Synesthesia and the Arts Dani Cavallaro,2013-10-16 This study explores the relationship between synesthesia the experience of a sensation in one perceptual domain triggering a sensation in another perceptual domain and the arts including painting photography music and literature Its aim is twofold to introduce readers as yet unfamiliar with synesthesia to this intriguing phenomenon by focusing on its impact on the creation and reception of art and to alert readers already conversant with synesthesia in its many manifestations to its potential to encourage fresh ways of approaching art of understanding the part played by our bodies in its production and receipt and by extension of reassessing our position in nature as humans

Art in Anime Dani Cavallaro,2011-12-28 Anime hand drawn or computer animated Japanese cartoons appears in television series films video video games and commercials and represents most genres of fiction This critical study explores anime s relationship with art from a twofold perspective Drawing from categories as varied as romance comedy slice of life drama science fiction bildungsroman and school drama it examines anime s representation of characters pursuing diverse artistic activities and related aesthetic visions focusing closely on the concepts of creativity talent expressivity and experimentation Additionally the analysis engages with anime s own artistry proposing that those characters endeavors provide metaphors for the aims and objectives pursued by anime itself as an evolving art form The cross cultural resonance of this work makes it relevant not only to anime fans and scholars but also to those interested in the phenomenon of image making

Reading Japan Cool John E. Ingulsrud,Kate Allen,2010-02-03 Japanese animation video games and manga have attracted fans around the world The characters the stories and the sensibilities that come out of these cultural products are

together called Japan Cool This is not a sudden fad but is rooted in manga Japanese comics which since the mid 1940s have developed in an exponential way In spite of a gradual decline in readership manga still commands over a third of the publishing output The volume of manga works that is being produced and has been through history is enormous There are manga publications that attract readers of all ages and genders The diversity in content attracts readers well into adulthood Surveys on reading practices have found that almost all Japanese people read manga or have done so at some point in their lives The skills of reading manga are learned by readers themselves but learned in the context of other readers and in tandem with school learning Manga reading practices are sustained by the practices of other readers and manga content therefore serves as a topic of conversation for both families and friends Moreover manga is one of the largest sources of content for media production in film television and video games Manga literacy the practices of the readers the diversity of titles and the sheer number of works provide the basis for the movement recognized as Japan Cool Reading Japan Cool is directed at an audience of students of Japanese studies discourse analysts educators parents and manga readers
