Radical Right In Germany 1870 To The Present:

The Radical Right in Germany Lee McGowan, 2014-09-25 The Radical Right has represented a major element in German politics and society throughout the history of the united country i.e. since the 1870s though the understandable concentration on the Third Reich 1933-45 has tended to distort the wider picture This book explores the history of the radical right through the full span of Germany's life as a nation thus putting the Third Reich in its natural context and also emphasising that the attitudes and policies of the radical right did not begin with Hitler's pursuit of power in the 1920s or end with his death in the ruins of Berlin

The Extreme Right in Europe Paul Hainsworth, 2008-03-17 The Extreme Right in Western Europe is a concise introduction to one of the most persistent facets of late twentieth century history politics and society The legacy of the Nazi era and the increasingly unacceptable face of extremism all militated against the success of far right wing parties after World War Two Nevertheless contemporary problems and the solutions offered to ever more difficult questions such as immigration unemployment and law and order have enabled extremist nationalist and populist movements to emerge Focusing on a range of countries including France Italy Germany the UK Austria Belgium and the Mediterranean region Paul Hainsworth explores the concept of right wing extremism discusses the varying success of extreme right political parties in Western Europe examines the policies and perspectives of these parties analyses the profile of the extreme right's electorate assesses the impact of right wing extremism on aspects of politics in contemporary Western Europe This accessible and up to date analysis of this enduring movement in Western Europe is a must for courses in history politics and European studies

The German Right, 1860-1920 James N. Retallack, Professor of History and German Studies James Retallack, 2006-01-01 With unification as a nation state under Bismarck in 1871 Germany experienced the advent of mass politics The dynamic political culture that emerged challenged the adaptability of the interlocking directorate of the Right This work examines how the authoritarian imagination inspired the Right and how political pragmatism constrained it

Contemporary Germany and the Fourth Wave of Far-Right Politics Manès Weisskircher, 2023-09-28 This volume provides a state of the art analysis on the fourth wave of far right politics in Germany by leading scholars in the field Innovatively the book focuses not only on the role of the electoral breakthrough of AfD the Federal Republic's first ever nationally established far right party but also on the many crucial instances of non party activism such as the New Right intellectual circles PEGIDA street protest and political violence For a long time Germany was regarded as an exceptional case because of the lack of an established far right party on the national level Times have changed but Germany still remains unique The book highlights four features that continue to make the case exceptional within Western Europe I The strong diversity of vibrant far right political players in Germany and their many interconnections II the electoral success of AfD i.e. the delayed electoral breakthrough of a far right party on the national level III the importance of militant democracy specifically how established players have responded to AfD and IV the relevance of the east west divide for understanding far right politics in Germany

Contributions on these topics highlight the broader theoretical relevance of the analysis of the German far right connecting to many research questions that have occupied scholars also in other contexts The book is essential reading for all those with an interest in the far right German and European politics as well as in the interconnections between political parties social movements and subcultural milieus *Right-Wing Extremism in Contemporary Germany* G. Braunthal,2009-11-04 This study of the German right extremist movement looks at the three rightist political parties neo Nazi groups skinhead gangs and New Right intellectuals It poses the question whether at a time of global recession the existing democratic system is resilient enough to meet the challenges posed by the xenophobic and racist groups **The Populist Radical Right** Cas Mudde,2016-10-04 The populist radical right is one of the most studied political phenomena in the social sciences counting hundreds of books and thousands of articles This is the first reader to bring together the most seminal articles and book chapters on the contemporary populist radical right in western democracies It has a broad regional and topical focus and includes work that has made an original theoretical contribution to the field which make them less time specific The reader is organized in six thematic sections 1 ideology and issues 2 parties organizations and subcultures 3 leaders members and voters 4 causes 5 consequences and 6 responses Each section features a short introduction by the editor which introduces and ties together the selected pieces and provides discussion questions and suggestions for further readings The reader is ended with a conclusion in which the editor reflects on the future of the populist radical right in light of more recent political developments most notably the Greek economic crisis and the refugee crisis and suggest avenues for future research The German Right in the Weimar Republic Larry Eugene Jones,2014-07-01 Significant recent research on the German Right between 1918 and 1933 calls into question received narratives of Weimar political history The German Right in the Weimar Republic examines the role that the German Right played in the destabilization and overthrow of the Weimar Republic with particular emphasis on the political and organizational history of Rightist groups as well as on the many permutations of right wing ideology during the period In particular antisemitism and the so called Jewish Question played a prominent role in the self definition and politics of the right wing groups and ideologies explored by the contributors to this volume *Imperial Germany 1871-1918* James Retallack,2008-04-10 An international team of twelve expert contributors provides both an introduction to and an interpretation of the key themes in German history from the foundation of the Reich in 1871 to the end of the First World War in 1918 **A Dictionary of the European Union** David Phinnemore, Lee McGowan,2013-06-26 This unique collection of data includes concise definitions and explanations on all aspects of the European Union It explains the terminology surrounding the EU and outlines the roles and significance of the institutions member countries programmes and policies treaties and personalities It contains over 1 000 clear and succinct definitions spelling out acronyms and abbreviations arranged alphabetically and fully cross referenced Among the 1 000 entries you can find explanations and background details on accession negotiations atmospheric pollution Central European Free Trade Area common agricultural

policy company law statute competition policy the euro Governance White Paper human rights MERCATOR Middle East

Paul Hodkinson, Wolfgang Deicke, 2007-06-07 Featuring both well known and emerging scholars from the UK the USA and
mainland Europe this fascinating new volume addresses core theoretical and methodological developments before going on
to examine key substantive themes in the study of young people s identities and lifestyles

Whispering the Techniques of Language: An Psychological Quest through **Radical Right In Germany 1870 To The Present**

In a digitally-driven earth where monitors reign great and instant communication drowns out the subtleties of language, the profound strategies and mental nuances concealed within words often move unheard. However, situated within the pages of **Radical Right In Germany 1870 To The Present** a interesting literary treasure blinking with organic thoughts, lies an exceptional journey waiting to be undertaken. Penned by a skilled wordsmith, this wonderful opus attracts visitors on an introspective journey, softly unraveling the veiled truths and profound affect resonating within the very fabric of each and every word. Within the psychological depths with this touching evaluation, we will embark upon a honest exploration of the book is primary themes, dissect their charming writing model, and succumb to the powerful resonance it evokes deep within the recesses of readers hearts.
