Non Governmental Organisations And The State In Asia Rethinking Roles In Sustainable Agricultural Development:

Non-Governmental Organizations and the State in Asia John Farrington, David J. Lewis, 2014-01-09 This presents twenty specially commissioned case studies of farmer participatory approaches to agricultural innovation initiated by NGOs in Asia Beginning with a broad review of institutional activity at the grassroots the authors set the case material within the context of NGO relations with the State and their contribution to democratisation and the consolidation of rural civil society Specific questions are raised how good bad are NGOs at promoting technological innovation and addressing constraints to change in present agriculture how effective are NGOs at strengthening grassroots organizations and how do will donor pressures influence NGOs and their links to the State This title is part of a series on Non Governmental Organizations co ordinated by the Overseas Development Institute To complete this comprehensive review and critique there are two other regional case study volumes on Africa and Latin America and an overview volume *Reluctant Partners Non-governmental Organisations and the State in Asia* John Farrington, David J. Lewis, 1993 [Reluctant Partners? Non-Governmental Organizations, the State and Sustainable Agricultural Development](#) Anthony Bebbington, John Farrington, David J. Lewis, Kate Wellard, 2005-07-15 *Reluctant Partners* combines comprehensive empirical insights into NGOs work in agriculture with wider considerations of their relations with the State and their contribution to democratic pluralism This overview volume for the Non Governmental Organizations series contextualizes and synthesizes the case study material in the three regional volumes on Africa Asia and Latin America where over sixty specially commissioned case studies of farmer participatory approaches to agricultural innovation are presented Specific questions are raised How good bad are NGOs at promoting technological innovation and addressing constraints to change in peasant culture How effective are NGOs at strengthening local organizations How do will donor pressures influence NGOs and their links to the State **Non-Governmental Organizations and the State in Africa** James G. The Politics of NGOs in Southeast Asia Gerard Clarke,2006-05-17 The Politics of NGOs in Southeast Asia traces the history of the emergence of NGOs in the Philippines and southeast Asia and the political factors which encouraged this The main focus is on the period from the mid 1990s when NGOs first became a notable force in the region It documents the complex relations between NGOs and other political actors including the state organised religion foreign donors the business sector and underground insurgent groups and their impact on NGO strategy

Non-Governmental Organisations - Performance and Accountability Michael Edwards,David Hulme,2014-03-18 The last decade has seen some significant changes in international development and in the status of non governmental organisations operating in the field Not only has the number of NGOs virtually doubled many of them have seen a considerable growth in their budgets and have grown closer to governments and official aid agencies NGOs are acknowledged by many to be more effective agents of development than governments or commercial interests even as a magic bullet for development problems Despite these positive trends the real impact of the NGO sector is not well documented This is partly because NGO performance assessment and accountability methods are weak and partly because NGOs are caught up increasingly in the world of official aid which pushes them towards certain forms of evaluation at the expense of others This unique book takes a hard and critical look at these issues and describes how NGOs can and must improve the way they measure and account for their performance if they are to be truly effective

The Politics of NGOs in Indonesia Bob S. Hadiwinata,2003-08-29 This book deals with two major issues how Indonesian NGOs survived under Suharto s authoritarian rule and how NGOs contributed to the promotion of democracy in the post Suharto era If NGOs are to change from development to movement in democratic post Suharto Indonesia they must adjust not only their management and working style but also their very ideology This comprehensive study will be an important book for scholars interested in Asian studies Indonesian politics and development studies

The Management of Non-Governmental Development Organizations David Lewis,2006-12-11 The first edition of this book was published in 2001 by Routledge and was the first academic text on the important new emerging field of NGO management It sets out the field for researchers with a new and original conceptual framework contains a comprehensive review of existing literature

