None Can Guess:

Evangelicalism in Modern Britain David W. Bebbington, 2003-09-02 Bebbington presents a newly researched historical study of Evangelical religion in its British cultural setting Focusing on patterns of change affecting all churches it details how the movement has been moulded by British culture *The Church Militant* Graham R. Smith, 2016-11-08 A worldview of spiritual warfare is widely held among charismatics and Pentecostals but it has been criticized for producing paranoia and denying personal responsibility It is less well known that the term was first used in print around 1970 by Anglican charismatics What did it mean to them then and what are the practical effects of their worldview Should we now be adopting a more sophisticated ontology of evil such as Nigel Wright's non ontological realist view or Amos Yong's apophatic theology of the demonic rather than the traditional one that Satan and demons are real ontological entities This practical theological study begins with a study of Anglican charismatic pioneers and an in depth case study of a charismatic Anglican congregation before grappling with the ontological question in dialogue with Wright together with Barth and Walter Wink Yong and Gregory Boyd A fresh engagement with the biblical texts then argues for a positive realist ontology for rebellious demonic powers and presents a Trinitarian model of spiritual warfare praxis that emphasizes personal responsibility and promotes freedom from fear
