Lausanne Al Tizon, 2008 Lausanne 74 inspired evangelicals around the world to take seriously the full implications of the Gospel for mission This was especially true of a worldwide network of radical evangelical mission theologians and practitioners whose post Lausanne reflections found harbour in the notion of Mission as Transformation This missiology integrated evangelism and social concern like no other and it lifted up theological voices coming from the Two Thirds World to places of prominence This book documents the definitive gatherings theological tensions and social forces within and without evangelicalism that led up to Mission as Transformation And it does so through a global local grid that points the way toward greater holistic mission in the 21st century **BOOK JACKET** **How to Be Evangelical without Being Conservative**

Roger E. Olson, 2009-05-26 Many people equate evangelical Christianity with conservatism in religion politics theology and social attitudes Some are scandalized by any separation between them As one evangelical pastor's wife declared to a church group We are a conservative people In fact however evangelicals have not always been conservative radical stances on doctrines worship social norms politics and church leadership have often marked evangelicalism in the past The 2007 movie Amazing Grace about William Wilberforce's protracted battle against the slave trade featured a small group of British evangelicals committed to abolition The same radicalism characterized much of American evangelicalism in the years before the Civil War In recent years the American media have portrayed the evangelical movement as a conservative force in society sometimes equating it with fundamentalism and puritanism The missing piece of the story is however that both fundamentalism and puritanism contained radical elements that opposed the status quo This book sets forth evidence that the link between evangelicalism and conservatism has not always been as strong as it is today in the popular mind and it will provide suggestions for contemporary evangelicals who want to remain evangelical and not become post evangelical without identifying with conservatism in every way **Evangelicals and the End of Christendom** Hugh Chilton, 2019-12-09

Exploring the response of evangelicals to the collapse of Greater Christian Britain in Australia in the long 1960s this book provides a new religious perspective to the end of empire and a fresh national perspective to the end of Christendom In the turbulent 1960s two foundations of the Western world rapidly and unexpectedly collapsed Christendom marked by the dominance of discursive Christianity in public culture and Greater Britain the powerful sentimental and strategic union of Britain and its settler societies disappeared from the collective mental map with startling speed To illuminate these contemporaneous global shifts this book takes as a case study the response of Australian evangelical Christian leaders to the cultural and religious crises encountered between 1959 and 1979 Far from being a narrow national study this book places its case studies in the context of the latest North American and European scholarship on secularisation imperialism and evangelicalism Drawing on a wide range of archival sources it examines critical figures such as Billy Graham Fred Nile and Hans Mol as well as issues of empire counter cultural movements and racial and national identity This study will be of particular interest to any scholar of Evangelicalism in the twentieth century It will also be a useful resource for academics looking into the wider impacts of the decline of Christianity and the British Empire in Western civilisation Aspects of the Canadian Evangelical Experience George A. Rawlyk,1997 Aspects of the Canadian Evangelical Experience explores Canadian evangelicalism in the nineteenth and twentieth centuries placing it within historical cultural and theological frameworks from publisher description **Evangelical Dictionary of Theology** Walter A. Elwell,2001-05 This thoroughly updated edition of a standard reference tool covers systematic historical and philosophical theology as well as theological ethics

Rediscovering an Evangelical Heritage Donald W. Dayton,2014-11-25 This book widely regarded as groundbreaking since its publication over thirty five years ago sheds light on the more radical and prophetic roots of American evangelicalism and has challenged countless readers to rethink their evangelical heritage It argues that nineteenth century American evangelicals held a more mature vision of the faith for they engaged demanding justice peace and social issues a vision that was betrayed and distorted by twentieth century neo evangelicals The book helps readers understand that the broader origins of American evangelicalism include the social justice concerns of today s church Featuring new historic photos and illustrations this edition includes new introductory and concluding chapters and incorporates relevant updates The previous edition was published as *Discovering an Evangelical Heritage* **The Other Evangelicals** Isaac B. Sharp,2023-04-18 What is the first thing that comes to mind when you hear evangelical For many the answer is white patriarchal conservative or fundamentalist but as Isaac B Sharp reveals the big tent of evangelicalism has historically been much bigger than we ve been led to believe In *The Other Evangelicals* Sharp brings to light the stories of those twentieth century evangelicals who didn t fit the mold including Black feminist progressive and gay Christians Though the binary of fundamentalist evangelicals and modernist mainline Protestants is taken for granted today Sharp demonstrates that fundamentalists and modernists battled over the title of evangelical in post World War II America In fact many ideologies characteristic of evangelicalism today such

as biblical womanhood and political conservatism arose only in reaction to the popularity of evangelical feminism and progressivism. Eventually history was written by the winners the Billy Grahams of American religion while the losers were expelled from the movement via the establishment of institutions such as the National Association of Evangelicals. Carefully researched and deftly written *The Other Evangelicals* offers a breath of fresh air for scholars seeking a more inclusive history of religion in America. Latin American Theology: Radical Or Evangelical? C. Peter Wagner, 1970. This book is the first attempt to describe in broad terms what is occurring in theological circles in the Latin American Protestant Church. It begins with an analysis of the most vocal segment of the church labeled the new radical left. A general description of the position is followed by specific analyses of theological stresses found in the writings of such representatives as Gonzalo Castillo, Jose Miguez, Rubem Alvez, Jorge Lara, Emilio Castro, Richard Shaull, and others, pointing out how the theology of these men has to one degree or another become secularized. Their theology is then criticized from the point of view of the church growth position popularized by Dr. Donald McGavran, which the author holds. One of the principal theses of the book is an attempt to show that radical theology as enunciated by this segment of Latin American theologians reduces to a type of syncretism and thus becomes not Biblical Christianity but rather another gospel. Finally, the theology of the relationship of the church to the world on the part of several evangelicals such as Fernando Vangioni, Washington Padilla, Jose Maria Rico, and others is described, although it is not a fully developed theology. Evangelicals in Latin America have been busier putting a soul winning theology into practice rather than attempting to articulate it. As a result, they are strong on numbers of church members but not on theologizing. The author's own position as to the rationale for an evangelical social ministry is outlined in the final chapter. He believes that whereas the evangelical's primary responsibility in the world is to reconcile multitudes to Jesus Christ, the church also has a secondary responsibility to serve society in general, not necessarily as a means to an evangelistic end but in fact as an end in itself.
