### **Putting The Family First Identities Decisions Citizenship:**

*Putting the Family First* Bill Jordan, Marcus Redley, Simon James, 2022-01-29 First published in 1994 *Putting the Family First* is a study of better off couples that clarifies the relationship between individualism and family values Partners cultural practices focus on making something of themselves being supportive of each other and spending quality time with children But their economic strategies are directed towards competition for positional goods especially higher education and good jobs for their offspring The authors argue that although these strategies are rational for individual families they are collectively wasteful and mutually frustrating and construct a narrow and exclusive version of citizenship Such private morality depletes civic culture and is socially costly This revealing study provides a valuable text for students with considerable appeal for courses in sociology social policy gender and cultural studies It will be of broader interest to others connected to avoid the unravelling of our social fabric

**Narratives from the Nursery** Jayne Osgood, 2012 This text builds upon and contributes to ongoing debates surrounding professionalism in the early years workforce Aspects of social class race and gender are linked using practitioners experiences of being and becoming professional in a rapidly changing policy climate

**Researching Families and Relationships** Caroline King, Zhong Eric Chen, 2011-08-26 This collection focuses on the real life experiences of conducting empirical research about families and relationships with an emphasis on the actualities of doing research and the experiences of being a researcher

**International Perspectives on Contexts, Communities and Evaluated Innovative Practices** Rollande Deslandes, 2009-06-10 Research and practice in the vast field of school family community relations have evolved dramatically over the last thirty years Schools throughout the world face enormous challenges due to demographic changes and societal problems making partnerships among schools families and community groups a necessity Specific issues such as poverty school dropout violence and suicide the wider diversity of students and parents the higher accountability demanded of school systems the implementation of school reforms and a multitude of government strategies and policies all contribute to a rapidly changing educational world But as this book shows even though research is often being undertaken independently in different countries strong similarities are apparent across countries and cultures School family community collaboration is no longer a single country issue The book brings together contributions from culturally and linguistically diverse countries facing these common situations and challenges It details practices that have proved effective alongside relevant case examples and covers a wide variety of topics including challenges arising from the application of parent school legislation at national level the work of schools with migrant groups low income parents and parents with behaviour problems evaluation of various family school community partnerships programs the way ahead for Family School Community Relations With contributions from distinguished researchers from throughout the world including the United States Canada the UK Europe China and Australia It is a perfect companion to *International Perspectives on Student Outcomes and Homework* also edited by Rollande Deslandes and published

simultaneously by Routledge      **Reflecting on Social Work - Discipline and Profession** Karen Lyons, 2017-03-02 Social work has always been a contested activity and its status as an academic discipline remains uncertain There is currently renewed interest in the theoretical and research dimensions of social work at a time when significant changes in the broad social political and economic context in which practice takes place require a re evaluation of social work s role and a re examination of its identity This timely book brings together leading social work academics to examine the state of social work at the beginning of the 21st century With their focus on the relationships between research theory and practice they reflect critically on the nature of social work as a discipline in higher education and the importance of this to the profession as a whole The book represents an exploratory conversation among social work academics about the current state and future aspirations of the discipline and the profession It aims to stimulate wider debate about the dominant constraints and opportunities for social work in the 21st century      *Divorcing Responsibly* Helen Reece, 2003-08 This book analyses the increasing impact of post liberalism which replaces choice with self discovery on general and divorce law      Welfare and well-being Bill Jordan, 2008-09-10 Research on well being reveals the significance of personal relationships trust and participation to sustain quality of life yet it is the economic model that remains the dominant basis for political and social institutions and policy In this original book Bill Jordan presents a new analysis of well being in terms of social value and outlines how it could be incorporated into public policy decisions He argues that the grandiose attempt to maximise welfare and regulate social relations through contract in line with the economic theory of information and incentives is counterproductive for well being Instead both the quality of personal experience and the restraints necessary for a convivial collective life would be better served by a focus on cultures and institutions This book will be an essential text for academics and students in social theory social welfare public policy and governance Bill Jordan is Professor of Social Policy at Plymouth and Huddersfield Universities He has held visiting chairs in Germany the Netherlands Denmark Slovakia and Hungary He worked for 20 years in the UK social services and is the author of 25 books on social policy social theory politics and social work      The Future of Social Work Bill Jordan, 2021-08-28 This book is an up to date analysis of the issues facing the future of the social work profession in the face of rising political authoritarianism economic inequality and insecurity class and racial conflicts fiscal pressure and the COVID 19 pandemic It provides an account of how these factors interact and what their consequences are for policy and practice Reflecting the author s experiences in Europe and Commonwealth countries the book is international in its scope and analysis It is suitable for professionals and students alike and will also be relevant for social policy academics and researchers      **Why the Third Way failed** Bill Jordan, 2010-10-20 In the wake of the economic crash public policy is in search of a new moral compass This book explains why the Third Way s combination of market friendly and abstract value led principles has failed and shows what is needed for an adequate replacement as a political and moral project It criticises the economic analysis on which the Third Way approach to policy was founded and

suggests an alternative to its legalistic and managerial basis for the regulation of social relations

**The Future of European Welfare** Martin Rhodes, 2016-07-27 European welfare states are currently under stress and the social contracts that underpin them are being challenged First welfare spending has arguably grown to limits in a number of countries while expanding everywhere in the 1990s in line with higher unemployment Second demographic change and the emergence of new patterns of family and working life are transforming the nature of needs Third the economic context and the policy autonomy of nation states has been transformed by globalization This book considers the implications of these challenges for European welfare states at the end of the twentieth century with interdisciplinary contributions from first rate political scientists economists and sociologists including Paul Ormerod

