Cohen, 1988 All his life Yuri Maximovich Isakovsky a minor Russian poet editor of a journal of folk music sometime English translator has assiduously avoided power and politics in fact attention of any kind How can it be then that the Soviet government has chosen him to attend a conference in the fabled land of bourgeois temptation itself New York City And not only that but to do a piece of work for the KGB to deliver a code message embedded in the text of a certain poem to be read in public along with his own Cohen has achieved here a tour de force bringing the idea of poetry to life in a messy little man no hero at all not even that much of a poet The novel is stately as well as funny an authentically noble account of a celebrant It is the true article Geoffrey Wolff New York Times Book Review Arthur Cohen catches fire A Hero in His Time represents for him a great imaginative leap for we are shown the interior mental landscape of a middle aged Russian Jewish minor poet and most astonishing is that we believe without question in this poet Doris Grumbach Village Voice A tremendous achievement To have made this tremendous imaginative leap from the heart of American Jewishness to the heart of Russian Jewishness was a daring thing to do and it has been accomplished with absolute conviction The Sunday Times London A rich compound of high seriousness and robust comedy Newsweek Sergei M. Eisenstein Naum Kleiman, Antonio Somaini, 2025-10-01 One of the iconic figures of the twentieth century cinema Sergei Eisenstein is best known as the director of *The Battleship Potemkin* His craft as director and film editor left a distinct mark on such key figures of the Western cinema as Nicolas Roeg Francis Ford Coppola Sam Peckinpah and Akira Kurosawa This comprehensive volume of Eisenstein's writings is the first ever English language edition of his newly discovered notes for a general history of the cinema a project he undertook in 1946-47 before his death in 1948 In his writings Eisenstein presents the main coordinates of a history of the cinema without mentioning specific directors or films what we find instead is a vast genealogy of all the media and of all the art forms that have preceded cinema's birth and accompanied the first decades of its history exploring the same expressive possibilities that cinema has explored and responding to the same deeply rooted urges cinema has responded to Cinema appears here as the heir of a very long tradition that includes death masks ritual processions wax museums diorama and panorama and as a

medium in constant transformation that far from being locked in a stable form continues to redefine itself The texts by Eisenstein are accompanied by a series of critical essays written by some of the world's most qualified Eisenstein scholars

Writing at Russia's Border Katya Hokanson, 2008-01-01 It is often assumed that cultural identity is determined in a country's metropolitan centres Given Russia's long tenure as a geographically and socially diverse empire however there is a certain distillation of peripheral experiences and ideas that contributes just as much to theories of national culture as do urban centred perspectives Writing at Russia's Border argues that Russian literature needs to be reexamined in light of the fact that many of its most important nineteenth century texts are peripheral not in significance but in provenance Katya Hokanson makes the case that the fluid and ever changing cultural and linguistic boundaries of Russia's border regions profoundly influenced the nation's literature posing challenges to stereotypical or territorially based conceptions of Russia's imperial military and cultural identity A highly canonical text such as Pushkin's Eugene Onegin 1831 which is set in European Russia is no less dependent on the perspectives of those living at the edges of the Russian Empire than is Tolstoy's The Cossacks 1863 which is explicitly set on Russia's border and has become central to the Russian canon Hokanson cites the influence of these and other peripheral texts as proof that Russia's national identity was dependent upon the experiences of people living in the border areas of an expanding empire Produced at a cultural moment of contrast and exchange the literature of the periphery represented a negotiation of different views of Russian identity an ingredient that was ultimately essential even to literature produced in the major cities Writing at Russia's Border upends popular ideas of national cultural production and is a fascinating study of the social implications of nineteenth century Russian literature

Love and its Critics Michael Bryson, Arpi Movsesian, 2017-07-10 This book is a history of love and the challenge love offers to the laws and customs of its times and places as told through poetry from the Song of Songs to John Milton's Paradise Lost It is also an account of the critical reception afforded to such literature and the ways in which criticism has attempted to stifle this challenge Bryson and Movsesian argue that the poetry they explore celebrates and reinvents the love the troubadour poets of the eleventh and twelfth centuries called fin amor love as an end in itself mutual and freely chosen even in the face of social religious or political retribution Neither eros nor agape neither exclusively of the body nor solely of the spirit this love is a middle path Alongside this tradition has grown a critical movement that employs a hermeneutics of suspicion in Paul Ricoeur's phrase to claim that passionate love poetry is not what it seems and should be properly understood as worship of God subordination to Empire or an entanglement with the structures of language itself in short the very things it resists The book engages with some of the seminal literature of the Western canon including the Bible the poetry of Ovid and works by English authors such as William Shakespeare and John Donne and with criticism that stretches from the earliest readings of the Song of Songs to contemporary academic literature Lively and enjoyable in its style it attempts to restore a sense of pleasure to the reading of poetry and to puncture critical insistence that literature must be outwitted It will be of value to

professional graduate and advanced undergraduate scholars of literature and to the educated general reader interested in treatments of love in poetry throughout history Russian Poets and Poems Nadine Jarintzov, 1917
