From Tongue to Text: A New Reading of Children's Poetry Debbie Pullinger, 2017-05-04 The connection between childhood and poetry runs deep And yet poetry written for children has been neglected by criticism and resists prevailing theories of children s literature Drawing on Walter Ong s theory of orality and on Iain McGilchrist s work on brain function this book develops a new theoretical framework for the study of children s poetry From Tongue to Text argues that the poem is a multimodal form that exists in the borderlands between the world of experience and the world of language and between orality and literacy places that children themselves inhabit Engaging with a wide range of poetry from nursery rhymes and Christina Rossetti to Michael Rosen and Carol Ann Duffy Debbie Pullinger demonstrates how these tactful works are shaped by the dynamics of orality and textuality

Classical Reception and Children's Literature Owen Hodgkinson, Helen Lovatt, 2018-01-30 Reception studies have transformed the classics Many more literary and cultural texts are now regarded as valid for classical study And within this process of widening children s literature has in its turn emerged as being increasingly important Books written for children now comprise one of the largest and most prominent bodies of texts to engage with the classical world with an audience that constantly changes as it grows up This innovative volume wrestles with that very characteristic of change which is so fundamental to children s literature showing how significant the classics as well as classically inspired fiction and verse have been in tackling the adolescent challenges posed by metamorphosis Chapters address such themes as the use made by C S Lewis in The Horse and his Boy of Apuleius The Golden Ass how Ovidian myth frames the Narnia stories classical nonsense in Edward Lear Pan as a powerful symbol of change in children s literature for instance in The Wind in the Willows the transformative power of the Orpheus myth and how works for children have handled the teaching of the classics

Literary Bric-à-Brac and the Victorians Jen Harrison, 2016-05-06 What are we to make of the Victorians fascination with collecting What effect did their encounters with the curious exotic and downright odd have on Victorian writers and their works The essays in this collection take up these questions by examining the phenomenon of bric brac in Victorian literature The contributors to Literary Bric Brac and the Victorians From Commodities to Oddities explore sites of unusual concurrence including museums the home art galleries private collections and the way in which bric brac brought the alien into everyday settings the past into the present and the wild into the domestic Focusing on the representation of material culture in Victorian literature the essays in this volume seek out miscellaneous and incongruous objects that take readers

beyond the commonplace paradigms associated with commodity culture Individual chapters analyse the work of writers as different as Edward Lear and John Henry Newman Robert Browning and George Eliot Charles Dickens and Lewis Carroll In so doing they shed light on a dizzying array of topics and objects that include class and capitalism the occult and the sacraments Darwinism and dandyism umbrellas textiles the Philosopher's Stone and even the household nail [Making Sense of Nonsense](#) Raymond Moody, 2020-01-08 What do the whimsical writings of Dr Seuss have in common with near death experiences The answer is that nonsense writing and spiritual experiences seem to defy all logic and yet they both can make a powerful personal impact In this book New York Times bestselling author Dr Raymond Moody shares the groundbreaking results of five decades of research into the philosophy of nonsense revealing dynamic new perspectives on language logic and the mystical side of life Explore the meaningful feelings that accompany nonsense language and learn how engaging with nonsense can help you on your own spiritual path Discover how nonsense transcends classical logic opening the doorway to new spiritual and philosophical breakthroughs With dozens of examples from literature comedy music and the history of religion this book presents a unique new approach to the mysteries of the human spirit *Born to Be Posthumous* Mark Dery, 2018-11-06 The definitive biography of Edward Gorey the eccentric master of macabre nonsense From The Gashlycrumb Tinies to The Doubtful Guest Edward Gorey's wickedly funny and deliciously sinister little books have influenced our culture in innumerable ways from the works of Tim Burton and Neil Gaiman to Lemony Snicket Some even call him the Grandfather of Goth But who was this man who lived with over twenty thousand books and six cats who roomed with Frank O'Hara at Harvard and was known in the late 1940s no less to traipse around in full length fur coats clanking bracelets and an Edwardian beard An eccentric a gregarious recluse an enigmatic auteur of whimsically morbid masterpieces yes but who was the real Edward Gorey behind the Oscar Wildean pose He published over a hundred books and illustrated works by Samuel Beckett T S Eliot Edward Lear John Updike Charles Dickens Hilaire Belloc Muriel Spark Bram Stoker Gilbert Sullivan and others At the same time he was a deeply complicated and conflicted individual a man whose art reflected his obsessions with the disquieting and the darkly hilarious Based on newly uncovered correspondence and interviews with personalities as diverse as John Ashbery Donald Hall Lemony Snicket Neil Gaiman and Anna Sui *Born to Be Posthumous* draws back the curtain on the eccentric genius and mysterious life of Edward Gorey *I Can Read It All by Myself* Paul V. Allen, 2021-05-28 In the late 1950s Ted Geisel took on the challenge of creating a book using only 250 unique first grade words something that aspiring readers would have both the ability and the desire to read The result was an unlikely children's classic The Cat in the Hat But Geisel didn't stop there Using The Cat in the Hat as a template he teamed with Helen Geisel and Phyllis Cerf to create Beginner Books a whole new category of readers that combined research based literacy practices with the logical insanity of Dr Seuss The books were an enormous success giving the world such authors and illustrators as P D Eastman Roy McKie and Stan and Jan Berenstain and beloved bestsellers such as Are You My Mother Go Dog Go Put Me in

