North American Elders United States And Canadian Perspectives:

North American Elders Eloise Rathborn- McCuan, Betty Havens, 1988-01-20 This collection of essays provides an analysis of Canadian U S social policy toward aging The first chapter presents a continental view of demography Subsequent chapters examine the Canadian and U S perspectives on social policy long term care the chronic mentally ill rural aging aging veterans native elders and cross national intergenerational families Current Literature on Aging This volume represents a pioneering effort in Canadian U S social policy analysis in the field of gerontology Beginning with a continental viewpoint on demography the book proceeds to deal with seven specific topics by means of a nation to nation analysis Topics include social policy long term care the chronic mentally ill rural aging aging veterans native elders and cross national and intergenerational families The last three topics are seldom addressed in books on aging they are a vital new contribution to gerontological knowledge in both the U S and Canada

The Graying of the World Laura Katz Olson, 1994 This unique book studies America s frail older population relative to the elderly in ten other nations It contains a cross national assessment of approaches to long term care for the elderly and explains the nature and extent of current and future problems related to caring for the functionally impaired elderly By studying and analyzing the ongoing struggles of other nations in their attempts to cope with growing populations of frail elderly readers in the U S can expand the parameters of their own national debate on the subject The Graying of the World shows the political economic and social context in which decisions on elder care are based and evaluates how successful various countries programs have been Chapters outline alternative approaches taken by disparate types of national systems highlighting unique and creative solutions to provide useful information on new and alternative ways to respond to personal and public issues related to elder care The elderly and their care in Finland France Germany Great Britain Israel Japan People s Republic of China Sweden and Yugoslavia are discussed as are the elderly in Canada and the United States Chapters cover the following topics for each country the increasing number of frail elderly and their costly health needs the current and future role of the state in elder care the current and future role of the family in elder care types of support services offered for the elderly including in home care community based care and institutional care the relationship of a nation s political economy to its attitude and policy on long term care innovative approaches to elder care Practitioners decision makers and the concerned general public will all find The Graying of the World an interesting and informative book that expands the discussion of health care options available for the elderly As such the book is also a helpful text for undergraduate and beginning graduate students of gerontology public policy and comparative politics as well as for social service practitioners It provokes much needed conversation on developing a healthcare plan for the future that meets the needs of a large elderly population

Old, Female, and Rural B Jan McCulloch, 2016-05-23 In reading *Old Female and Rural* you ll discover just that the reality concerning the daily living situations of the nation s older female populations in rural places This scholarly collection will help you and others dispel the

romantic frontier myths of the stoic tenacious and independent rural woman Instead you ll find real direction for change in the statistics that truly reflect the older rural woman s mental physical economical and social existence Old Female and Rural will show you stark realities concerning the older rural female s economic well being intergenerational family relationships health care and service delivery availability and long term care concerns The candid demographic and epidemiological data you discover in this book will not only expose the myths for what they are but also allow you and others to transform the myths into daily realities of better policies and better living standards for the women who belong to this population subgroup Specifically you ll read about one woman s subjective evaluation of growing old in a rural area rural women s experiences of accessing health care the economic well being of women aging in nonmetro areas changes in the informal support networks of women aging in the rural southwest a comprehensive synthesis of the above isolated topics which provides future implications for research education and policy While the legends of the old American frontier have died the older female populations in America s rural areas live on and they deal with some very challenging realities Old Female and Rural takes you into the homes lives and minds of this complex and unique subgroup of America s elders and points you and public administrators government officials educators and civil servants toward the unsettled frontier of real social change

National Library of Medicine Current Catalog National Library of Medicine (U.S.),1984 **Economic Security and Intergenerational Justice** Theodore R. Marmor,Timothy M. Smeeding,Vernon L. Greene,1994 Honoring Elders Michael D. McNally,2009-08-06 Like many Native Americans Ojibwe people esteem the wisdom authority and religious significance of old age but this respect does not come easily or naturally It is the fruit of hard work rooted in narrative traditions moral vision and ritualized practices of decorum that are comparable in sophistication to those of Confucianism Even as the dispossession and policies of assimilation have threatened Ojibwe peoplehood and have targeted the traditions and the elders who embody it Ojibwe and other Anishinaabe communities have been resolute and resourceful in their disciplined respect for elders Indeed the challenges of colonization have served to accentuate eldership in new ways Using archival and ethnographic research Michael D McNally follows the making of Ojibwe eldership showing that deference to older women and men is part of a fuller moral aesthetic and cosmological vision connected to the ongoing circle of life a tradition of authority that has been crucial to surviving colonization McNally argues that the tradition of authority and the authority of tradition frame a decidedly indigenous dialectic eluding analytic frameworks of invented tradition and naive continuity Demonstrating the rich possibilities of treating age as a category of analysis McNally provocatively asserts that the elder belongs alongside the priest prophet sage and other key figures in the study of religion **Understanding Elder Abuse in Minority Populations** Toshio Tatara,2021-10-30 First published in 1999 Research on elder abuse in the United States has made great strides in recent years As a result we have been able to define and discover the causes of elder abuse design tools to assess the risk of abuse develop and implement treatment and prevention strategies and evaluate programs for

