Nora Herlihy A. T. Culloty, 1990 Mná Na HÉireann Nicola Depuis, 2009 From Queen Medbh to Mary McAleese Constance Markiewicz to Nell McCafferty this is a collection of profiles of women who have shaped Ireland For too long when people discuss Irish heroes and important figures only men have been cited Mn na hireann addresses that tendency and offers an impressive array of women who have brought change and progress to Ireland From the mythical era through the Middle Ages the Plantation the Famine the struggle for independence and the early years of the state right up to the twenty first century Mn na hireann profiles over 50 formidable Irish women *Credit and Community* Sean O'Connell, 2009-01-22 This text examines the history of consumer credit and debt in working class communities Concentrates on forms of credit that were traditionally very dependent on personal relationships and social networks it covers how community based arrangements declined as more impersonal forms of borrowing emerged during the 20th century **An Economic History of Ireland Since Independence** Andy Bielenberg, Raymond Ryan, 2013-05-20 This book provides a cogent summary of the economic history of the Irish Free State Republic of Ireland It takes the Irish story from the 1920s right through to the present providing an excellent case study of one of many European states which obtained independence during and after the First World War The book covers the transition to protectionism and import substitution between the 1930s and the 1950s and the second major transition to trade liberalisation from the 1960s In a wider European context the Irish experience since EEC entry in 1973 was the most extreme European example of the achievement of industrialisation through foreign direct investment The eager adoption of successive governments in recent decades of a neo liberal economic model more particularly de regulation in banking and construction has recently led the Republic of Ireland to the most extreme economic crash of any western society since the Great Depression **Historical Dictionary of the Cooperative Movement** Jack Shaffer, 1999-08-31 Provides snapshot views of the cooperative movement in all its diversity The only single source one can consult to find so much information on the different kinds of cooperatives significant figures including philosophers pioneers officials and leaders and the situation in a large number of countries With a list of acronyms an extensive chronology appendixes and a comprehensive bibliography Contemporary Issues in Management Lindsay Hamilton, Laura Mitchell, Anita Mangan, 2014-06-27 This book is for upper level students managers and academics who are interested in exploring the messy reality of the contemporary workplace and in considering how things might be done differently In particular it offers a critical perspective on **Alfred O'Rahilly: Controversialist: Social reformer. pt.1.; Controversialist: Catholic Apologist. pt. 2** J.