the Zoo and Green Eggs and Ham The story of Beginner Books and Ted Geisel's role as president policymaker and editor of the line for thirty years has been told briefly in various biographies of Dr Seuss but I Can Read It All by Myself The Beginner Books Story presents it in full detail for the first time Drawn from archival research and dozens of brand new interviews I Can Read It All by Myself explores the origins philosophies and operations of Beginner Books from The Cat in the Hat in 1957 to 2019's A Skunk in My Bunk and reveals the often fascinating lives of the writers and illustrators who created them

The Sound of Nonsense Richard Elliott, 2017-12-28 In The Sound of Nonsense Richard Elliott highlights the importance of sound in understanding the nonsense of writers such as Lewis Carroll Edward Lear James Joyce and Mervyn Peake before connecting this noisy writing to works which engage more directly with sound including sound poetry experimental music and pop By emphasising sonic factors Elliott makes new and fascinating connections between a wide range of artistic examples to ultimately build a case for the importance of sound in creating maintaining and disrupting meaning **Words, Books, Images, and the Long Eighteenth Century** Antoinina Bevan Zlatar, Mark Ippen, Enit Karafili Steiner, Olga Timofeeva, 2021-12-15 The essays collected in this volume engage in a conversation among lexicography the culture of the book and the canonization and commemoration of English literary figures and their works in the long eighteenth century The source of inspiration for each piece is Allen Reddick's scholarship on Samuel Johnson 1709-1784 the great English lexicographer whose Dictionary 1755 included thousands upon thousands of illustrative quotations from the best authors and more recently on Thomas Hollis 1720-1774 the much less well known bibliophile who sent gifts of books by a pantheon of Whig authors to individuals and libraries in Britain Protestant bastions in continental Europe and America Between the covers of Words Books Images readers will encounter canonical English authors of prose and poetry Bacon Milton Defoe Dryden Pope Richardson Swift Byron Mary Shelley and Edward Lear But they will also become acquainted with the agents of their canonization and commemoration the printers and publishers of Grub Street the biographer John Aubrey the lexicographer and biographer Johnson the bibliophile Hollis and the portrait painter Reynolds No less crucially they will meet fellow readers of then and now women and men who peruse poach snip and savour a book's every word and image

Inventing Edward Lear Sara Lodge, 2018-11-30 Inventing Edward Lear is an exceptional valuable original study presenting new materials on aspects of Lear's life and work Jenny Uglow author of Mr Lear and The Lunar Men Edward Lear wrote some of the best loved poems in English including The Owl and the Pussycat but the father of nonsense was far more than a poet He was a naturalist a brilliant landscape painter an experimental travel writer and an accomplished composer Sara Lodge presents the fullest account yet of Lear's passionate engagement in the intellectual social and cultural life of his times Lear had a difficult start in life He was epileptic asthmatic and depressive but even as a child a consummate performer who projected himself into others' affections He became by John James Audubon's estimate one of the greatest ornithological artists of the age Queen Victoria an admirer chose him to be her painting teacher He popularized the limerick set Tennyson's

verse to music and opened fresh doors for children and adults to share fantasies of magical escape Lodge draws on diaries letters and new archival sources to paint a vivid picture of Lear that explores his musical influences his religious nonconformity his relationship with the Pre Raphaelite movement and the connections between his scientific and artistic work He invented himself as a character awkward but funny absurdly sympathetic In Lodge s hands Lear emerges as a dynamic and irreverent polymath whose conversation continues to draw us in Inventing Edward Lear is an original and moving account of one of the most intriguing and creative of all Victorians
