Daughters of Suburbia Lorraine Delia Kenny,2000 White middle class suburbia represents all that is considered normal in the United States especially to the people who live its privileged life Part ethnography part cultural study Daughters of Suburbia focuses on the lives of teenage girls from this world the world of the Long Island New York middle school that author Lorraine Kenny once attended to examine how standards of normalcy define gender exercise power and reinforce the cultural practices of whiteness In order to move beyond characterizations of the normal a loaded term that can obscure much of what actually defines this culture Kenny highlights both the experiences of the middle school students and the stories of three notoriously bad white middle class teenage girls Amy Fischer the Pistol Packing Long Island Lolita Cheryl Pierson who hired a classmate to murder her father and Emily Heinrichs a former white supremacist and a teen mom Arguing that middle class whiteness thrives on its invisibility on not being recognized as a cultural phenomenon Kenny suggests that what the media identify as aberrant as well as what they choose not to represent are the keys to identifying the unspoken assumptions that constitute middle class whiteness as a cultural norm Daughters of

Suburbia makes the familiar strange and gives substance to an otherwise intangible social position Lorraine Kenny is the Public Education Coordinator for the American Civil Liberties Union's Reproductive Freedom Project She has taught anthropology at Sarah Lawrence College Handbook of Fictitious Names Olphar Hamst, 1868 **Beauchamp; Or, The Error** George Payne Rainsford James, 1846 Dickens and the Daughter of the House Hilary M. Schor, 2000-01-27 Feminist criticism has not been kind to Charles Dickens The characters George Orwell referred to as legless angels Little Nell Agnes Wickfield Esther Summerson and others have been conjured as evidence of Dickens inability to create real women Critics wishing to rescue him have turned to the dark angry women Nancy Lady Dedlock Miss Wade who disrupt the calm surface of some of Dickens novels In this book Hilary M Schor argues that the role of the good daughter is interwoven with that of her angry double in Dickens fiction and is the centre of narrative authority in the Dickens novel As the good daughters must leave their father's house and enter the world of the marketplace they transform and rewrite the stories they are empowered to tell The daughter's uncertain legal status and her power of narrative gave Dickens a way of reading and writing his own culture differently **The Smart Set**, 1910 *Class Definitions* Michelle M. Tokarczyk, 2008 This book examines how working class status intersects with other identities such as gender sexual orientation ethnicity and region in the lives and works of the three authors named Its introduction discusses widely recognized definitions of the working class and common traits of working class literature These include representations of working class lives providing a voice for the voiceless representation of suffering caused by class inequities and the use of working class dialect Working class women's literature in particular reclaims women's bodies from overwork sexual abuse or degradation brought on by poverty The text then devotes a chapter to each author's life and writing examining the distinct critical features of each writer's work as well as the specific ethnic regional and personal dynamics that inflect her working class experiences *Class Definitions* includes unpublished interviews with each of the authors During the past decade working class literature has been recognized in national conferences as well as in anthologies Yet there are stubborn tendencies to identify the working class with white male laborers and to see ethnic and working class writing as distinct camps This book argues for recognition of the varieties of working class experience through its examination of three diverse authors and their texts It highlights the specific working class experience of each author and thus avoids essentializing working class women's lives and writings Maxine Hong Kingston's writing was informed by her years in the anti Vietnam War movement as well as by her working class background Her recent work has reflected writing workshops with veterans Sandra Cisneros's work represents women struggling with the Chicano code of machismo and the legend of La Malinche Dorothy Allison has talked about her need to write against the stereotypes of poor Southerners as well as to be out about her lesbianism Working class women's literature is not propaganda or a blueprint but rather might be compared to a tapestry as rich and multifaceted as the American multicultural landscape itself *Class Definitions* is informed by feminist working class and literary theory but written in a highly accessible

and engaging prose It will appeal to both scholars and the wide reading public that Kingston Cisneros and Allison each enjoy Ultimately the book provides a deeper understanding of each author s work and argues for a more nuanced appreciation of working class women s literature In lives characterized by material deprivation and social marginality literature provides a glimmer of hope For each of these writers imaginative writing is not only a vivid representation of inequalities but also an inspiring glimpse into possibilities
