Las privatizaciones en la Argentina Pablo Gerchunoff,Guillermo Cánovas,1994 *Las privatizaciones en la Argentina* Daniel Azpiazu,1995 *Privatizaciones en la Argentina* Rodolfo H. Terragno,Alberto E. Devoto,Juan Carlos Sánchez Arnau,1992 **Privatizaciones, fusiones y adquisiciones** Gregorio Vidal,2001 La reforma económica y el Washington Consensus América Latina y la economía internacional América Latina la economía internacional y el origen de la crisis Sobre la gestión estatal Sobre las privatizaciones en América Latina Las privatizaciones y las transformaciones en las grandes empresas **Privatizaciones en Argentina** ,1991 **La hegemonía menemista** Alberto Bonnet,2007

Transformaciones recientes en la economía argentina Victoria Basualdo,Victoria Basualdo y Richards,Karina Forcinito,Javier Rodríguez,Carla Seain,Sebastián Sztulwark,2007 Este libro constituye una selección de artículos académicos breves referidos a las grandes transformaciones estructurales que viene experimentando la economía argentina y al papel que atañe a las políticas públicas en su desarrollo La selección de su contenido estuvo orientada a proporcionar a un público amplio los elementos críticos básicos para comprender la situación económica actual y sus posibles perspectivas así como a aportar propuestas al debate social En particular este libro alberga la ambiciosa esperanza de servir como material de formación y actualización para docentes del nivel medio y superior Se propone como una primera respuesta a la necesidad de contar con textos que basados en una acumulación de investigación previa puedan explicar críticamente y sintéticamente algunos de los principales cambios ocurridos recientemente en la economía argentina El período de referencia es la larga década del 90 que comenzó en julio de 1989 con la asunción del presidente Carlos Menem y terminó con la crisis que tuvo lugar en diciembre de 2001 aunque varios de los trabajos abordan además elementos de ruptura y continuidad presentes en el período posterior a la crisis El viejo y el nuevo poder económico en la Argentina Martín Schorr,2021-03-20 Desde la conformación del Estado nacional a fines del siglo XIX hasta las noticias de ayer la lite empresarial ha sido un actor central con un poder de veto determinante en la economía argentina Por eso analizar la cúpula de las grandes empresas en distintos momentos históricos es una perspectiva reveladora que ayuda a comprender las dificultades recurrentes del país para reducir sus niveles de dependencia y desigualdad Este libro ofrece una mirada de largo plazo sobre el poder económico de la Argentina con el foco puesto en la trayectoria de las grandes firmas de la economía real En la rica tradición de los estudios de este campo pero con aportes originales en los indicadores que utilizan y la historia que reconstruyen los autores y las autoras parten de 1880 y llegan a las primeras décadas del siglo XXI repasando la composición el comportamiento y el grado de influencia de la lite empresarial en el país Muestran por ejemplo que más allá de los cambios en sus integrantes las grandes empresas han hecho jugar su influencia en su favor de maneras diversas corridas cambiarias subas de precios retención inversora obtención de prebendas y colonización de ciertos espacios del Estado También dejan claro el lugar destacado del capital extranjero en el seno del poder económico local sobre todo en aquellos sectores que en cada momento histórico

impulsaron las mayores ganancias Y reflexionan sobre la dificultad de calificar como burgues a nacional al empresariado local que salvo excepciones ha sido siempre m s propenso a fugar divisas y a subordinarse al capital extranjero que a privilegiar el desarrollo genuino Este recorrido termina con un planteo tan urgente como problem tico si no hay duda de que los sectores nacionales y extranjeros del gran capital tienen el poder para bloquear cualquier intento de cambio que no los beneficie directamente es posible condicionarlos solo por la v a de la acumulaci n de poder pol tico O es necesario al mismo tiempo transformar sus rasgos estructurales

Cities and Economic Inequality in Latin America Lena

Simet,2022-04-19 This book examines trends and determinants of economic inequality in cities in Latin America the world s most unequal region It explores how the gap between the haves and the have nots manifests in every part of urban life from housing to schooling to employment It asks why some cities have higher inequality than others and what we can learn from these differences as we push back against inequality The book starts with reviewing the policies and forces that explain the rise and fall of inequality in Latin America since the 1990s and why progress in reducing inequality has stalled It then focuses on Argentina s cities and applies a set of quantitative tools to identify inequality determinants It finds that intra urban inequality generally mirrors national level trends but local idiosyncrasies related to a city s labor market informal employment and social protection systems matter The book discusses the pitfalls of privatizing public services that turned access to water in metropolitan Buenos Aires more unequal It explores the promises and unintended consequences of slum upgrading initiatives in Buenos Aires Villa 20 The book presents lessons that can inform policies and practices in the region and beyond Developing a strategy against inequality that incorporates local features and resists the temptation to rely on the free market for solutions to urban problems offers a powerful opportunity Drawing from the field of economics and social and urban policy this book shows that the battle against inequality is not only won and lost in cities but also requires a uniquely public and urban response As such it will be of interest to advanced students researchers and policymakers across development economics urban studies and Latin American studies
