Bass Jr., 2020-01-26 For over two centuries political parties have competed in encouraging organizing and directing political

activity in the United States This volume compiles the key concepts terms labels and individuals central to identifying and comprehending these key roles political parties have played in American political life The dictionary contains brief biographies of party leaders major party presidential tickets noteworthy minor party presidential nominees congressional party leaders including Speakers of the House of Representatives presidents pro tempore of the Senate and floor leaders for both the majority and minority parties in each chamber and chairs of the national party committees of the Democratic and Republican Parties In addition to party leaders it also address the institutional offices they occupy and represent This third edition of Historical Dictionary of United States Political Parties contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 500 cross referenced entries on concepts terms labels and individuals central to identifying and comprehending the key roles political parties have played in American political life This book is an excellent resource for students researchers and anyone wanting to know more about United States Political Parties

Roosevelt Sean J. Savage, 2014-10-17 FDR the wily political opportunist glowing with charismatic charm a leader venerated and hated with equal vigor such is one common notion of a president elected to an unprecedented four terms But in this first comprehensive study of Roosevelt s leadership of the Democratic party Sean Savage reveals a different man He contends that far from being a mere opportunist Roosevelt brought to the party a conscious agenda a longterm strategy of creating a liberal Democracy that would be an enduring majority force in American politics The roots of Roosevelt s plan for the party ran back to his experiences with New York politics in the 1920s It was here Savage argues that Roosevelt first began to perceive that a pluralistic voting base and a liberal philosophy offered the best way for Democrats to contend with the established Republican organization With the collapse of the economy in 1929 and the discrediting of Republican fiscal policy Roosevelt was ready to carry his views to the national scene when elected president in 1932 Through his analysis of the New Deal Savage shows how Roosevelt made use of these programs to develop a policy agenda for the Democratic party to establish a liberal ideology and most important to create a coalition of interest groups and voting blocs that would continue to sustain the party long after his death A significant aspect of Roosevelt s leadership was his reform of the Democratic National Committee which was designed to make the party s organization more open and participatory in setting electoral platforms and in raising financial support Savage s exploration of Roosevelt s party leadership offers a new perspective on the New Deal era and on one of America s great presidents that will be valuable for historians and political scientists alike

Presidential Party Building Daniel J. Galvin, 2009-09-21 Modern presidents are usually depicted as party predators who neglect their parties exploit them for personal advantage or undercut their organizational capacities Challenging this view Presidential Party Building demonstrates that every Republican president since Dwight D Eisenhower worked to build his party into a more durable political organization while every Democratic president refused to do the same Yet whether they supported their party or stood in its way each president contributed to the distinctive organizational

trajectories taken by the two parties in the modern era Unearthing new archival evidence Daniel Galvin reveals that Republican presidents responded to their party's minority status by building its capacities to mobilize voters recruit candidates train activists provide campaign services and raise funds From Eisenhower's Modern Republicanism to Richard Nixon's New Majority to George W Bush's hopes for a partisan realignment Republican presidents saw party building as a means of forging a new political majority in their image Though they usually met with little success their efforts made important contributions to the GOP's cumulative organizational development Democratic presidents in contrast were primarily interested in exploiting the majority they inherited not in building a new one Until their majority disappeared during Bill Clinton's presidency Democratic presidents eschewed party building and expressed indifference to the long term effects of their actions Bringing these dynamics into sharp relief **Presidential Party Building** offers profound new insights into presidential behavior party organizational change and modern American political development

The President as Party Leader James W. Davis, 1992-03-30 Analysis of relationship between presidents political parties plus potential effect of reforms Guide to the Presidency Michael Nelson, 2015-05-01 The Guide to the Presidency is an extensive study of the most important office of the U S political system Its two volumes describe the history workings and people involved in this office from Washington to Clinton The thirty seven chapters of the Guide arranged into seven distinct subject areas ranging from the origins of the office to the powers of the presidency to selection and removal cover every aspect of the presidency Initially dealing with the constitutional evolution of the presidency and its development the book goes on to expand on the history of the office how the presidency operates alongside the numerous departments and agents of the federal bureaucracy and how the selection procedure works in ordinary and special circumstances Of special interest to the reader will be the illustrated biographies of every president from Washington to the present day and the detailed overview of the vice presidents and first ladies of each particular office Also included are two special appendices one of which gathers together important addresses and speeches from the Declaration of Independence to Clinton's Inaugural Address and another which provides results from elections and polls and statistics from each office

