

THE RADICAL MIDDLE CLASS

POPULIST DEMOCRACY
AND THE QUESTION OF
CAPITALISM IN
PROGRESSIVE ERA
PORTLAND, OREGON

ROBERT D. JOHNSTON

Radical Middle Class Populist Democracy

Mark W. Robbins

Radical Middle Class Populist Democracy:

The Radical Middle Class Robert D. Johnston, 2013-10-31 America has a long tradition of middle class radicalism albeit one that intellectual orthodoxy has tended to obscure The Radical Middle Class seeks to uncover the democratic populist and even anticapitalist legacy of the middle class By examining in particular the independent small business sector or petite bourgeoisie using Progressive Era Portland Oregon as a case study Robert Johnston shows that class still matters in America But it matters only if the politics and culture of the leading player in affairs of class the middle class is dramatically reconceived This book is a powerful combination of intellectual business labor medical and above all political history Its author also humanizes the middle class by describing the lives of four small business owners Harry Lane Will Daly William U Ren and Lora Little Lane was Portland s reform mayor before becoming one of only six senators to vote against U S entry into World War I Daly was Oregon s most prominent labor leader and a onetime Socialist U Ren was the national architect of the direct democracy movement Little was a leading antivaccinationist The Radical Middle Class further explores the Portland Ku Klux Klan and concludes with a national overview of the American middle class from the Progressive Era to the present With its engaging narrative conceptual richness and daring argumentation it will be welcomed by all who understand that reexamining the middle class can yield not only better scholarship but firmer grounds for democratic hope

Middle Class Union Mark W. Robbins, 2017-05-19 Middle Class Union argues that the period following World War I was a pivotal moment in the development of middle class consumer politics in the 20th century At this time middle class Americans politically mobilized to define for society what was fair in the growing consumer marketplace They projected themselves as guardians of the producerist values of hard work honesty and thrift and called for greater adherence to them among the working and elite classes In this era and in later periods they flexed their muscles as consumers and claimed to defend the values of the nation Combining social history with interdisciplinary approaches to the study of consumption and symbolic space Middle Class Union illustrates how acts of consumption representations of the middle class in literary journalistic and artistic discourses and ground level organizing combined to enable white collar activists to establish themselves as both the middle class and the backbone of the nation This book contributes to labor history by examining the nexus of class and consumption to show how many white collar workers drew on their consumer identity to express an anti labor politics later facilitating the struggles of unions throughout the post World War I years It also contributes to political history by emphasizing how these middle class activists laid important groundwork for both 1920s business conservatism and New Deal liberalism They exerted their political influence well before the post World War II period when a self interested and powerful middle class consumer identity is more widely acknowledged to have taken hold

The American Middle Class Lawrence Samuel, 2013-07-18 The middle class is often viewed as the heart of American society the key to the country s democracy and prosperity Most Americans believe they belong to this group and few politicians can hope to be elected without promising to serve the middle

class Yet today the American middle class is increasingly seen as under threat In *The American Middle Class A Cultural History* Lawrence R Samuel charts the rise and fall of this most definitive American population from its triumphant emergence in the post World War II years to the struggles of the present day Between the 1920s and the 1950s powerful economic social and political factors worked together in the U S to forge what many historians consider to be the first genuine mass middle class in history But from the cultural convulsions of the 1960s to the stagflation of the 1970s to Reaganomics in the 1980s this segment of the population has been under severe stress Drawing on a rich array of voices from the past half century *The American Middle Class* explores how the middle class and ideas about it have changed over time including the distinct story of the black middle class Placing the current crisis of the middle class in historical perspective Samuel shows how the roots of middle class troubles reach back to the cultural upheaval of the 1960s *The American Middle Class* takes a long look at how the middle class has been winnowed away and reveals how even in the face of this erosion the image of the enduring middle class remains the heart and soul of the United States *The End of Middle Class Politics?* Sotiris Rizas, 2018-12-17 The response of the middle classes to the financial crisis of 2008 is a central theme in the political systems of most developed Western countries This book approaches middle class politics from a historical perspective looking at its progression since the early 1900s The middle classes contributed significantly and in various ways to the evolution of mass politics in the West with middle class intellectuals oriented to social and political reform such as Leonard Hobhouse Herbert Croly and Leon Bourgeois influencing the setup of politics and the building of institutions in the early 20th century and with lower middle class disaffection fuelling protest politics in the 1890s and 1900s The rise of Fascism in the interwar period owed much to the perception of liquidation permeating the middle classes in the 1920s and the 1930s as a result of post World War I hardship and the Crash of 1929 31 Conversely mass affluence during the trente glorieuses was the result of the post World War II growth strategies adopted by conservatives and social democrats alike The rise of Thatcherism led to the emergence of a more consumerist and market oriented middle class that enjoyed a high living standard but was subjected simultaneously to the turbulences of globalization and the fluctuations of the markets Political realignments that are currently taking shape after the Crash of 2008 are related to the loss of status and purchasing power of the vast middle class formed during the postwar years It is also of historical significance to compare various middle class responses in the 2010s to those to the Crash of the 1920s and 1930s Although authoritarianism and Fascism were the ultimate outcomes of interwar politics there were and still are viable democratic and socially inclusive alternatives **The Sinking Middle Class** David Roediger, 2022-06-21 *The Sinking Middle Class* challenges the save the middle class rhetoric that dominates our political imagination The slogan misleads us regarding class nation and race Talk of middle class salvation reinforces myths holding that the US is a providentially middle class nation Implicitly white the middle class becomes viewed as unheard amidst supposed concerns for racial justice and for the poor Roediger shows how little the US

