*Émigré New York: French Intellectuals in Wartime Manhattan, 1940-1944* Jeffrey Mehlman, 2019-08-17

Wartime New York was the city where French Symbolism Maurice Maeterlinck came to live out its last productive years where French surrealism Andr Breton came to survive and where French structuralism Claude L vi Strauss came to be born From the largely forgotten prewar visit to the city of P tain and Laval to the seizing burning and capsizing of the Normandie France s floating museum in the Hudson River Jeffrey Mehlman evokes the writerly world of French Manhattan its achievements and feuds presenting a series of surprising and expertly etched portraits against the backdrop of an overriding irony the United States the world s principal hope in the battle against Hitler s barbarism was for the most part more eager to deal with P tain s collaborationist regime than with what Secretary of State Cordell Hull called de Gaulle s so called Free French movement One of modern European history s great stories Jeffrey Mehlman tells the tale appealingly and persuasively The individual stories not least the symbolism of the ocean liner Normandie s tragic burning and capsizing would be plenty to go on with but Mr Mehlman s theme is a larger one He finds the French intellectuals in World War II New York not very different from the French aristocrats who found refuge in Koblenz in the last decade of the 18th century hoping for a reversal of the Revolution and restoration of the ancien regime Colin Walters Washington Times Subtle erudite and often humorous Previous attempts by literature professors to tackle culture have not always resulted in works as mind stretching and entertaining as this account Stanley Hoffman Foreign Affairs A series of elegant essays of cultural criticism Kim Munholland American Historical Review Jeffrey Mehlman has written an intriguing highly original work He has succeeded in achieving a personal yet erudite series of insights about intellectual production of French writers and philosophers exiled in New York during the Second World War Mehlman deftly and sometime humorously brings to life this motley cast of characters Jonathan Gosnell French Review Mehlman s insightful book on French exiles in wartime New York City enriches the understanding of how very diverse political exiles reacted to the traumatic suffering of their homelands and other countries occupied by the Nazis Edmund J Champion Magill s Literary Annual Mehlman s greatest achievement is neither the history he s opened up nor the reputations he s reclaimed It is the quality of the close reading that is most admirable tracing words and themes as they echo and resonate from one text to another David Herman Jewish Quarterly Mehlman has written a brilliant original and challenging work There is quite simply no other work like it because Mehlman works on two levels at once historical and metaphysical It should find an eager audience among scholars working in the fields of twentieth century French literature the history of French thought and the history of France in World War II Arthur Goldhammer Center for European Studies Harvard University

these vessels including Mauretania Olympic the first Queen Mary and France had long and glorious careers others Titanic Lusitania and Normandie among them suffered tragic endings J Kent Layton describes the heyday of the superliners and explains what life was like for passengers both rich and poor

Young, 2002-10-30 Most historical studies bury us in wars and politics, paying scant attention to the everyday effects of pop culture. Welcome to America's other history: the arts, activities, common items, and popular opinions that profoundly impacted our national way of life. The twelve narrative chapters in this volume provide a textured look at everyday life, youth, and the many different sides of American culture during the 1930s. Additional resources include a cost comparison of common goods and services, a timeline of important events, notes arranged by chapter, an extensive bibliography for further reading, and a subject index. The dark cloud of the Depression shadowed most Americans' lives during the 1930s. Books, movies, songs, and stories of the 1930s gave Americans something to hope for by depicting a world of luxury and money. Major figures of the age included Fred Astaire and Ginger Rogers, Irving Berlin, Amelia Earhart, Duke Ellington, the Marx Brothers, Margaret Mitchell, Cole Porter, Joe Louis, Babe Ruth, Shirley Temple, and Frank Lloyd Wright. Innovations in technology and travel hinted at a Utopian society just off the horizon. Group sports and activities gave the unemployed masses ways to spend their days, and a powerful new demographic, the American teenager, suddenly found itself courted by advertisers and entertainers. *Hidden*

*Power* James Cockayne, 2017-10-01 What should we make of the outsized role organized crime plays in conflict and crisis, from drug wars in Mexico to human smuggling in North Africa, from the struggle in Crimea to scandals in Kabul? How can we deal with the convergence of politics and crime in so-called mafia states such as Guinea-Bissau, North Korea, or as some argue, Russia? Drawing on unpublished government documents and mafia memoirs, James Cockayne discovers the strategic logic of organized crime, hidden in a century of forgotten political criminal collaboration in New York, Sicily, and the Caribbean. He reveals states and mafias competing and collaborating in a competition for governmental power. He discovers mafias influencing elections, changing constitutions, organizing domestic insurgencies, and transnational terrorism; negotiating peace deals and forming governmental joint ventures with ruling groups. And he sees mafias working with the US government to spy on American citizens, catch Nazis, try to assassinate Fidel Castro, invade and govern Sicily, and playing unappreciated roles in the Bay of Pigs fiasco and the Cuban Missile Crisis. *Rose Kennedy: The Life and Times of a Political Matriarch*