from a variety of disciplines including management development studies and social policy and provides wide ranging examples from the author's own practical and research experience New to this edition twelve new detailed case studies of NGO management issues and challenges new discussion points lessons learned and questions for debate to guide the reader through each chapter definitions of key terms highlighted key ideas to illustrate each chapter Revealing the distinctive organizational challenges faced by NGOs this second edition provides a fully updated and revised text that will prove invaluable to all those studying or working in NGOs the voluntary sector or development studies Visit the Companion website at www.routledge.com/textbooks/9780415370936 State & NGOs Shinichi Shigetomi, 2003-08-01 There is already much literature on the significance of NGOs in the development process However there has been little discussion on why the NGOs take on different forms in different countries This volume examines the state NGO relationships in fifteen countries It is not however a pot pourri of country reports All the contributors use the same analytical framework and focus on the key concept of economic and political space for NGOs Readers will find that the analysis of the various NGO forms is well synthesized in this volume Non-Governmental Organizations, Management and Development David Lewis, 2014-03-05 Non Governmental Development Organizations have seen turbulent times over the decades however recent years have seen them grow to occupy high profile positions in the fight against poverty They are now seen as an important element of civil society a concept that has been given increasing importance by global policy makers This book has evolved during the course of that period to be a prime resource for those working or wishing to work with and for NGOs The third edition of Non Governmental Organizations Management and Development is fully updated and thoroughly reorganized covering key issues including but not limited to debates on the changing global context of international development and the changing concepts and practices used by NGOs The interdisciplinary approach employed by David Lewis results in an impressive text that draws upon current research in non profit management development management public management and management theory exploring the activities relationships and internal structure of the NGO This book remains the first and only comprehensive and academically grounded guide to the issues facing international development NGOs as they operate in increasingly complex and challenging conditions around the world It is the perfect resource for students undertaking studies of NGOs and the non profit sector in addition to being an excellent resource for development studies students more generally

Government-NGO Relations in Asia Noeleen Heyzer, 1996-01-12 Governments and NGOs non governmental organizations in Asia face critical development challenges This volume examines ways to improve the policy environment for NGOs in Asia so that they may contribute more effectively to the development process The contributors identify the main factors which influence the policy environment for NGOs characterize and compare the political space for NGOs examine the roles that governments and international development agencies can play in supporting NGOs and propose possible strategies and policy guidelines for improving government NGO relations in Asia Good Governance and Development Brian

Smith,2007-08-20 An exploration of the implications of the good governance agendas for developing and newly democratized countries The book assesses the good governance agenda and examines the view of the international development agencies Finally it considers the contribution political science can make to an understanding of each dimension of governance

Special Reference Briefs ,1983 **Law and Poverty** Lucy Williams,Asbjørn Kjørstad,Peter Robson,2003-12 This work exposes how law is central to the causes and structure of poverty and explores new possibilities for using the law to alleviate poverty It covers international human rights conventions constitutional and statutory provisions and social insurance and social assistance law

Non-Governmental Organizations and Development David Lewis,Nazneen Kanji,Nuno S. Themudo,2020-12-29 This book is an introduction to the wide ranging topic of non governmental organizations

NGOs and development combining a critical overview of the main research literature with a set of up to date theoretical and practical insights drawn from experience in Asia Europe Africa and elsewhere The revised second edition highlights the continuing importance of NGOs in development while fully engaging with the criticisms that their increased profile now attracts It considers issues such as securitization changing technologies and recent concerns about safeguarding as well as going into more detail around topics such as market based development and social enterprise The diversity of NGOs and their roles is discussed against the broader historical background of struggles for social justice in different societies as well as within the shifting ideological contexts of neoliberalism and populism Using a broad range of short case studies of both successful and unsuccessful interventions the authors analyze how interest in NGOs has both reflected and informed wider theoretical trends and debates within development studies The book argues that NGOs are central to both development theory and practice and are likely to remain important actors for many years to come This critical overview will be useful to students of development studies at undergraduate and master s levels in fields and disciplines as diverse as International Development Studies International Relations Geography Anthropology Global Studies Politics and International Studies as well as general readers and practitioners

Approaches to Sustainable Development Richard M. Auty, Katrina Brown, 2021-12-24 A definition of sustainable development is that of the Brundtland Commission development which meets the needs of the current generation without jeopardizing the needs of future generations This volume seeks to analyze the economic basis for this definition and to look at the critiques of the economic approach which have their basis in growing disquiet over the role of the productive normative science driving technological change and economic transformation The discussion is followed by studies of the application of the criteria of sustainability to rural problems in South Asia Kenya Nepal and Latin America and to urban industrial problems in Jamaica Chile and Vietnam
