Advances in Preservation and Access Barbra Buckner Higginbotham,1995 **A Reader in Preservation and Conservation** Ralph W. Manning, Virginie Kremp,2013-02-07 No detailed description available for A Reader in Preservation and Conservation **Preservation Management** John Feather, Graham Matthews, Paul Eden,1996 Much has happened in libraries and information in the last ten years and preservation and conservation issues have developed accordingly The authors carried out a survey of around 500 British libraries to study preservation management practices over that period and the results of this questionnaire are the basis of this book In analysing the responses it was clear that the fundamental issues about the access to and use of books were being addressed preservation and retention of materials and media being the foundation of access Having put the research into its historical context the book moves on to the findings about management attitudes and practices Policy issues are considered and some of the national and international prescriptive policy documents issued by professional organizations are compared with those from the British libraries The differences between the two form the basis of suggestions about how individual libraries might develop preservation policies and also what national policies could be considered This is a book that will enable all librarians from all sectors to understand the importance and nature of preservation policies and to begin to create or improve their own **Promoting Preservation Awareness in Libraries** Jeanne M. Drewes, Julie Page,1997-05-21 No other book provides such a comprehensive approach to educating library customers and staff in the preservation of library materials Over 35 case studies provide innovative programs and strategies for providing preservation education initiatives throughout the library The various types of materials collected paired with the variety of patrons requires a full spectrum of approaches Going on the assumption that much damage is caused by unknowing misuse this professional reference gives academic school and public library staff as well as special collections staff a solid approach for designing implementing and evaluating formal and informal preservation educational programs As collections deteriorate and library budgets shrink the longevity of collections becomes an increasingly important issue To minimize harm to collections librarians need to emphasize the importance of preservation and proper handling This professional reference explains how to create implement and evaluate formal and informal preservation education programs in school public academic and special collections Chapters are written by contributors from a wide range of positions in

librarianship and academia Building on the assumption that most misuse is because of misunderstanding or lack of understanding much attention is given to reaching all types of patrons and changing attitudes Because preservation largely depends on the attitude of patrons much attention is given to reaching all types of patrons Informing adults to avoid misuse and teaching children to respect books and to handle them carefully are two different methods Visual messages using posters bookmarks and signs to educate can help prevent damage Library staff on the other hand benefit from training programs which can effectively include tests and videos Users of rare and archival materials can be informed through brochures and one on one interaction with librarians The volume includes over 35 illustrative case studies and it concludes with an extensive bibliography and videography Conservation and Preservation of Library Materials Jan Merrill-Oldham, University of Connecticut.
