Audette, Kevin S. Hardwick, William
Van Cleve**

Nursing Partnership:

Nursing Partnership Judith Christensen, 1998 Information on how to grow 27 different grazing species for seed Back cover

The Collaborative Partnership Approach to Care - A Delicate Balance Laurie N. Gottlieb, RN, MSc(A), PhD, Nancy Feeley, RN, MSc(A), PhD, Cindy Dalton, 2005-11-08 The Collaborative Partnership Approach to Care A Delicate Balance 1e brings together the insights and discoveries by expert clinicians and teachers who use a collaborative approach to care The primary focus of this book is on the relationships between professionals and the people they care for not just between professionals Based on the McGill Model of Nursing the authors stress the value of working in collaboration with the client family or community Written for nursing students of all levels it also will be of interest to health care and mental health professionals Uses a variety of formats to present ideas about collaboration Describes ideas about collaboration from the perspective of expert clinicians who have been using collaboration as their approach to nursing care Integrates quotes from interviews with expert clinicians to illustrate ideas about collaboration Uses examples from clinical practice to help the reader understand how these theoretical ideas are translated into practice Describes ideas used in teaching students about collaboration Raises questions that can guide further research in this area

International Partnerships for Strengthening Health Care Workforce Capacity: Models of Collaborative Education Jeanne Mahoney Leffers, Jennifer Gail Audette, Kevin S. Hardwick, William Van Cleve, 2018-07-31 A critical problem in resource scarce countries across the globe is the shortage of appropriately trained health care providers According to the World Health Organization the current global health workforce shortage of 7.2 million providers is estimated to increase to 12.9 million by 2035 This disproportionately affects resource scarce countries denying basic health care to millions and limiting access to life saving treatments Due to limited resources in these countries not enough health professionals receive training few have the opportunity for continuing education and the ability to develop or implement educational programs and curricula is constrained Additionally many existing providers choose to emigrate in pursuit of professional advancement opportunities contributing to the overall shortage of qualified health care providers in these environments Efforts to strengthen health workforce capacity not only increases access safety and availability of care but is critical to building resilient health systems capable of caring for the world's neediest populations This requires not only cultivating new health care providers but also providing ongoing professional development to retain and support current providers advancing the level of practice in accordance with current clinical science cultivating educators and enhancing training curricula It is critical also to contribute to the limited body of research documenting the effectiveness and impact of various models of collaborative education and partnership to improve health worker training and retention This Research Topic examines strategies for building health workforce capacity through the prism of educational partnerships offering significant examples of effective models of international collaborative education as well as insight and guidance on the structure and operation of successful global partnerships Collectively the 31 articles accepted and included

in this eBook represent a diversity of health professions and geographies across academic non governmental organizations and other global partnership forms The published manuscripts highlight various elements of partnerships with several consistent themes emerging capacity building local empowerment mutual trust and respect long term commitment equity collaboration and the importance of integrating theory and practice for a balance of academic and clinical development The manuscripts provide examples of partnership and educational programs that are in the formative early stages of implementation and others which have been sustained long term some for decades The following eBook is divided into two parts with each part broken down into sections Part I of the eBook includes 18 manuscripts that showcase long term educational programs that strongly exemplify multiple foundational aspects of international partnerships in education including mutual collaboration and project management empowerment of host partners to lead and sustain programs and capacity building While individual manuscripts included in Part I look broadly at multiple aspects of successful international partnerships in education Part II manuscripts focus intently on one two elements Part II includes 13 articles that highlight partnership through short rather than long term educational initiatives as well as program development and broad academic partnerships This Research Topic was sponsored by Health Volunteers Overseas a United States based non profit that collaborates with over eighty international universities and health institutions to send volunteer health professionals to low resource countries to provide continuing education train the trainer courses professional support and consultation on academic program and curricula development

Global Health Nursing Michele Upvall, Jeanne Leffers, 2014-04-14 Primarily the book covers different global health partnerships and initiatives focusing on what works what doesn't work and providing guidance for future partnerships This is ideal for readers who focus their work in this area Doody's Medical Reviews This innovative text for graduate and undergraduate nursing students fills a void in global health nursing literature by providing essential tools and strategies for building and sustaining productive international partnerships Based on the premise that partnership is paramount for sustainable outcomes the book demonstrates how nurses can build sustainable health programs that will improve health outcomes worldwide Written by two highly experienced global nurses the book offers expert guidance gained from many years of successful involvement in international collaboration that is supported by detailed real life examples It will be of particular interest to nurse educators who undertake projects with their students to ensure that both students and host partners are able to meet their collaborative goals Additionally the text provides information that will help nurse educators to perpetuate a successful educational program even after they depart or funding ends Case studies from many different perspectives demonstrate positive change effected by nurses working across international boundaries and within their own countries The text builds on the Conceptual Framework for Partnership and Sustainability in Global Health Nursing developed by Leffers and Mitchell 2010 Additionally the book reflects the focus on global health competence for nurses in the future IOM 2011 as well as that of the American Academy's of Nursing's recently established committee on

Global Health Key Features Provides expert essential guidance for nurses who work internationally to build successful partnerships for sustainable programs Recommends global solutions to the challenges facing international nursing collaboration Includes detailed case studies of successful collaboration Based on the Conceptual Framework for Partnership and Sustainability in Global Health Nursing Chapters end with reflective questions challenging the reader to apply lessons learned

Nursing Partnership Judith C. Christensen,1990-05-01 Quality and Safety in Nursing Gwen Sherwood,Jane Barnsteiner,2017-02-02 Drawing on the universal values in health care the second edition of Quality and Safety in Nursing continues to devote itself to the nursing community and explores their role in improving quality of care and patient safety Edited by key members of the Quality and Safety Education for Nursing QSEN steering team Quality and Safety in Nursing is divided into three sections Itfirst looks at the national initiative for quality and safety and links it to its origins in the IOM report The second section defines each of the six QSEN competencies as well as providing teaching and clinical application strategies resources and current references The final section now features redesigned chapters on implementing quality and safety across settings New to this edition includes Instructional and practice approaches including narrative pedagogy and integrating the competencies in simulation A new chapter exploring the application of clinical learning and the critical nature of inter professional teamwork A revised chapter on the mirror of education and practice to better understand teaching approaches This ground breaking unique text addresses the challenges of preparing future nurses with the knowledge skills and attitudes KSAs necessary to continuously improve the health care system in which they practice
