Radical Spenser Richard Chamberlain, 2005 This book provides a radical reading of Edmund Spenser and argues for a reorientation in Renaissance criticism It begins by critiquing the new historicist hegemony in Spenser studies and through a series of detailed readings proposes alternative strategies for interpreting the texts of this pivotal Renaissance author which include a politicised new aestheticism eco criticism and pastoral theory Unlike most non new historicist studies *Radical Spenser* argues that Spenser's texts demand a reading at once political and sensitive to aesthetic surprise Following a polemical Introduction which establishes Spenser's centrality to key problems in contemporary Renaissance studies Richard Chamberlain shows that William Empson's ideas about pastoral are vital for an understanding of Spenser and early modern literature The following chapters discuss Spenser's use in *The Shepheardes Calender* of a distinctively pastoral logic to problematise the relationship between literature and criticism the ways in which this method informs *The Faerie Queene* the approach in the central books of the epic to textual and state authority and the final book's exploration of political experience Finally by demonstrating the complexity of the critically neglected prose treatise *A View of the State of Ireland* the book offers an eco critical perspective on Spenser's place in the natural and cultural environments of sixteenth century Ireland

Ecocriticism and Early Modern English Literature Todd A. Borlik,2011-05-11 In this timely new study Borlik reveals the surprisingly rich potential for the emergent green criticism to yield fresh insights into early modern English literature Deftly avoiding the anachronistic casting of sixteenth and seventeenth century authors as modern environmentalists he argues that environmental issues such as nature s personhood deforestation energy use air quality climate change and animal sentience are formative concerns in many early modern texts The readings infuse a new urgency in familiar works by Shakespeare Sidney Spenser Marlowe Raleigh Jonson Donne and Milton At the same time the book forecasts how ecocriticism will bolster the reputation of less canonical authors like Drayton Wroth Bruno Gascoigne and Cavendish Its chapters trace provocative affinities between topics such as Pythagorean ecology and the Gaia hypothesis Ovidian tropes and green phenomenology the disenchantment of Nature and the Little Ice Age and early modern pastoral poetry and modern environmental ethics It also examines the ecological onus of Renaissance poetics while showcasing how the Elizabethans sense of a sophisticated interplay between nature and art can provide a precedent for ecocriticism s current understanding of the relationship between nature and culture as mutually constructive Situating plays and poems alongside an eclectic array of secondary sources including herbals forestry laws husbandry manuals

almanacs and philosophical treatises on politics and ethics Borlik demonstrates that Elizabethan and Jacobean authors were very much aware of and concerned about the impact of human beings on their natural surroundings **Anticipatory**

Environmental (Hi)Stories from Antiquity to the Anthropocene Christopher Schliephake,Evi Zemanek,2023-02-06

Anticipatory Environmental Hi Stories from Antiquity to the Anthropocene studies the interplay of environmental perception and the way societies throughout history have imagined the future state of nature and the environments in which coming generations would live What sorts of knowledge were and are involved in outlining future environments What kinds of texts and narrative strategies were and are developed and modified over time How did and do scenarios and narratives of the past shape hi stories of the future This book answers these questions from a diachronic as well as a cross cultural perspective By looking at a diverse range of historical evidence that transcends stereotypical utopian and dystopian visions and allows for nuanced insights beyond the dichotomous reservoir of pastoral motifs and apocalyptic narratives the contributors illustrate the multifaceted character of environmental anticipation across the ages **Katherine Mansfield's French Lives**

,2016-02-02 Katherine Mansfield s French Lives explores how both the literary cultural editorial and biographical influence of French arts and philosophy and life as an migr in France shaped Mansfield s evolution as a key modernist writer while setting her within the geographies and cultural dynamics of Anglo French modernism Mansfield s many stays in France were decisive in intellectual personal and psychological terms discovering Murry s Paris and the Left Bank escaping to the War Zone to join Francis Carco living as a civilian in wartime during the bombardments of Paris travelling and finding lodgings as a single woman in war ravaged towns the experience of bereavement and debilitating ill health abroad and the joys and pitfalls for an outsider of a foreign land and idiom **Queenship and Counsel in Early Modern Europe** Helen

Matheson-Pollock,Joanne Paul,Catherine Fletcher,2018-07-16 The discourse of political counsel in early modern Europe depended on the participation of men as both counsellors and counselled Women were often thought too irrational or imprudent to give or receive political advice but they did in unprecedented numbers as this volume shows These essays trace the relationship between queenship and counsel through over three hundred years of history Case studies span Europe from Sweden and Poland Lithuania via the Habsburg territories to England and France and feature queens regnant consort and regent including Elizabeth I of England Catherine Jagiellon of Sweden Catherine de Medici and Anna of Denmark They draw on a variety of innovative sources to recover evidence of queenly counsel from treatises and letters to poetry masques and architecture For scholars of history politics and literature in early modern Europe this book enriches our understanding of royal women as political actors **The Spenser Review** ,2007