Social Theory, Social Change and Social Work Nigel Parton, 2002-09-11 Social Theory Social Change and Social Work has two inter related themes First to account for and analyse current changes in social work and secondly to assess how far recent developments in social theory can contribute to their interpretation Representing the work of a range of academics all involved in research and teaching in relation to social work it considers issues of central significance to everyone interested in the theory policy and practice of social work

*The Age of Disintegration* Bill Jordan, 2020-03-23 This book addresses the disintegration of collective units of all kinds under the twin pressures of economic globalisation and technological automation At the level of super states the constituent nations of the European Union and the former Soviet Union and of the United Kingdom have demonstrated this dynamic and their constituent groups associations and communities have done so too The author analyses the causes and consequences of these processes at the global national and local levels the significance of increased mobility and migration and the politics of resistance to some damaging effects He recommends ways in which public policy can offset some of the latter including radical changes in tax benefits systems already being trialled in several countries worldwide

Cultural Studies Lawrence Grossberg, Janice Radway, 2005-08-08 First published in 1995 Routledge is an imprint of Taylor Francis an informa company

**Poverty and Exclusion in a Global World** A.S. Bhalla, Frédéric Lapeyre, 2016-07-27 In Western Europe the notion of social exclusion is rapidly diffusing in recent years This book investigates the notion of social exclusion as a new way to approach social issues such as the new poverty long term unemployment precariousness social polarization and disintegration Particular attention is paid to both the global relevance of an approach in terms of social exclusion and its value compared to more conventional approaches in terms of poverty of deprivation It is shown that social exclusion goes beyond these by explicitly embracing the relational as well as the distributional aspects of poverty and emphasizing processes In this book the authors explore the specific forms of social exclusion in the ongoing processes of globalization deregulation crisis of the welfare state and rise of individualism

**Readings for Reflective Teaching** Andrew Pollard, 2002-01-01 This unique book provides the reader with a mini library of over one hundred readings containing both classic and contemporary readings international contributors material drawn from books and journals An essential reference

resource in its own right Readings for Reflective Teaching also contains numerous cross references to Andrew Pollards Reflective Teaching

**Automation and Human Solidarity** Bill Jordan, 2020-01-25 This book provides a detailed analysis of the economic and political implications of the introduction of Artificial Intelligence and Robotics into the service sector of economies that have so far relied on service jobs to sustain levels of employment It examines how reliance on coercive measures for enforcing low paid service work attempts to postpone this third Industrial Revolution and analyses the struggles that must still take place if we are to achieve a future of freedom and social justice for all While automation and globalisation have made human solidarities of traditional kinds more difficult to sustain they have also made new kinds possible Experiments in social policy and especially the pilot projects with unconditional Universal Basic Incomes offer a possible model for a new kind of society The author argues that it is politics which will determine whether we can achieve these new human solidarities

**What is Qualitative Interviewing?** Rosalind Edwards, Janet Holland, 2013-11-07 What is Qualitative Interviewing is an accessible and comprehensive what is and how to methods book It is distinctive in emphasising the importance of good practice in understanding and undertaking qualitative interviews within the framework of a clear philosophical position Rosalind Edwards and Janet Holland provide clear and succinct explanations of a range of philosophies and theories of how to know about the social world and a thorough discussion of how to go about researching it using interviews A series of short chapters explain and illustrate a range of interview types and practices Drawing on their own and colleagues experiences Holland and Edwards provide real research examples as informative illustrations of qualitative interviewing in practice and the use of a range of creative interview tools They discuss the use of new technologies as well as tackling enduring issues around asking and listening and power dynamics in research Written in a clear and accessible style the book concludes with a useful annotated bibliography of key texts and journals in the field What is Qualitative Interviewing provides a vital resource for both new and experienced social science researchers across a range of disciplines

**Geographies of Children, Youth and Families** Louise Holt, 2010-12-21 This edited collection brings together international experts from the vibrant and growing field of geographies of children youth and families Designed as an introduction to the topic this book provides an overview of current conceptual and theoretical debates surrounding geographies of children youth and families and gives a wide range of examples of cutting edge research from a variety of national contexts across the globe The theme of disentangling the socio spatial contexts of young people and or their families advances debates in the field by emphasising the context of young people s social agency Geographies of Children Youth and Families is an invaluable course text for undergraduate and postgraduate students of geography and the social sciences as well as being of interest to students and practitioners of education youth work social policy and social work

**Education Policy and Social Class** Stephen J. Ball, 2006 This book brings together in one place Stephen Ball s key writings Drawing on over 20 years work Professor Ball has selected his most seminal work from education policy and sociology to his work on

education and social class      Education and Social Justice in the Era of Globalisation Marie Lall, Geetha B.

Nambissan, 2020-11-29 The book discusses the implications of globalization on education from the perspective of social justice. It looks at two countries, India and the UK, to look at how global economic and cultural processes are mediated through nation states, institutional structures, and the aspirations of different social groups. It seeks to resituate the debates around education and social justice in policy research and public discourse by highlighting the need for a more nuanced understanding of globalization and education. It also demonstrates the effects of economic dimensions, the politics of neoliberalism, and how this has shifted the understanding of state responsibilities and marginalized issues pertaining to the agenda of social justice.
