Press Freedoms Under Pressure Report:

Press Freedoms Under Pressure Twentieth Century Fund. Task Force on the Government and the Press, Fred P. Graham, 1977 **NGOs under Pressure in Partial Democracies** Chris van der Borgh, 2014-08-13 Over the past decade international human rights organizations and think tanks have expressed a growing concern that the space of civil society organizations around the world is under pressure This book examines the pressures experienced by NGOs in four partial democracies Guatemala Honduras Indonesia and the Philippines **Twilight of Press Freedom** John C. Merrill, Peter J. Gade, Frederick R. Blevens, 2001-04 This volume provides a critical examination of the trend toward public journalism and considers how press freedom will be impacted by this trend in coming years For scholars and students in journalism public opinion media studies *United States Reports* United States. Supreme Court, John Chandler Bancroft Davis, Henry Putzel, Henry C. Lind, Frank D. Wagner, 1973 *Report of the Committee on the Judiciary, House of Representatives, Ninety-seventh Congress, First Session Identifying Court Proceedings and Actions of Vital Interest to the Congress*, 1980

Hearings, Reports and Prints of the House Committee on Internal Security United States. Congress. House. Committee on Internal Security, 1974 **Report of the Joint Committee on Congressional Operations Pursuant to Section 402(a)(2) of the Legislative Reorganization Act of 1970 Identifying Court Proceedings and Actions of Vital Interest to the Congress**, 1979 **Handbook of Research on Combating Threats to Media Freedom and Journalist Safety** Jamil, Sadia, 2019-12-27 The freedom of expression and the freedom of information are the indispensable components of free media Without these two basic rights an informed active and participatory citizenry is impossible Members of the media require special protections to enable them to operate freely in order to advocate for human rights public discourse and the plurality of ideas The Handbook of Research on Combating Threats to Media Freedom and Journalist Safety is an essential reference source that evaluates how diverse threats impact on journalists wellbeing their right to freedom of expression and overall media freedoms in various contexts and assesses inadequacies in national security policies planning and coordination relating to the safety of journalists in different countries Featuring research on topics such as freedom of the press professional journalism and media security this book is ideally designed for journalists news writers editors columnists press broadcasters newscasters government officials lawmakers diplomats international relations officers law enforcement industry professionals academicians researchers and students **Records and Briefs of the United States Supreme Court**, 1832 Hearings, Reports and Prints of Joint Committee on Congressional Operations United States. Congress. Joint Committee on Congressional Operations, 1973 **Journalists under pressure** Marilyn Clark, Anna Grech, 2017-03-01 Freedom of expression is one of the basic conditions for the progress of society Without safeguards for the safety of journalists there can be no free media Journalists are under threat in Europe Different forms of violence against journalists have increased significantly over the last decade from physical attacks to intimidation and

harassment targeted surveillance and cyberbullying we now see a range of tactics deployed to silence critical voices and free speech Together with impunity for the perpetrators of unwarranted interference on journalists these are among the most serious challenges facing media freedom today Self censorship is hardly surprising in such circumstances This study conducted among almost 1 000 journalists and other news providers in the 47 Council of Europe member states and Belarus sheds new light on how these issues impact on journalists behaviour The results of the study provide quantitative evidence on such unwarranted interference fear and how this relates to consequent self censorship These striking results confirm the urgent need for member states to fully implement Recommendation CM Rec 2016 4 on the protection of journalism and safety of journalists and other media actors and represent an essential and reliable tool for strategic planning in this field to guarantee freedom of expression

Canadian Newspaper Ownership in the Era of Convergence Walter C. Soderlund,Kai Hildebrandt,2005-06 Canadian Newspaper Ownership in the Era of Convergence investigates the current state of Canada s newspaper industry in light of recent developments increasing concentration of ownership multi media convergence and controversy over the actions of proprietors Case studies examine how Conrad Black s acquisition of newspapers in the mid 1990s bringing his total ownership to over half of the country s dailies followed by the subsequent purchase of the most important of these by CanWest Global has actually influenced the content of newspapers Canadian Newspaper Ownership revisits social responsibility in the context of the changed media landscape as a means of prescribing how newspaper owners and employees might conduct themselves in the public interest