victims and perpetrators However this research has been derived from studies whose subjects were primarily Caucasian This is not because elder abuse does not take place in minority communities but rather because researchers wanted first to study the issue in its broadest sense Policy Success in Canada Evert Lindquist,Michael Howlett,Grace Skogstad,Geneviève Tellier,Paul t' Hart,2022-07-08 This is an open access title available under the terms of a CC BY NC ND 4 0 International licence It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations In Canada many public projects programs and services perform well and many are very successful However these cases are consistently underexposed and understudied in the policy literature which for various reasons tends to focus on policy mistakes and learning from failures rather than successes In fact studies of public policy successes are rare not just in Canada but the world over although this has started to change McConnell 2010 2017 Compton Luetjens Mintrom t Hart 2019 Like those publications the aims of *Policy Success in Canada* are to see describe acknowledge and promote learning from past and present instances of highly effective and highly valued public policymaking This exercise will be done through detailed examination of selected case studies of policy success in different eras governments and policy domains in Canada This book project is embedded in a broader project led by t Hart and OUP exploring policy successes globally and regionally It is envisaged as a companion volume to OUP s 2019 offering *Great Policy Successes* Compton and t Hart 2019 and to *Successful Public Policy in the Nordic Countries* de La Porte et al 2022 This present volume provides an opportunity to analyze what is similar and distinctive about introducing and implementing successful public policy in one of the world s most politically decentralized and regionally diverse federation and oldest democratic polities *Current Catalog* National Library of Medicine (U.S.), First multi year cumulation covers six years 1965 70 *Services to the Aging and Aged* Paul K. Kim,2021-03-04 This series attempts to address the topic of aging from a wide variety of perspectives and to make available some of the best gerontological thought and writings to researchers professional practitioners and students in the field of aging as well as in other related areas This volume is an invaluable resource for those persons seeking a broad comprehensive coverage of current public policies and service programs for the elderly Besides dealing with present gerontological services it also explores the emerging challenges that these services must face in the future One of the outstanding features of the book is that its contributors include some of the most prominent authorities in the field of gerontology This is an exceptionally important and timely volume and is a much needed addition to the literature on aging

Issues in Aging Mark Novak,2018-02-02 *Issues in Aging* combines social psychological biological and philosophical perspectives to present a multifaceted picture of aging Novak illustrates both the problems and the opportunities that accompany older age This text helps students understand the tremendous variability in aging and introduces them to careers working with older adults This new edition reflects the continued changes in the way we age The fourth edition has been updated to include emerging issues in aging These include the prevalence of HIV AIDs in later life current research on

mental potential in old age the creation of age friendly cities and new options for end of life care Each chapter begins with a set of learning objectives to guide students in their reading and concludes with a list of main points questions for discussion or study suggested readings and relevant web sites to consult Each chapter also includes up to date charts and graphs as well as key terms to help students understand the issues presented Break out boxes reveal the human side of aging through the stories of individuals in real life and in the media

Social Work Practice with the Elderly Marvin David Feit, Michael J. Holosko, 2004 The third edition describes significant practice issues and challenges facing gerontological social workers working with the fastest growing demographic cohort in North America Insightful and creative practitioners provide current accounts and case examples from their work in a variety of settings The material includes both micro and macro practice and offers a focus on advanced specialty practice while also providing an advanced generalist model All the chapters have been rewritten and updated by adding related additional readings and websites Six new chapters have been added on sensory impairment HIV AIDS elder abuse community assisted living rural elderly retirement and volunteerism Social Work Practice with the Elderly offers an exciting collection of well crafted readings and will be useful for any social work student at the undergraduate or graduate level It will also be a valuable resource for those in other helping professions who work side by side with social workers in this field nurses physiotherapists music and art therapists psychologists physicians recreational therapists speech and language therapists and clergy

Pursuing Justice, 2nd Edition Margot Hurlbert, 2020-07-25T00:00:00Z Pursuing justice is daunting It plays out in a variety of contexts like the environment employment the criminal justice system and raises tough issues like racism gender discrimination and poverty But ultimately the aim of studying justice is to achieve it This book is about justice in Canada its definition its boundaries its contradictions and its nuances It is also about the mechanisms and practices that enable the pursuit of justice It problematizes the notion of justice while defining and pursuing the illusive notion of justice in Canadian society This second edition features updated content from the popular first edition as well as new content about social justice and racism the experiences of racialized persons with police settler colonialism and issues of justice for gender and sexual minorities all from a Canadian perspective Additionally each chapter contains objectives of the chapter case studies and discussion questions

Ethnicity and Dementias Gwen Yeo, 2014-04-04 A practical approach for professionals working with people suffering from dementias this book focuses on dementias including Alzheimer s disease from a multi cultural perspective