The Party Politics of Presidential Rhetoric Amnon Cavari, 2017-03-10 By bringing together two bodies of literature the presidency and political parties this book makes two important contributions First it addresses the gap between presidential public actions and the perceived limited effect they have on public opinion By examining the short term effect of speeches of presidents on the entire public the long term effect of the speeches on their partisans and on the reputations of their parties for handling policy the book shows that presidents are effective leaders of public opinion Second the book adds to the scholarly interest in how political parties are viewed by the electorate in terms of policy substance It suggests that Americans possess coherent reputations of the parties for handling policy challenges and that these reputations contribute to the party identifications of Americans The effect of presidents on the reputations and in turn party attachments position them as leaders of the party system

The Executive

Branch Joel D. Aberbach, 2005 Presents a collection of essays that provide an examination of the Executive branch in American government explaining how the Constitution created the executive branch and discusses how the executive interacts with the other two branches of government at the federal and state level **The Losing Parties** Philip A. Klinkner, 1994-01-01 This text examines how the American Democratic and Republican parties have responded to presidential election defeats between 1956 to 1993 Drawing on party documents interviews with party officials and contemporary accounts it provides case studies of opposition party politics *The American Presidency* Sidney M. Milkis, Michael Nelson, 2015-03-03 The American Presidency examines the constitutional foundation of the executive office and the social economic political and international forces that have reshaped it along with the influence individual presidents have had Authors Sidney Milkis and Michael Nelson look at each presidency broadly focusing on how individual presidents have sought to navigate the complex and ever changing terrain of the executive office and revealing the major developments that launched a modern presidency at the dawn of the twentieth century By connecting presidential conduct to the defining eras of American history and the larger context of politics and government in the United States this award winning book offers perspective and insight on the limitations and possibilities of presidential power In this Seventh Edition marking the 25th anniversary of *The American Presidency*'s publication the authors add new scholarship to every chapter reexamine the end of George W. Bush's tenure assess President Obama's first term in office and explore Obama's second term **Remaking the Democratic Party** Hanes Walton, Pearl K. Ford, Josephine Allen, 2016-08-09 Examining Southern support for Johnson throughout his political career and his transformative leadership of the Democratic Party *Historical Dictionary of United States Political Parties* Harold Bass, 2000-06-14 This book consists of concise entries on the parties major and minor past and present and their leaders including all presidents and vice presidents American Political Parties and Constitutional Politics Peter W. Schramm, Bradford P. Wilson, 1993 Examines the purposes of political parties in America's constitutional order each major party's strongest recent manifestation and the future of the American party system *The President in the Legislative Arena* Jon R. Bond, Richard Fleisher, 1990 In recent years the executive branch's ability to maneuver legislation through Congress has become the measure of presidential success or failure Although the victor of legislative battles is often readily discernible debate is growing over how such victories are achieved In *The President in the Legislative Arena* Jon R. Bond and Richard Fleisher depart dramatically from the concern with presidential influence that has dominated research on presidential congressional relations for the past thirty years Of the many possible factors involved in presidential success those beyond presidential control have long been deemed unworthy of study Bond and Fleisher disagree Turning to democratic theory they insist that it is vitally important to understand the conditions under which the executive branch prevails regardless of the source of that success Accordingly they provide a thorough and unprecedented analysis of presidential success on congressional roll call votes from 1953 through 1984 Their research demonstrates that the degree of

cooperation between the two branches is much more systematically linked to the partisan and ideological makeup of Congress than to the president's bargaining ability and popularity. Thus the composition of Congress inherited by the president is the single most significant determinant of the success or failure of the executive branch.

