The size, resources, and activities of this population have made it the public face of American Christianity and altered the relationship between individuals, churches, and denominations. *Beyond the Congregation* utilizes data on almost 2,000 of the largest and most influential Christian nonprofits in the United States to answer some of the key questions raised by these organizations: What explains the growth of Christian nonprofits? What activities are they pursuing? How are they funded, and how do they use those funds? *Beyond the Congregation* provides a much-needed examination of these issues that is accessible and informative for scholars, nonprofit executives, religious leaders, and the general public.
