The United States and North Africa ,1963 **Multiculturalism and Democracy in North Africa** Moha Ennaji,2014-04-16 Investigating the connections between multiculturalism minorities citizenship and democracy in North Africa this book argues that multiculturalism in this region and in the Arab world at large has reached a significant level in terms of scale and importance In the rest of the world there has been a trend albeit a contested one toward a greater recognition of minority rights The Arab world however particularly North Africa seems to be an exception to this trend as Arab states continue to promote highly unitary and homogenizing ideas of nationhood and state unity whilst discouraging or even forbidding minority political mobilization The central theoretical premise of this book is that North Africa is a multicultural region where culture is inherently linked to politics religion gender and society and a place where democracy is gradually taking root despite many political and economic hurdles Addressing the lacuna in literature on this issue this book opens new avenues of thought and research on diversity linking policy based on cultural difference to democratic culture and to social justice Multiculturalism and Democracy in North Africa will be of use to students and researchers with an interest in Sociology Cultural Studies and Political Science more broadly

Ibadi Theology. Rereading Sources and Scholarly Works Ersilia Francesca,2015-04-30 Ziel dieses Band ist verschiedene Themen der ibaditischen Religion von den Anfängen bis zur Gegenwart zu untersuchen Der Ibadismus entstand in der frühen islamischen Epoche und spielte eine entscheidende Rolle bei der Entwicklung der islamischen Rechts und Glaubenslehre Bis heute hat er einen großen Einfluss auf den Mittleren Osten und Nordafrika Trotz seiner langen Tradition ist der Ibadismus und vor allem die ibaditische Glaubenslehre noch immer wenig bekannt und vielfach auch verkannt Da bis jetzt nur wenige bedeutende umfangreiche Arbeiten zur Ibaditischen Glaubenslehre in europäischen Sprachen vorliegen versucht dieser Band Abhilfe zu schaffen indem er die charakteristische theologische Lehre dieser einflussreichen islamischen Strömung einem breiten Publikum bekannt macht und sich sowohl an Fachleute als auch an Laien wendet Anhand vieler Beispiele aus verschiedenen Epochen und Quellen und mit einem interdisziplinären Ansatz behandeln die Autoren Fragen zu Dogma und Bekenntnis Glaubensverständnis theologischen Kontroversen Neubewertung theologischer Quellen und zum ibaditischen Modernismus im Oman und Nordafrika des vergangenen Jahrhunderts Mittelalterliche ibaditische Quellen sind ausschlaggebend um die frühe Entwicklung der Bewegung und die Dispute über Lehre und Politik zu verstehen die die ibaditische Glaubenslehre vom sunnitischen Islam unterscheiden Auf der anderen Seite unterstreicht der vorliegende Band auch dass es wichtig ist die ibaditischen Quellen aus dem 19 und 20 Jahrhundert in den Blick zu nehmen als die ibaditische Reformbewegung begann sich um eine Annäherung zwischen dem Islam und der Moderne zu bemühen The aim of this volume is to explore different issues of Ibadi theology from the early beginnings until the present day Ibadi Islam

emerged in the early Islamic period and played a pivotal role in the development of Islamic law and theology. Today it continues to be an influential force in the contemporary Middle East and North Africa. Despite its antiquity, Ibadi Islam and particularly Ibadi theology remains little known and has often been misunderstood. Up to now, only a few prominent book-length works devoted to Ibadi theology in European language exist. This volume aims at redressing this gap by introducing the distinctive theological teachings of this influential Islamic school to a broad public, specialists and non-specialists alike. Dealing with a series of cases from different periods and different sources and using an interdisciplinary approach, the authors address questions such as dogma and creed, conception of faith, theological controversies, reassessment of theological sources, the Ibadi modernism in last century Oman and North Africa. Medieval Ibadi sources are crucial to understand the early development of the movement and the doctrinal and political disputes which differentiate Ibadi doctrine from Sunni Islam. On the other hand, the volume emphasizes the importance of also focusing on the 19th and 20th centuries Ibadi sources when the Ibadi reform movement started looking for reconciliation between Islam and modernity.
