Nobody Cares Frank Safetyman Burg, 2020-06-30 An early life tragedy and survivor's guilt led Frank Burg toward life as a safetyman. He's devoted his life to accident prevention investigation and the development of safety standards to prevent pain, suffering, and economic catastrophe. In this book, he explores how to prevent serious accidents with common sense, eliminate the root causes of hazards, learn what it takes to pursue a career in safety and health, recognize limitations, and determine when you need an expert. Burg draws on his experiences working for the Occupational Safety and Health Administration as a corporate safety director, teacher, and trainer to share basic principles of safety and health. Whether you want to protect yourself, family, or business interests, you'll find his guidance essential. Simple tasks such as getting your mail, using a stool to change an energized lightbulb, or pulling leaves out of a gutter can put your life in jeopardy. Think twice before you act, recognize potential hazards, and solve problems with life-saving guidance from a safetyman.

Nobody Cares About Your Career Erika Ayers Badan, 2024-06-11 The ultimate playbook for crushing it at work from the first CEO of Barstool Sports. She worked hand in hand with a founder who was a lightning rod for controversy. OK for stepping in. She grew a chaotic company, Vanity Fair, called it a pirate ship, housed over a dentist's office outside of Boston, that published giveaway papers into a juggernaut with more than 5 billion monthly video views and 225 million followers valued at 550 million dollars. Erika Ayers Badan calls herself a token CEO, the rare female employee in the highest rank of a bro-roar sports and new media culture. She's also a massive student of work, how to do it, how to be effective at it, how to get noticed, how to crush it, how to figure out what you love and do it as a job. She's figured it out after big marketing jobs in large traditional corporations like Microsoft and AOL. For herself, she's figured it out for friends, she figured it out for the thousands of people who listened to her Barstool podcast, Token CEO, every week. And in this book, she's figuring it out for everybody else. With the verve and motivation of books like *YOU ARE A BADASS* and the smart, specific ideas of titles like *ATOMIC HABITS*, *NOBODY CARES ABOUT YOUR CAREER* is a real playbook. It's about how work really works and how you can get work to work for you. It's about thank-you notes and thankless tasks, the energy in meetings and energy vampires, how to pick a boss and how to get a boss to pick you. It's about being all in but not bringing your whole self to work; some of you is better left at home and becoming valuable to your workplace. It's about participating with your brain, your skills, your experience, and your willingness to pitch in and offer yourself up for something you may not even know how to do yet. It's about making your own luck at work. *NOBODY CARES ABOUT YOUR CAREER* is for first-time job seekers who think no company will ever want them, people stuck in second or third jobs who don't know how to move on to the next thing, people who have the job they thought was their brass ring but who discovered it's not all that. Her chapter titles include *Do Whatever Makes You Happy* and *F--- Anyone Who Says Otherwise*. Know what your company is paying you to do. Don't