has been a middle class nation The term seldom appeared in US writing before 1900 Many white Americans were self employed but this social experience separated them from the contemporary middle class of today overwhelmingly employed and surveilled Today s highly unequal US hardly qualifies as sustaining the middle class The idea of the US as a middle class place required nurturing Those doing that ideological work from the business press to pollsters to intellectuals celebrating the results of free enterprise gained little traction until the Depression and Cold War expanded the middle class brand Much later the book s sections on liberal strategist Stanley Greenberg detail saving the middle class entered presidential politics Both parties soon defined the middle class to include over 90% of the population precluding intelligent attention to the poor and the very rich Resurrecting radical historical critiques of the middle class Roediger argues that middle class identities have so long been shaped by debt anxiety about falling and having to sell one s personality at work that misery defines a middle class existence as much as fulfillment *Latin America's Middle Class* David Stuart Parker, Louise E.

Walker, 2013-01-01 Designed for classroom use and nonspecialist readers this collection brings together some of the most influential texts ever written about Latin America s middle class **Insurgent Democracy** Michael J. Lansing, 2015-11-06

In 1915 western farmers mounted one of the most significant challenges to party politics America has seen the Nonpartisan League which sought to empower citizens and restrain corporate influence Before its collapse in the 1920s the League counted over 250 000 paying members spread to thirteen states and two Canadian provinces controlled North Dakota s state government and birthed new farmer labor alliances Yet today it is all but forgotten neglected even by scholars Michael J Lansing aims to change that *Insurgent Democracy* offers a new look at the Nonpartisan League and a new way to understand its rise and fall in the United States and Canada Lansing argues that rather than a spasm of populist rage that inevitably burned itself out the story of the League is in fact an instructive example of how popular movements can create lasting change Depicting the League as a transnational response to economic inequity Lansing not only resurrects its story of citizen activism but also allows us to see its potential to inform contemporary movements *The Concise Princeton Encyclopedia of American Political History* Michael Kazin, Rebecca Edwards, Adam Rothman, 2011-08-28 Contains 150 articles that provide information about significant topics in American political history including ideas philosophies movements economics religion and more

The Global Bourgeoisie Christof Dejung, David Motadel, Jürgen Osterhammel, 2019-11-26 The first global history of the middle class While the nineteenth century has been described as the golden age of the European bourgeoisie the emergence of the middle class and bourgeois culture was by no means exclusive to Europe The *Global Bourgeoisie* explores the rise of the middle classes around the world during the age of empire Bringing together eminent scholars this landmark essay collection compares middle class formation in various regions highlighting differences and similarities and assesses the extent to which bourgeois growth was tied to the increasing exchange of ideas and goods The contributors indicate that the middle class was from its very beginning even in Europe the result of international connections and

entanglements Essays are grouped into six thematic sections the political history of middle class formation the impact of imperial rule on the colonial middle class the role of capitalism the influence of religion the obstacles to the middle class beyond the Western and colonial world and lastly reflections on the creation of bourgeois cultures and global social history Placing the establishment of middle class society into historical context this book shows how the triumph or destabilization of bourgeois values can shape the liberal world order The Global Bourgeoisie irrevocably changes the understanding of how an important social class came to be The Politics of Healing Robert D. Johnston, 2004 Maurice Ravel A Research and Information Guide is an annotated bibliography concerning both the nature of primary sources related to the composer and the scope and significance of the secondary sources which deal with him his compositions and his influence as a composer and theorist

This book delves into Radical Middle Class Populist Democracy. Radical Middle Class Populist Democracy is an essential topic that needs to be grasped by everyone, ranging from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into Radical Middle Class Populist Democracy, encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:
 - Chapter 1: Introduction to Radical Middle Class Populist Democracy
 - Chapter 2: Essential Elements of Radical Middle Class Populist Democracy
 - Chapter 3: Radical Middle Class Populist Democracy in Everyday Life
 - Chapter 4: Radical Middle Class Populist Democracy in Specific Contexts
 - Chapter 5: Conclusion
 2. In chapter 1, this book will provide an overview of Radical Middle Class Populist Democracy. The first chapter will explore what Radical Middle Class Populist Democracy is, why Radical Middle Class Populist Democracy is vital, and how to effectively learn about Radical Middle Class Populist Democracy.
 3. In chapter 2, the author will delve into the foundational concepts of Radical Middle Class Populist Democracy. This chapter will elucidate the essential principles that must be understood to grasp Radical Middle Class Populist Democracy in its entirety.
 4. In chapter 3, the author will examine the practical applications of Radical Middle Class Populist Democracy in daily life. The third chapter will showcase real-world examples of how Radical Middle Class Populist Democracy can be effectively utilized in everyday scenarios.
 5. In chapter 4, this book will scrutinize the relevance of Radical Middle Class Populist Democracy in specific contexts. The fourth chapter will explore how Radical Middle Class Populist Democracy is applied in specialized fields, such as education, business, and technology.
 6. In chapter 5, this book will draw a conclusion about Radical Middle Class Populist Democracy. This chapter will summarize the key points that have been discussed throughout the book.
- The book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Radical Middle Class Populist Democracy.
