Cummings, Mary H. Foster, This little volume is the outcome of several years experience in telling to classes of children the classic myths both southern and northern The insight and interest displayed by the children encourage the authors to hope that other teachers and pupils may enjoy the myths here reproduced The interest shown at present in the teaching of myths to children seems to call for some such simple volume giving the Norse myths in suitable form for use with pupils as well as for the children s home reading There are various collections of the Greek tales but the books dealing with the Norse myths seem to be more or less cumbered with detail and therefore not adapted to very young readers The experience of the authors satisfies them that the teaching of myths should begin with those of the North and that the Greek tales should be given later with comparisons and references to the Norse myths The stories which were dear to our own northern forefathers stir our children more deeply and are more congenial to them than those which come down to us from the Greeks This is perfectly reasonable The graphic descriptions in the Norse tales of the hard struggle with rugged nature and the severe climate of the North naturally come home more closely to us than the less rigorous and sturdy conditions of the southern nations Then too the moral tone of the Norse myths is higher purer and more steadfast than that of the Greek tales and is more congenial to our Teutonic point of view Much depends of course upon the teacher s careful study of the myths and insight into their significance They should be

presented in such manner as to awaken the interest of the children and lead them to make use of their own imagination The value of the Norse myths has been urged by Carlyle Dasent Anderson and others To me there is in the Norse system something very genuine very great and manlike wrote Carlyle A broad simplicity so very different from the light gracefulness of the old Greek paganism distinguishes this Norse system It is thought the genuine thought of deep rude earnest minds fairly opened to the things about them a face to face and heart to heart inspection of things the first characteristic of all good thought in all times Anderson the author of Norse Mythology wrote In the Norse mythology the centralizing idea is its peculiar feature in it lies its strength and beauty The one myth and the one divinity is inextricably in communion with the other and thus also the idea of unity centralization is a prominent feature and one of the chief characteristics of the Teutonic nations While the Greek mythology foreshadowed the petty states of Greece and southern Europe the Norse mythology foreshadowed the political and social destinies of United Scandinavia United Great Britain and the United States of North America The poetic period of the child s own race should be melted and moulded into poetry touched by a spark of Christian refinement and love and then poured so to speak into his soul The child s mind should feed upon the mythological stories and the primitive folklore of his race While many works have been consulted in the preparation of this volume the authors are especially indebted to the following Thorpe s translation of S mund s Edda The Younger Edda in translations Anderson s Norse Mythology Guerber s Myths of Northern Lands William and Mary Howitt s Literature and Romance of Northern Europe and Mallet s Northern Antiquities

Norse Tales Retold Ritza Freeman,Ruth Davis,2009-04 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work

A Selection from the Norse Tales for the Use of Children Anonymous,2021-11-05 A Selection from the Norse Tales for the Use of Children is a captivating collection of myths and legends that introduces young readers to the world of Norse mythology Written in a straightforward and engaging style the book presents classic Norse tales such as the stories of Odin Thor and Loki in a manner that is both educational and entertaining The beautiful prose and vivid descriptions bring these ancient stories to life making them accessible to children of all ages This book is a valuable resource for those looking to introduce their children to the rich folklore of the Norse culture while also providing a delightful reading experience for adults interested in mythology and storytelling Anonymous s writing style in this book is carefully crafted to captivate young minds and spark their imagination making it a perfect introduction to the enchanting world of Norse mythology The author s deep knowledge and respect for these timeless tales shine through in every page making A Selection from the Norse Tales for the Use of Children a must read for anyone interested in mythology and folklore

Asgard Stories
Tales from Norse Mythology Mary H. Foster,2017-08-29 The interest shown at present in the teaching of myths to children

seems to call for some such simple volume giving the Norse myths in suitable form for use with pupils as well as for the children's home reading. There are various collections of the Greek tales but the books dealing with the Norse myths seem to be more or less cumbered with detail and therefore not adapted to very young readers.

Asgard and the Gods - The Tales and Traditions of Our Northern Ancestors Froming a Complete Manual of Norse Mythology W.

Wagner, 2012-11-07 This antiquarian book comprises a manual of Norse mythology adapted from the work of Dr W W gner being a complete and popular English account of the religious beliefs and superstitious customs of the old Norsemen. The author designed this volume to be suitable and appealing to young readers and as such it is written in clear concise language and is wholly accessible. This fascinating text will appeal to those with an interest in learning about Norse mythology and it makes for a most worthy addition to any personal collection. The chapters of this book include Legends and Myths, The Gods, Their Worlds and Deeds, Opponents of the Gods, King Gylfi and the Ases, Odin, Father of The Gods and the Ases, The Waners, Valkyries, Leading the Warriors on to Battle, Gylfi and his Followers, Loki and His Race, The Other Ases, et cetera. We are republishing this vintage work now complete with a specially commissioned new introduction.

That Book About Norse Mythology David Conley, 2024-01-20 It's got Thor, the god that nobody can beat. It's got Loki, the god that nobody can trust. It's got wars and weapons, machines and magic. It's got plenty more, but you'll have to see for yourself. It's That Book About Norse Mythology. That Book About Norse Mythology is a richly illustrated, scaffolded text with humorous and helpful pictures to take readers for a journey through some of the most influential and famous legends from Norse mythology. This is a must-have for any mythology enthusiast, young or old. Reader beware: Once you've begun reading That Book, it's hard to stop. Reviews for That Book series and David Conley: A totally delightful, energetic and imaginative book. For lovers of the ancient world, young and old. Ursula Dubosarsky, Author of over 50 books and Australian Children's Laureate 2020-2021. David Conley is a bigger legend than Odin and a bigger marvel than Marvel. He puts the Rock into Ragnarok and the Norse into Norse. Nivegavinnuverkfæraskrinngullhringur. This is how the Greeks would have illustrated their myths and legends, and it's what the Norse gods really looked like. Trust me, I've asked them. I loved reading his mythologies, though I had to build a wooden horse and hide inside it to sneak into my son's room to get the books off him to read them. Dr Craig Cormick, OAM award-winning author of over 40 books for the young and young at heart. Did you know that the ancient Egyptians worshipped a bin chicken-headed god? That talented Dave Conley knows this and many other Egypt-related stuffs, and they're all here in this book. Jam-packed: did the Egyptians eat jam? I don't know, ask Dave Conley with more illustrations than the inside of Tutankhamun's tomb. This is a MUST READ for anybody interested in papyrus, embalming sand, and pointy triangle buildings. Jol Bin Chicken Temple 50% of the pair of Kate and Jol Temple, critically acclaimed authors of lots of books I really like. Whenever Terry and I take our time travelling rubbish bin for a spin through the ancient mythical lands of Greece or Midgard, we always take David Conley as our guide, and if he's not available, then we take one of his books. He's the most

knowledgeable expert on Greek and Norse mythological figures we've ever met and we've met them all Andy Griffiths author of over 30 books including the critically acclaimed Treehouse series Gods and Thunder Michael Dahl, Louise Simonson, 2017 Gods and thunder Brothers and betrayal Death and rebirth Original Viking tales of Asgard Thor Loki Odin and Baldur come to life in a full color action packed graphic novel that's perfect for young readers who crave adventure Prepare yourself for sibling rivalry ancient prophecies and epic battles and enter the weird wild world of Norse mythology like you've never seen it before *Norse Mythology* Peter Andreas Munch, 2008-06-01 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world's literature in affordable high quality modern editions that are true to the original work