The Native North American Almanac Duane Champagne, 2001 This source covers the civilization and culture of the indigenous peoples of the U S and Canada both historic and contemporary Included are signed essays annotated directories excerpts and biographies Each chapter contains a subject specific bibliography photographs maps and charts 400 illustrations in all This 2nd edition also includes a new chapter Women and Gender Relations

Agriculture And Natural Resources Wava G. Haney, 2019-04-08 This book identifies issues and trends in agriculture natural resources and rural communities in the context of topical

strategic planning It portrays both the process of planning and the substantive content driving a planning process *Ageing and Pension Reform Around the World* Giuliano Bonoli,Toshimitsu Shinkawa,2006-01-01 This is an admirable example of a multi authored comparative book The two editors set the scene very carefully in the opening chapter and the subsequent chapters follow the framework set out and use the concepts explored there In this never simple policy area national systems are explained as clearly as possible by each author Michael Hill Journal of Social Policy This is an enlightening introduction to the global dimensions and complexity of pension reform Recommended J F O Connell Choice Population ageing and the resulting pressures on existing pension systems constitutes one of the most important challenges modern societies will have to face over the coming decades Although governments have responded to such pressures by adopting a plethora of pension reforms the adaptation process is far from over This book comprehensively documents developments in pension policy in eleven advanced industrial countries in Western Europe East Asia and North America In order to explore what population ageing means for the sustainability of pension systems the authors present a detailed review of pension policy making over the past two decades and provide up to date analysis of current pension legislation They examine the factors that can facilitate or impede the adaptation of pension systems and the features that shape and determine reforms They also highlight the fact that although the path of reform taken by each country is somewhat different the processes at work are often very similar Ageing populations throughout the world are extremely reluctant to see their pension systems dismantled and are therefore prepared to mobilise in their defence This process of mobilisation interacts with demographic pressures and institutional constraints to help determine the future direction of pension policy The breadth of geographic coverage provides an almost global picture of the impact of ageing on pension reform at least in terms of high income countries Academics and students with an interest in economics social policy sociology and political science will find this a worthwhile and rewarding volume It will also be of value to policymakers interested in how the problem of unsustainable pension systems can be resolved *HIV/AIDS in the Post-HAART Era* John C. Hall,Brian John Hall,Clay J. Cockerell,2011 The science of the virus and its effects and the clinical approaches to its treatment and transmission prevention are placed in the context of the history and epidemiology of the HIV AIDS pandemic Each organ system of the body is explored as to manifestations of the disease treatment now and in the future as well as what the disease has taught us about the immune response The science of epidemiology which is so important in allowing for tracking of the disease and potential limitation of transmission is another aspect of AIDS explored in detail The pandemic manifests differently in different parts of the world and the relevance of the volume is enhanced by its international group of contributors No other text provides the historical and epidemiological context of this disease along with an update of diagnosis and treatment The underlying science and epidemiology of AIDS are not neglected so the student or clinician who is treating patients with AIDS can gain a full understanding of HIV AIDS in individual patients and in their communities The Employee Retirement Income Security Act of 1974 James

Wooten,2005-01-24 This study of the Employee Retirement Income Security Act of 1974 ERISA explains in detail how public officials in the executive branch and Congress overcame strong opposition from business and organized labor to pass landmark legislation regulating employer sponsored retirement and health plans Before Congress passed ERISA federal law gave employers and unions great discretion in the design and operation of employee benefit plans Most importantly firms and unions could and often did establish pension plans that placed employees at great risk for not receiving any retirement benefits In the early 1960s officials in the executive branch proposed a number of regulatory initiatives to protect employees but business groups and most labor unions objected to the key proposals Faced with opposition from powerful interest groups legislative entrepreneurs in Congress chiefly New York Republican senator Jacob K Javits took the case for pension reform directly to voters by publicizing frightening statistics and horror stories about pension plans This deft and successful effort to mobilize the media and public opinion overwhelmed the business community and organized labor and persuaded Javits s colleagues in Congress to support comprehensive pension reform legislation The enactment of ERISA in September 1974 recast federal policy for private pension plans by making worker security an overriding objective of federal law

Social Fabric Or Patchwork Quilt Jeff Keshen,Raymond Benjamin Blake,2006-01-01 Both historical and contemporary features of Canadian social welfare are explored in this wide ranging and in depth collection Social Fabric or Patchwork Quilt explores the evolution of the Canadian social welfare state from a system based upon voluntarism and philanthropy to one in which the State s involvement has increased considerably It also shows how the roles of governments at all levels have changed in recent times Chapters describe the developing Canadian welfare state from Confederation to the present Beginning with an integrative framework in the general introduction the selected essays represent many perspectives chronological regional multidisciplinary and ideological An important feature of this collection is the consideration of providers and recipients Such wide ranging outlooks are possible given the diverse backgrounds of contributors which include historians sociologists social workers public policy experts and political scientists As well as historical and sociological studies topics include key programs discussed in detail the quality of services received by principal target groups new directions in research some contributions even revisit foundational older works and key government documents
