Norddeutscher Lloyd Bremen 1857-1970 History Fleet Shipmails:

Norddeutscher Lloyd, Bremen, 1857-1970 Edwin Drechsel, 1994 Steamship Nationalism Mark A. Russell, 2020-04-15

Steamship Nationalism is a cultural social and political history of the S S Imperator Vaterland and Bismarck Transatlantic passenger steamships launched by the Hamburg Amerikanische Packetfahrt Aktien Gesellschaft HAPAG between 1912 and 1914 they do not enjoy the international fame of their British counterparts most notably the Titanic Yet the Imperator class liners were the largest most luxurious passenger vessels built before the First World War In keeping with the often overlooked history of its merchant marine as a whole they reveal much about Imperial Germany in its national and international dimensions As products of business decisions shaped by global dynamics and the imperatives of international travel immigration and trade HAPAG s giant liners bear witness to Germany s involvement in the processes of globalization prior to 1914 Yet this book focuses not on their physical but on their cultural construction in a variety of contemporaneous media including the press and advertising on both sides of the Atlantic At home they were presented to the public as symbolic of the nation s achievements and ambitions in ways that emphasize the complex nature of German national identity at the time Abroad they were often construed as floating national monuments and as such facilitated important encounters with Germany both virtual and real for the populations of Britain and America Their overseas reception highlights the multi faceted image of the European superpower that was constructed in the Anglo American world in these years More generally it is a pointed indicator of the complex relationship between Britain the United States and Imperial Germany **Wikipedia** ,

German Commerce Raiders 1914-18 Ryan K. Noppen, 2015-11-20 This is the story of Germany s commerce raiders of World War I the surface ships that were supposed to starve the British Isles of the vast cargoes of vital resources being shipped from the furthest reaches of the Empire To that end pre war German naval strategists allocated a number of cruisers and armed fast ocean liners as well as a complex and globe spanning supply network to support them known as the Etappe network This book drawing on technical illustrations and the author s exhaustive research explains the often overlooked role that the commerce raiders played in World War I Whilst exploring the design and development of the ships it also describes their operational history how they tied up a disproportionate amount of the British fleet on lengthy pursuits and how certain raiders such as the SMS Emden were able to wreak havoc across the oceans The Names of John Gergen Benjamin Moore, 2021-03-26 Rescued from the dumpster of a boarded up house the yellowing scraps of a young migrant s schoolwork provided Benjamin Moore with the jumping off point for this study of migration memory and identity Centering on the compelling story of its eponymous subject The Names of John Gergen examines the converging governmental and institutional forces that affected the lives of migrants in the industrial neighborhoods of South St Louis in the early twentieth century These migrants were Banat Swabians from Toront l County in southern Hungary they were Catholic agrarian and ethnically German Between 1900 and 1920 the St Louis neighborhoods occupied by migrants were sites of efforts by civic

authorities and social reformers to counter the perceived threat of foreignness by attempting to Americanize foreign born residents At the same time these neighborhoods saw the strengthening of Banat Swabians ethnic identities Historically scholars and laypeople have understood migrants in terms of their aspirations and transformations especially their transformations into Americans The experiences of John Gergen and his kin however suggest that identity at the level of the individual was both more fragmented and more fluid than twentieth century historians have recognized subject to a variety of forces that often pulled migrants in multiple directions

Radical Relationships Alison Clark Efford, Viktorija Bilic, 2021-09 This collection of intimate letters reveals the remarkable radicalism personal and political of Mathilde Franziska Anneke Anneke first became a well known feminist and democrat in Prussia earning notoriety for divorcing her first husband and fighting in the German Revolutions of 1848 1849 After moving to the United States she became a noted proponent of woman suffrage working with Elizabeth Cady Stanton and Susan B Anthony Like many other refugees of the German revolutions Anneke was deeply involved in the Civil War Radical Relationships focuses on the years 1859 1865 which encompassed not only the war but also Anneke s intense romantic friendship with Yankee abolitionist Mary Booth Over the course of seven years Anneke supported Mary through her husband s trial for rape When Sherman Booth was later imprisoned for his abolitionist activity Anneke conspired to spring him from jail The two women then moved with three of their children to Zurich Switzerland where they collaborated on antislavery fiction and mixed with leading European radicals such as Ferdinand Lassalle From Europe they followed the fate of German born soldiers in the Union army including Anneke s husband Fritz and his court martial Throughout her career Anneke s intimate relationships informed her politics and sustained her activism Her correspondence with Fritz and Mary Booth provides fresh perspectives on the transnational dimensions of the Civil War and gender and sexuality

Shadow Voyage Peter A. Huchthausen, 2008-04-21 A fast paced little known story of danger at sea on the eve of World War II On the sweltering evening of August 30 1939 the German luxury liner S S Bremen slipped her moorings on Manhattan s west side abandoned all caution including foghorns radar and running lights and sailed out of New York Harbor commencing a dramatic escape run that would challenge the rules for unrestricted warfare at sea Written by naval historian Peter Huchthausen Shadow Voyage tells the epic adventure

of the Bremen's extraordinary flight to Germany which became a life and death race with British warships and submarines intent on intercepting her. Kammie on First Michelle Houts, 2014-10-15 Dorothy Mary Kamenshek was born to immigrant parents in Norwood Ohio. As a young girl she played pickup games of sandlot baseball with neighborhood children no one however would have suspected that at the age of seventeen she would become a star athlete at the national level. The outbreak of World War II and the ensuing draft of able bodied young men severely depleted the ranks of professional baseball players. In 1943 Philip K. Wrigley owner of the Chicago Cubs led the initiative to establish a new league a women's league to fill the ballparks while the war ground on in Europe and the Pacific. Kamenshek was selected and assigned to the Rockford Peaches in their inaugural season and played first base for a total of ten years becoming a seven time All Star and holder of two league batting titles. When injuries finally put an end to her playing days she went on to a successful and much quieter career in physical therapy. Fame came again in 1992 when Geena Davis portrayed a player loosely based on Kamenshek in the hit movie *A League of Their Own*. *Kammie on First* is a real life tale that will entertain and inspire young readers both girls and boys. It is the first book in a new series *Biographies for Young Readers* from Ohio University Press. **Ships Monthly**, 1995