Challenges to Party Government John Kenneth White, Jerome M. Mileur, 1992 Former British Prime Minister Benjamin Disraeli once commented that in times of great political change and rapid political transition it will generally be observed that political parties find it convenient to rebaptize themselves. Fifty years after the publication of E. E. Schattschneider's *Party Government* and forty-two years after the publication of *Toward a More Responsible Two-Party System* distinguished scholars including Everett Carl Ladd, Wilson Carey McWilliams, John S. Jackson III, Sidney M. Milkis, and scholar congressmen David E. Price (D-NC) and William M. Thomas (R-CA) reevaluate the long-standing assumptions that surround the responsible parties argument. In this collection of essays edited by John Kenneth White and Jerome M. Mileur contributors voice their perspectives on the challenges confronting the party system of government in the United States. Elections in which the party system fails to frame issues satisfactorily and the rise of an American state without the helping hand of parties to run it have all contributed to a political crisis of confidence in party government. Indeed, White recently termed Ross Perot's candidacy a wake-up call for Democrats and Republicans. Still, while their analysis of current party government acknowledges problems, these authors favor a resurgence of the party system, arguing that political parties are the indispensable instruments of communication between our country's voters and their elected officials. For those political scientists, elected officials, and voters who share their wish immersing these once grand institutions into the born-again waters of a Disraeli-type baptism remains the single most important challenge of the decade ahead.

The Presidency A-Z Michael Nelson, 2013-11-26 An illustrated reference guide that offers quick answers to readers' questions about the American presidency and the individuals who have served it. All American presidents are included. Abundant charts, tables, illustrations, and a detailed index enhance more than 300 alphabetical entries that bring to life the history, processes, and personalities connected to America's highest office. This Second Edition includes information up through the 1996 election and President Clinton's second term.

Truman and the Democratic Party Sean J. Savage, 2021-12-14 What best defines a Democrat in the American political arena: idealistic reformer or pragmatic politician? Harry Truman adopted both roles and in so doing defined the nature of his presidency. *Truman and the Democratic Party* is the first book to deal exclusively with the president's relationship with the Democratic party and his status as party leader. Sean J. Savage addresses Truman's twin roles of party regular and liberal reformer, examining the tension that arose from this duality and the consequences of that tension for Truman's political career. Truman saw the Democratic party change during his lifetime from a rural-dominated minority party, often lacking a unifying agenda, to an urban-dominated majority party with strong liberal policy objectives. A seasoned politician who valued party loyalty and recognized the value of political patronage, Truman was also attracted to a liberal ideology that threatened party unity by

alienating southern Democrats By the time he succeeded Franklin Roosevelt the diversity of opinions and demands among party members led Truman to alternate between two personas the reformer committed to liberal policy goal civil rights national health insurance federal aid to education and the party regular who sought greater harmony among fellow Democrats Drawing on personal interview with former Truman administration members and party officials and on archival materials most notably papers of the Democratic National Committee at the Harry S Truman Library Savage has produced a fresh perspective that is both shrewd and insightful This book offers historians and political scientists a new way of looking at the Truman administration and its impact on key public policies Congress and the Presidency Roger H. Davidson,1988

Presidents as Candidates Kathryn D. Tenpas,2021-12-12 First published in 1998 Presidents as Candidates offers a truly unique treatment of the White House role in the re election efforts of contemporary presidents since 1956 Throughout the volume Kathryn Tenpas compares and contrasts these eight re election efforts from Eisenhower through Clinton She considers the many unique differences and similarities of each White House led effort As with any good study she considers the multitude of political institutional and policy factors domestic economic and international that affect the strategies and decisions made She then develops a typology of three standard types of campaigns victorious defeated and takeover that proves useful in understanding the re election efforts

Presidents And Their Parties Leadership Or Neglect Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Presidents And Their Parties Leadership Or Neglect free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Presidents And Their Parties Leadership Or Neglect free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF,"

users can find websites that offer free PDF downloads on a specific topic. While downloading Presidents And Their Parties Leadership Or Neglect free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Presidents And Their Parties Leadership Or Neglect. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Presidents And Their Parties Leadership Or Neglect any PDF files. With these platforms, the world of PDF downloads is just a click away.
