Kyiv In a Europe remade by the First World War his talents led him to different roles intelligence operative powerful statesman underground activist lifelong conspirator Henryk J. Żeński directed Polish intelligence in Ukraine governed the borderland region of Volhynia in the interwar years worked in the anti Nazi and anti Soviet underground during the Second World War and conspired against Poland's Stalinists until his arrest in 1953 His personal story important in its own right sheds new light on the foundations of Soviet power and on the ideals of those who resisted it By following the arc of Żeński's life this book demonstrates that his tolerant policies toward Ukrainians in Volhynia were part of Poland's plans to roll back the communist threat The book mines archival materials many available only since the fall of communism to rescue Żeński his Polish milieu and his Ukrainian dream from oblivion An epilogue connects his legacy to the disintegration of the Soviet Union and the democratic revolution in Ukraine in 2004 *The Russian Empire* Andreas

Kappeler,2014-08-27 The national question and how to impose control over its diverse ethnic identities has long posed a problem for the Russian state This major survey of Russia as a multi ethnic empire spans the imperial years from the sixteenth century to 1917 with major consideration of the Soviet phase It asks how Russians incorporated new territories how they were resisted what the character of a multi ethnic empire was and how finally these issues related to nationalism

Forging a Unitary State John P. LeDonne,2020-03-16 Was Russia truly an empire respectful of the differences among its constituent parts or was it a unitary state seeking to create complete homogeneity *Irena Veisaitė* Yves Plasseraud,2015-09-01 Irena Veisaitė is held in deep esteem throughout her country This volume is an attempt to relate the difficult journey of her remarkable life against the backdrop of the complex history of Lithuania and its Litvaks Lithuanian Jews After being rescued by Christian Lithuanian families and having survived the Holocaust Irena Veisaitė devoted herself to

study and creative work She was a memorable lecturer respected theatre critic associate film director and also founder and chairman of the Open Society Fund Soros Foundation which made an invaluable contribution to the process of democratisation in Lithuania Irena Veisait made it her life's work to speak up for dialogue and mutual understanding and believes that even in the most difficult circumstances it is possible to preserve one's humanity Having lived through some of the major atrocities of the twentieth century her insistence on the need for tolerance has inspired many

The International Politics of Eurasia: v. 9: The End of Empire? Comparative Perspectives on the Soviet Collapse S.

Frederick Starr, Karen Dawisha, 2016-09-16 First Published in 1997 This book is the ninth in a series of ten volumes produced by the Russian Littoral Project The project shares the conviction that the transformation of the former Soviet republics into independent states demands systematic analysis of the determinants of the domestic and foreign policies of the new countries The series of volumes is intended to provide a basis for comprehensive scholarly study of these issues This volume was shaped by the author's view that future scholarship about the post Soviet world requires both specialized research and broad gauge studies that carefully juxtapose the breakup of the Soviet empire with the transformation of other multinational empires

The Road to Unfreedom Timothy Snyder, 2019-04-09 NEW YORK TIMES BESTSELLER From the author of *On Tyranny* comes a stunning new chronicle of the rise of authoritarianism from Russia to Europe and America A brilliant analysis of our time Karl Ove Knausgaard *The New Yorker* With the end of the Cold War the victory of liberal democracy seemed final Observers declared the end of history confident in a peaceful globalized future This faith was misplaced Authoritarianism returned to Russia as Vladimir Putin found fascist ideas that could be used to justify rule by the wealthy In the 2010s it has spread from east to west aided by Russian warfare in Ukraine and cyberwar in Europe and the United States Russia found allies among nationalists oligarchs and radicals everywhere and its drive to dissolve Western institutions states and values found resonance within the West itself The rise of populism the British vote against the EU and the election of Donald Trump were all Russian goals but their achievement reveals the vulnerability of Western societies In this forceful and unsparing work of contemporary history based on vast research as well as personal reporting Snyder goes beyond the headlines to expose the true nature of the threat to democracy and law To understand the challenge is to see and perhaps renew the fundamental political virtues offered by tradition and demanded by the future By revealing the stark choices before us between equality or oligarchy individuality or totality truth and falsehood Snyder restores our understanding of the basis of our way of life offering a way forward in a time of terrible uncertainty

Ukraine Serhy Yekelchuk, 2007-03-29 In 2004 and 2005 striking images from the Ukraine made their way around the world among them boisterous orange clad crowds protesting electoral fraud and the hideously scarred face of a poisoned opposition candidate Europe's second largest country but still an immature state only recently independent Ukraine has become a test case of post communist democracy as millions of people in other countries celebrated the protesters eventual victory Any attempt to truly understand current

events in this vibrant and unsettled land however must begin with the Ukraines dramatic history Ukraine s strategic location between Russia and the West the country s pronounced cultural regionalism and the ugly face of post communist politics are all anchored in Ukraine s complex past The first Western survey of Ukrainian history to include coverage of the Orange Revolution and its aftermath this book narrates the deliberate construction of a modern Ukrainian nation incorporating new Ukrainian scholarship and archival revelations of the post communist period Here then is a history of the land where the strategic interests of Russia and the West have long clashed with reverberations that resonate to this day **Russia in the Age of Reaction and Reform 1801-1881** David Saunders,2014-07-30 This eagerly awaited study of Russia under Alexander I Nicholas I and Alexander II the Russia of War and Peace and Anna Karenina brings the series near to completion David Saunders examines Russia s failure to adapt to the era of reform and democracy ushered into the rest of Europe by the French Revolution Why despite so much effort did it fail This is a superb book both as a portrait of an age and as a piece of sustained historical analysis *The End of Empire?* Karen Dawisha,Bruce Parrott,1997 First Published in 1997 Routledge is an imprint of Taylor Francis an Informa company *The Struggle for the Eurasian Borderlands* Alfred J. Rieber,2014-03-20 A major new account of the Eurasian borderlands as shatter zones which have generated some of the world s most significant conflicts