Public Policies in Media and Information Literacy in Europe Divina Frau-Meigs,Irma Velez,Julieta Flores Michel,2017-04-21 Public Policies in Media and Information Literacy in Europe explores the current tensions in European countries as they attempt to tackle the transition to the digital age providing a comparative and cross cultural analysis of Media and Information Literacy MIL across Europe This book takes a long term perspective over the development of media education in Europe and includes an appraisal of media information computer and digital literacies as they coalesce and diverge in the public debate over twenty first century skills The contributors assess the various definitions of media and information literacy as a composite notion whose evolution as a cross cultural phenomenon reveals various trends and influences in Europe Throughout this volume offers an in depth coverage of MIL with all the different dimensions of policy making from legal frameworks to training funding evaluation and good practices The authors propose modeling current MIL governance trends in Europe and conclude with a call for alternative and collective frames of research that they hope will influence policy makers and other stakeholders especially in terms of MIL governance This collection is ideal for students and researchers of MIL as well as policy makers educators and associations interested in MIL in the digital age

Journalist Safety and Self-Censorship Anna Grøndahl Larsen,Ingrid Fadnes,Roy Krøvel,2020-07-08 This book explores

the relationship between the safety of journalists and self censorship practices around the world including local case studies and regional and international perspectives Bringing together scholars and practitioners from around the globe Journalist Safety and Self Censorship provides new and updated insights into patterns of self censorship and free speech focusing on a variety of factors that affect these issues including surveillance legislation threats violent conflict gender related stereotypes digitisation and social media The contributions examine topics such as trauma risk and self censorship among journalists in different regions of the world including Central America Estonia Turkey Uganda and Pakistan The book also provides conceptual clarity to the notion of journalist self censorship and explores the question of how self censorship may be studied empirically Combining both theoretical and practical knowledge this collection serves as a much needed resource for any academic student of journalism practicing journalist or NGO working on issues of journalism safety free speech and censorship

The American Distribution of Income: a Structural Problem Lester C. Thurow, Robert E. B. Lucas, 1972 The Internet and Political Protest in Autocracies Nils B. Weidmann, Espen Geelmuyden Rød, 2019 Eight years after the Arab Spring there is still much debate over the link between Internet technology and protest against authoritarian regimes While the debate has advanced beyond the simple question of whether the Internet is a tool of liberation or one of surveillance and propaganda theory and empirical data attesting to the circumstances under which technology benefits autocratic governments versus opposition activists is scarce In this book Nils B Weidmann and Espen Geelmuyden R d offer a broad theory about why and when digital technology is used for one end or another drawing on detailed empirical analyses of the relationship between the use of Internet technology and protest in autocracies By leveraging new sub national data on political protest and Internet penetration they present analyses at the level of cities in more than 60 autocratic countries The book also introduces a new methodology for estimating Internet use developed in collaboration with computer scientists and drawing on large scale observations of Internet traffic at the local level Through this data the authors analyze political protest as a process that unfolds over time and space where the effect of Internet technology varies at different stages of protest They show that violent repression and government institutions affect whether Internet technology empowers autocrats or activists and that the effect of Internet technology on protest varies across different national environments

World trends in freedom of expression and media development UNESCO, 2018-12-31 Freedom of the Press 2007 Freedom House, 2007-12-14 This annual press freedom survey now covering 195 countries and territories has tracked trends in media freedom worldwide since 1980 It provides comparative rankings and examines the legal environment for the media political pressures that influence reporting and economic factors that affect access to information **Agents of Chaos** Sean Howe, 2023-08-29 The life and times of High Times enigmatic founder Thomas King For ade an underground newspaper editor and marijuana kingpin who between police raids smuggling runs and outrageous stunts battled both the US government and fellow radicals Cover illustration by legendary comics artist Bill Sienkiewicz At the end of the 1960s the

mysterious Tom For ade suddenly appeared insinuating himself into the top echelons of countercultural politics and assuming control of the Underground Press Syndicate a coalition of newspapers across the country Weathering government surveillance and harassment he embarked on a landmark court battle to obtain White House press credentials But his audacious exploits pieing Congressional panelists stealing presidential portraits and picking fights with other activists led to accusations that he was an agent provocateur As the era of protest faded and the dark shadows of Watergate spread For ade hoped that marijuana could be the path to cultural and economic revolution Bankrolled by drug dealing profits High Times would be the Playboy of pot dragging a once taboo subject into the mainstream The magazine was a travelogue of globe trotting adventure a wellspring of news about the business and an overnight success But High Times soon threatened to become nothing more than the hip capitalism For ade had railed against for so long and he felt his enemies closing in Assembled from exclusive interviews archived correspondences and declassified documents Agents of Chaos is a tale of attacks on journalism disinformation campaigns governmental secrecy corporatism and political factionalism Its triumphs and tragedies mirror the cultural transformations of 1970s America wrought by forces that continue to clash in the spaces between activism and power
